ABES Institute of Technology **COLLEGE OF ENGINEERING**

ABES Institute of Technology (AKTU College Code 290) embarked on its mission in the field of Technical Education in the year 2007. With NBA accreditation of majority of its B. Tech. programs and alumni spread globally; it is name to reckon with in Engineering Education. Facilitated with Centres of Excellence in the domains of Big-Data – Datreon, IoT – Entuple & CDAC, Analog & Embedded System – Texas Instruments, Power Electronics & Drives – Entuple & CDAC, Industrial Automation Pneumatic Systems – Festo and many more, the students are responsive to real-world problems which is evident from their recognitions at National and International level apart from enabling them to become job fit and industry ready.

ABESIT College of Pharmacy **COLLEGE OF PHARMACY**

ABESIT College of Pharmacy (AKTU College Code 913) has inherited legacy of, ABESIT Group, a brand name in Engineering Education. With right expertise, technology, facilities and staff, we offer B.Pharm. program in Pharmacy with the aim to develop qualified healthcare professionals with a high degree of integrity and ethical standards. We at ABESIT College of Pharmacy, ensure that our students are well adept at the futuristic skills required to remain employable and job fit.

CORE Values

- Academic Excellence through integration of Teaching, Research & Services
- Valuing work force, Inculcating belongingness & Professional Integrity
- Decentralized process oriented working system
- Transparency & Freedom of thought
- Committed towards Perfection

ANTI RAGGING POLICY

Ragging in any form is not allowed & punishable act vide Hon'ble Supreme Court of India order dated 16/05/2007 record of proceeding section XI 073327. Defaulters will be dealt strictly as per Supreme Court order. If any incident of Ragging comes to the notice of the authority, the student concerned shall be given liberty to explain, and if his/her explanation is not found satisfactory, exemplary punishment shall be awarded leading to expulsion from the Institution.

Course Offered

Bachelor of Technology (B. Tech) 4 Years Program:

- Computer Science & Engineering
- Information Technology
- Electronics & Communication Engineering
- Computer Science & Engineering (Artificial Intelligence)
- Computer Science & Engineering (Data Science)
- Computer Science & Engineering (IoT)

New B. Tech Program proposed from Academic Session 2021-22

- Artificial Intelligence and Machine Learning
- Computer Science and Design

Vision

To be a leading institution in technical education providing education & training enabling human resource to serve nation & world at par with global standards in education.

Mission

- Developing state-of-art Infrastructure which also includes establishment of Centres of Excellence in pursuit of Academic & Technical Excellence.
- Valuing Workforce, Inculcating belongingness & Professional Integrity.
- To develop human resource to solve local, regional & global problems to make technology relevant to those who need it most.

Course Offered

- **Bachelor of Pharmacy (B. Pharm) 4Years Program**

Vision

To be a leading Institution in Pharmacy Education, Research & Training enabling human resource to serve nation and world at par with global standards.

Mission

- Developing state-of-art Infrastructure which also includes establishment of consortium with Pharmaceutical Industry, Institution of higher teaching and learning and also with society.
- Valuing work force, Inculcating belongingness and Professional Integrity.
- To develop human resource to solve local, regional & global problems to make Pharmacy Education relevant to those who need it most.

ACADEMIC BOARD

The Board is appellate body responsible for the supervision and development of all academic activities of the Institute including teaching, R&D, Innovation, Faculty Development and Industry Engagement. The Academic Board plays a pivotal role in formulating and reviewing policies, rules, guidelines and procedures in relation to academic matters, which ensures highest quality of teaching, learning and development in the Institution.

ABESIT
COLLEGE OF ENGINEERING

Student Speak

Muskan Jain
B.Tech CSE (2017-2021)
Company placed in TCS

I was not quite acquainted with the concept of TCS codevita initially, but AKTU was quite astute in disseminating the information about implications and job opportunities offered by its means and encouraging maximum participation. College placement cell was quite helpful and TCS recruitment cell was very professional and helpful too.

ABESIT
COLLEGE OF ENGINEERING

Student Speak

I'm glad to share that I've got selected in TCS through Codevita 9 (Programming contest based on Data Structures & Algorithms), which is an initiative of Tata Consultancy Services. I'm very thankful to the Head of Department (CSE), Faculty members of ABESIT, who helped me a lot to improve my problem-solving skills for the programming contest and the interview round. The college aims at enhancing our knowledge, skills and abilities. At last, thanks to the college and Training & Placement Department for their continuous efforts in getting me placed in TCS.

B.Tech CSE (2017-2021)
Company placed in CodeZero2pi

Being a part of ABESIT, at every stage, I found its faculties and Management dedicated for their student's welfare. Here, Engineering was never a subject to learn, rather a course of experiment & knowledge. Now, when I have been placed, a simple Thanks would not be enough. The entire department, be it CRC, CSE or HoD's everyone worked in coed for my career startup. My placement is definitely the hard work & Joy of my life, but equally it withstands with CRC. A heartfelt thanks to the entire ABESIT management I came across right from admission to my placement.

STUDENT SPEAK

JAYA OJHA
B.TECH CSE (2017-2021)
Company placed in Emicon Advisory Services LLP

I would like to thank my college and my department(CSE) for being so helpful supportive and friendly throughout my placement

They have been so generous in sharing their expertise and past experiences. I really had a fantastic time and learnt so much along the way. I really appreciate their support and networking contacts and I believe that their assistance and guidance had helped me to get placed in Emicon Advisory Services LLP. I have faith that things that I have learnt will be valuable for my future placements and career also.

ABESIT
COLLEGE OF ENGINEERING

Student Speak

I would like to appreciate the warm reception accorded to me and also the facilities provided to us. Our placement officer Sandeep sir, was most helpful in coordinating and facilitating the smooth flow of candidates during the selection and interview process. At last, I am very thankful to the entire ABESIT management team for the opportunity provided to us for our growth in the industry.

B.Tech. ECE (2016 - 2020)
Company Placed:- Accenture

"Student Speak"

For a student studying anywhere, the main motive is to get the result of the hard work and dedication put to enrich the self. Luckily, I had the best guidance and support from my HOD, Department and CRC who have always been very understanding and supportive, definitely more than any other institution could have given me.

I'm thankful to all the respective departments (HOD(ECE), CRC, Various higher authorities, etc.) for their constant support and efforts. I'm very proud of our ABESIT community.

ABESIT
COLLEGE OF ENGINEERING

Name:- Nikhil Jha
B.Tech. CSE (2015 - 2019)
Company Placed:- Wipro & Cognizant

"Student Speak"

Getting placed in a major software service provider company like Wipro & Cognizant has always been my goal to begin with and ABESIT has provided the opportunity for the same. I take pride of being a student of ABESIT. It has helped me develop a positive attitude towards my studies and discover more about myself. The faculty and teaching pattern here in ABESIT is just excellent. The endeavor and enthusiasm of CRC Department is very appreciable. CRC Department took good measures to ensure that students get ample opportunity to get suitably placed in the good companies.

"Student Speak"

"You never know what you can do... till you try!"

I, Pooja Sharma, Student of Computer Science and Engineering, feel proud to be placed in Nucleus Software. I am extremely grateful to have been taught by such supportive teachers at ABESIT. I want to thank CRC Head and Entire Team for providing me such an opportunity. I want to thank my Mentors during the Internship for transforming my life. Special thanks to my family, friends and seniors for their unwavering motivation and guidance at every step of my life. I would also like to express my gratitude towards our CSE Department Head and Faculties for inspiring me always. It's a privilege for me that I got placed through my college and now I have the golden opportunity to build my future.

ABESIT
COLLEGE OF ENGINEERING

"Alumni Speak"

It gives me immense pleasure to say that I'm a part of ABESIT. I am feeling proud to have campus placement in VIVO. It was only possible due to the efforts made by CRC Department, which acts as an interface between the students and the various organization's. Their unconditional support and cooperation has made me what I am today. I would also like to thank my parents and all friends for their constant support. It was a dream come true. ABESIT not only gave me a remarkable placement but also enriched my personality. Thank you for nurturing me as your own child. **THANK YOU ABESIT.**

"Focus on improving yourself, rather than proving yourself"
I, Prateek Kapoor student of Computer Science Engineering feels proud to share that I have been placed in Smalt and Beryl Pvt. Ltd. At the outset I would like to thank entire team of CRC, Faculty Members, Friends and Family who stood by me to make this possible.
A major contribution towards my success goes to Margdarshak which not only helped me develop work-ready competencies but also made me aware of the bigger picture of the Industry that helped me develop some of the crucial differentiating skills required in the industry. In the end I just want to say: "Do whatever it takes and let success be incidental"

"Student Speak"
"When one door closes, another opens but we often look so long and so regretfully upon the closed door that we do not see the one which has opened for us". The path to success is to take massive determined action. Always seek what you want to do in your life, it's up to you what you want to perceive it as because all of us do not have equal talent but all of us have an equal opportunity to develop our talents. I, Paras Agarwal, student of Computer Science and Engineering, feel very proud to announce that I am placed in Nucleus Software and take this as an occasion to thank ABES Institute of Technology Family and Friends who helped me throughout to grab this opportunity. I would like to express my gratitude to CRC Department for their constant support in the entire process of placement. It was an accomplishing experience to get placed during the initial phase of the placement session.
So, I would like to conclude with the following lines "At first they will ask why you are doing it. Later they'll ask how you did it".

"Student Speak"

It is often that we do remember our college days; enjoy it, because it is just those stirring and exquisite moments of College Life. I dedicate this post to ABESIT, my Alma mater.
So, to pen down in brief, appreciating the institution's hand in my growth by providing the very basic need of Life & Education. It wasn't just the bookish knowledge, but also incorporated with and wisdom for Life. The Institution has given me the best gift of my Life for which I lack with words to Thank.
Human heart likes a little disorder in its geometry and so the mentors never forced me to be ideal. There were lots of highs and lows but I was always told never to be driven by them. I didn't change, I just grew up, and I was myself.
I take this as an opportunity, to thank all the Teachers, Friends and Non-Teaching Staff who were an integral part in this bright phase of my Life. And I am most thankful to my Family, whose patience and struggle provided me a chance to be a part of ABESIT Family.

Alumni Speak

I would like to thank ABESIT college for my Placement. I would also like to thank CRC for bringing such a great opportunity to prove myself. I have done so much of hard work to get this opportunity in my hand and for this, My Department Teachers, My Family helped me and played a supporting role in my Career. My college gave me opportunities that I thought I didn't even deserve but that was something I was craving for so long and that brought me where I am now. At last I would like to say that "Believe in yourself and learn from your failures".

ABESIT, the name itself is a brand and I feel proud to be associated with it. The Institution has nurtured us with care as Almighty does. Faculty support was tremendous with strong intent to mould us to perfection. The 4 years spent in the college was the best time we had in our life and every moment spent is precious. The knowledge and transformation we had with this college is the reason we find ourselves successful today.

COLLEGE OF ENGINEERING

Alumni Speak

First of all, I am Thankful to the Faculty Members, Seniors, Colleagues and especially our entire CRC Team, who helped me a lot in process of learning and believing in me.

For the term of my bachelors in Computer Science and Engineering, I started organizing various technical events for our Annual Fest and began working on my skill sets from second year. In third year, my inclination towards computer science got me an opportunity to become the Google Student Ambassador of my college in which I acted as a liaison between our Institute and Company Google. My work as a CSA reflected on various social as well as technical events which created impact. Technical knowledge that I gained in college got me to develop various websites which included a commercial website for "Lady Hardinge Medical College Annual Fest - Splash", "WebFair-2015" and many more. I also represented our college at "Inter Colligate Scrabble tournament" held at I Gate and secured 3rd position. Right now in my senior year, I am working on my major project as part of our curriculum. Overall my journey at ABESIT has been great. I had whole new experiences and learned a lot as it gave me a perfect platform to discover my interests, learn and grow.
