WELCOME TO CITY OF DESTINY

"Rightly called 'The City of Destiny', Visakhapatnam, or Vizag in short, lies at a rare geographic location of the mountains meeting the sea. Naturally, with numerous scenic beaches and the Eastern Ghats, it is a tourist city. It is a city blessed by nature not only aesthetically, but commercially since it is the only city in the East Coast with a natural harbour. A city of immense importance in history, this served as one of the major Buddhist centres in ancient India. Vizag can be aptly described as the cleanest, most beautiful urban centre of commerce India can be proud of.

DSNLU sits just Northwest of the City of Destiny in the picturesque Sabbavaram area surrounded by hills on all sides - an ideal place for education and peace of mind. To understand and feel the depth of beauty of Visakhapatnam, this city is a must visit!"

An aerial photograph of a coastal city, likely Visakhapatnam, India. The image shows a winding road along a green, hilly coastline. The city is built on a flat area near the beach, with several buildings visible. The ocean is a deep blue-green color, with white waves breaking onto a sandy beach. In the background, there are large, rugged mountains. The sky is clear and blue.
