

DR. D. Y. PATIL INSTITUTE OF ENGINEERING, MANAGEMENT & RESEARCH,
AKURDI – HOSTEL DETAILS

The cause of homelessness is lack of housing and dining facilities.

At DYP we make sure that no one feels away from home whether its hostel, canteen or elsewhere in campus as it leads to distraction and low performance of student. In addition to the housing and dining spectacular amenities are enrolled by our esteemed institution like; vibrant hostel rooms, sports arenas, amphitheatre, dedicated workshops and emergency medical assistance. The food cooked at the canteen has a zest of all kinds which suits students coming from distinct locations.

There are separate hostels for boys and girls with 24*7 security and respective rectors. The buildings are close to each other on a walking distance within the campus and are named after legendary people; for example Sarojini Naidu and Kalpana Chawla for girl's hostel. This is also a part of motivation for students as they feel unique when they step into the hostel rooms. The hostels have a common room also called as T.V room enabled with a Television and sitting arrangements as a part of entertainment and even enjoyment during cricket matches or other events. The hostels have secured Wi-Fi facility for students and staff to browse and research for their assignments.
