VICE - CHANCELLOR'S MESSAGE

Welcome to Devi Ahilya Vishwavidyalaya (DAVV), Indore (M.P.) for admission to programmes of Postgraduate, Graduate, Diploma and Certificate in various subjects. The University was established in the year 1964 by the Government of Madhya Pradesh as a State Government University. The University is accredited with A⁺ grade by NAAC. With a glorious history of more than fifty years, the University provides an avenue for unleashing your potential to realize your dreams.

The last two decades have seen substantial changes in higher education scenario in India. There seems to be an academic revolution in higher education marked by a paradigm shift in scope and opportunity. Indian education system, considered as one of the largest of its kind in the world, faces enormous challenges in the new millennium. Devi Ahilya University, has geared up itself to meet these challenges of higher education and become an institution that takes a leadership role in promoting new ideas, the spirit of integration of the global scenario, and cultivation of intellect and culture among its stakeholders.

The university beholds the vision of creating, advancing and disseminating knowledge with collective wisdom, through value based holistic education. To achieve this vision, we are striving to excel in both quantitative as well as qualitative aspects of higher education. On one hand the university has been introducing new professional programmes to meet the industry requirement of skilled professionals, while on the other university has also been preserving traditional programs which are essential for knowledge enhancement. Providing inclusive education at affordable cost to all the segments of society is an essential role that this university has been playing successfully.

The University is also sensitive to the needs of local community. It caters to educational needs of wide variety of population ranging from well-developed tier II city, Indore to the underdeveloped tribal and rural backward districts. University carefully strikes a balance in terms of programs offered and resources for these extreme cross-sections of society. All the programmes offered by the university follow the Choice Based Credit System (CBCS) with outcome-based approach. Covid19 pandemic has initiated paradigm shift in teaching-learning process in which emphasis on online/digital education is greatly envisaged. Fortunately, our University is well equipped with latest facilities for creation of online teaching material and our IT infrastructure is modern enough to disseminate it.

I welcome all the students who chose to be part of this premier institution of learning. I hope that you will feel proud on being associated with us and make us equally proud with your academic excellence and accomplishments. I wish you a bright future.
