## **VICE-CHANCELLOR'S MESSAGE**

The first University of its kind in the nation was established in 2008 by the Government of Uttar Pradesh with the noble objective of imparting inclusive education. The University aims at bringing the differently abled students in the mainstream by developing their talents and potential to achieve academic excellence in the barrier free environment with the humanitarian and holistic approach. The sublime concept of inclusive education not only builds the confidence level of the differently abled students but also teaches the other students to be sensitive and empathetic. The first academic session in the University started in 2009 with Special Education as the lone department and today, the University is running various courses under seven faculties with twenty nine departments. The University offers fifty percent reservation to the differently abled students (Divyangjan) to give them an opportunity to fulfil their dreams, earn a good living and contribute in nation building. The University has been conferred with the National Award for its outstanding contribution in the area of providing barrier free environment from the then President of India, Shri Pranab Mukherjee in 2014.

The University has achieved several milestones in a short span of time. An important achievement of the University is the establishment of the Artificial Limb and Rehabilitation Centre which manufactures artificial limbs and provides it to the divyangjan without charging anything. The University has initiated modular teaching pedagogies to cater the special requirements of differently abled students by providing facilities of sign language interpretation for hearing impaired students, braille library with audio books for students with visual impairment along with other facilities. Keeping in view the special requirements of the hearing impaired students, the University is going to start its new College for the Deaf from the coming session, which would be the only college for the deaf in the Northern India. The University is also going to establish an international badminton hall and a mini stadium for facilitating the sports activities for divyang and other students. Further, to facilitate the students, the University has Wi-Fi equipped campus; technology friendly smart classrooms;

multimedia educational approach; well-equipped computer lab along with JAWS (Job Access with Speech) and other relevant softwares to provide a world class education.

An educational institution is recognised by the quality of students, teachers and the innovative research work. We ensure to impart the quality and value based education to our students based on internationally accepted parameters. We aim at arousing the social consciousness among students and to provide them with opportunities where they can use their knowledge and skills in nation building and social welfare. We are consistently endeavouring to expand University-Industry Interface and upgrade our in-house capabilities to efficiently conduct professional courses that are desirable in the present global scenario of emerging trends of employment. We are committed to empower and make a difference in the lives of the students specially divyangjan by creating a conducive environment in the campus and preparing them to face challenges. The integration of students into global and socio-economic mainstream is the prime priority of the University.

We are extremely grateful to every individual and organisation for providing their assistance and guidance in the successful establishment and progress of this University, well known for its inclusive education. We urge and seek cooperation from everyone with the noble intention of making this educational institution attain new heights of teaching, learning and research activities. I acknowledge and appreciate the sincere efforts and cooperation of our students, faculty members, administration, supporting staff and others who have invested their best in the growth and development of this institution. I wish that the University continues its progress and touches the highest altitude of knowledge and learning producing eminent scholars and skilled experts in their respective fields.

Best Wishes.

**Prof. Rana Krishna Pal Singh**

## **REGISTRAR'S MESSAGE**

Dr. Shakuntala Misra National University was established at Lucknow by the Government of Uttar Pradesh in the year 2008 with the objective of providing inclusive education. Education is the right of every individual and an educational institution must endeavour to provide it to all including the differently abled students. Disability does not mean incapability; it is indeed the divine diversity that enriches the humankind. We need to bring about a paradigm shift in the attitude towards people who are differently abled (divyang) and make them realise that they are the indispensable part of the society. The University aims at imparting inclusive education, where the divyang students along with other students, get an opportunity to study and enhance their knowledge and learning skills by sharing the common platform. The University has specially designed the curriculum as per the international standard to cater the specific requirements of the students. The University reserves 50% seats for divyang students in all courses. We have created a barrier free environment in the campus keeping in view the special requirements of the divyang students. We have sincerely endeavoured to develop the minds and inculcate the moral values and ethics in the students so that they can be responsible citizens and contribute towards the nation building and social welfare in their own way. We have tried to incorporate all modern technological facilities in the campus to provide best opportunities to the students in developing their potential to achieve academic excellence. The university offers various job oriented and professional courses to train the students and make them competent to face the challenges in the global world.

We, as the team of DSMNRU, are committed to bring our divyang and non-divyang students into the mainstream of global and socio economic world. It is our privilege to be a part of this institution where we can contribute by giving our best towards the development and progress of the University and taking it to new heights of excellence to be at par with the best institutions of the world. I heartily welcome the students from different parts of the country to join the University and fulfil their dream of facing the challenges of life in a successful way and lead a dignified life.

Best Wishes.

## ABOUT THE UNIVERSITY

Dr. Shakuntala Misra National Rehabilitation University, Lucknow is a University of

special stature not only nationally but also internationally. The University was established by Government of Uttar Pradesh in 2008 vide UPVU Dr. Shakuntala Misra University Act, 2008 (Act No. 1 of 2009) under the Department of Empowerment of

Persons with Disabilities, Government of Uttar Pradesh with a noble vision of imparting inclusive higher education in order to integrate differently abled students in the mainstream.

The University is committed to set new standards in higher education and is consistently striving to promote social development by offering universal access to quality education. Being the first of its kind in India, the University provides opportunity of learning to the students with special needs in a seamless and

sensitive academic environment and offers accessible and world class higher education to all with an inclusive approach. In this unique University, fifty per-cent (50%) seats in various programs are reserved for the persons with disability (Divyangjan). Further, a special provision of reservation for the students of visual impairment category is available by reserving 25% of total seats for them. In a short span of time, the University earned recognition from the University Grants Commission under Section 12 (B) of UGC Act, affiliation of its courses from various affiliating bodies such as Bar Council of India, Rehabilitation Council of India, Medical

Council of India, All India Council for Technical Education and Association of Indian Universities among others.

This University is an innovation-driven institution that proactively brings together academia and industry with a sense of social responsibility. The potential worth of this collaboration opens huge possibilities for transforming ideas into action. Dr. Shakuntala Misra

National Rehabilitation University is currently offering various courses under seven faculties and twenty nine departments with courses ranging across Arts, Humanities, Commerce, Management, Law, Special Education, Science & Technology etc. The University has initiated modular teaching pedagogies to cater the special requirements of differently abled students by offering facilities of sign language interpretation for deaf, braille library for students with visual impairment etc. All courses running under affiliation of affiliating bodies are being administered with international teaching and research standards to provide quality education to the students enrolled in the University.

The barrier-free University campus is spread over 131 acres of land in Lucknow, the state capital of Uttar Pradesh. The University have Wi-Fi equipped campuses; technology friendly smart classrooms; multimedia educational approach; well-equipped computer lab along with JAWS (Job Access with Speech) and other relevant softwares. The green eco-friendly campuses combine to offer Students, a world-class educational experience for all-round development. The Library in the University provides the students a rich collection of international and national books, journals, reports and reading material on a wide range of subjects with special facility, braille library for students with visual impairment. The University has also received National Award for its outstanding contribution in the area of providing barrier-free environment from Honourable, Shri Pranab Mukherjee, the President of India in 2014.

The allied facilities of the University include, Bank, Post Office, Electricity Sub-Station, Students Hostel (Boys' & Girls'), Guest House, Staff Quarters, Computer Centre, Placement Cell which make it a self-sufficient academic microcosm.

The University encourages inter-disciplinary and multi-disciplinary approach for holistic academic development of faculty and students alike. The dedicated and distinguished faculty with wide exposure in their respective disciplines make for lively transaction of knowledge and vibrant class room atmosphere. The curricula of various courses in the University are designed to meet the best

international standards. The uniqueness of the University lies in imparting quality education based on international parameters and the paradigm of inclusive empowerment of divyangjan. The University firmly believes that knowledge and comprehensiveness are glorious attributes of a civilized society. Hence, our endeavour is to educate and inculcate moral values in students for making them good individuals

and good citizens. The University also aims to arouse the social consciousness among students and to provide them with opportunities to utilise their education for social welfare. In keeping with its commitment, the University has adopted

twenty five individuals with leprosy and is constructively engaged in bringing them back in the mainstream. These efforts on the part of the University play a vital role in enhancing the personality and experience of the students.

The University provides education, hostel and free mess facilities to the divyang

students as per norms. The Centre for Indian Sign Language and Deaf Studies has been established with a view to cater the educational needs of the deaf students. A special feature of this centre is two years Pre-Degree-Certificate Course (PDCD) for the deaf students, equivalent to the Intermediate under 10+2 pattern,

duly recognized by the Board of High School and Intermediate Education, Uttar Pradesh. Another important endeavour of the University is the establishment of the Artificial Limb and Rehabilitation Centre which manufactures artificial limbs and provides the same to the divyangjan with no cost at all. Significantly, the University runs allied health science courses such as, four years' Bachelor of Audiology and Speech Language Pathology (BASLP) and four and a half years' Bachelor of Prosthetics and Orthotics (BPO). The University has signed an MoU with UPICO for training and placement. The University has established various cells, viz, the Career Guidance and Counselling Cell, Sports and Yoga Cell, University Industry Linkage Cell and a Cultural Cell. These cells have been established with a purpose of developing and moulding the overall personality of the students. The University is also going to start its new College for the Deaf from this session, which is the only college for the Deaf in Northern India. Also, the university is establishing its new international badminton hall with TURF facility and a mini stadium for facilitating the sports activities for Divyang and other students. There is an ongoing

endeavour to expand University-Industry Interface and upgrade in-house capabilities to conduct professional and job oriented courses which are compatible with the emerging trends of economy and employment. The integration of students into global socio-economic mainstream is at the top of the University agenda.

Many students of this University have got placements in various government/ non-government/ public/ private sector undertakings of national and international repute like Indian Statistical Services, Provincial Civil Services, Allied Services, SBI, HDFC Bank, ICICI Bank, Axis Bank, PNB, SBI, Pantaloon, Future Group, Reliance Communications, Airtel, Vodafone etc. to name a few. The University is geared to prepare the students for a dignified and quality life through effective delivery of educational services, integrated and inclusive approach in imparting life skills to the students, institutional and human resource interventions, building proactive and meaningful academic partnerships to provide high quality, relevant and responsive learning environment for one and all.
