

TOTAL NUMBER OF SEATS AND THEIR DISTRIBUTION

A. B.Sc. MEDICAL LAB TECHNOLOGY COURSE (3 years Course)

1. Distribution of seats:

Category	No. of seats*
U.T. Chandigarh Pool (85% seats)	10
a. Scheduled caste (15% of 10= 1.5)*	02
b. In service employees of UT Health Department & Department of Medical Education and Research	01
c. General	07
General Pool (15% seats)	02
b. Scheduled Caste (02x15% = 0.3)*	00
a. General	02
Total	12

2. Essential qualification:

Candidates who possess one of the following qualifications shall be eligible to apply for admission in B.Sc. Medical Laboratory Technology degree course:

- A candidate who have passed in 10+2 examination or other equivalent qualifying examination **individually** in the subjects of Physics, Chemistry, Biology and English with aggregate of 45% marks for General category and 40% marks for Scheduled Castes (SC) candidates conducted by a recognized Board/Council/University.
- A person who has passed 10+2 vocational course (Medical Laboratory Technology) in their respective elective subjects & English with aggregate of 45% marks for General category and 40% marks for Scheduled Castes (SC) candidates conducted by a recognized Board/Council/University.
- A person who has passed 10+2 Vocational Course (**Medical Diagnostics**) in their respective elective subjects & English with aggregate of 45% marks for General Category and 40% marks for Scheduled Castes (SC) candidates conducted by a recognized Board/Council/University.
- A person holding qualification of 3 yrs. Diploma in MLT (equivalent to 10+2) & must have obtained aggregate of 45% marks for General category and 40% marks for Scheduled Castes (SC) candidates, from any recognized Board/Council/University, shall also be eligible.

B. B.Sc. MEDICAL TECHNOLOGY (X-RAY) COURSE (3 years Course)

1. Distribution of seats:

Category	No. of seats*
U.T. Chandigarh Pool (85% seats)	10
a. Scheduled caste (15% of 10= 1.5)*	02
b. In service employees of UT Health Department/ Department of Medical Education and Research	01
c. General	07
General Pool (Other states 15% seats)	02
a. Scheduled Caste (02x15% = 0.3)*	00
b. General	02
Total	12

2. Essential qualification:

Candidates who possess one of the following qualifications shall be eligible to apply for admission in B.Sc. Medical Technology (X-RAY) degree course:

- A candidate who have passed in 10+2 examination or other equivalent qualifying examination **individually** in the subjects of Physics, Chemistry, Biology and English with aggregate of 45% marks for General category and 40% marks for Scheduled Castes (SC) candidates conducted by a recognized Board/Council/University.
- A person who passed 10+2 vocational course (X-Ray Techniques) in all the vocational course subjects of Radiation Physics, Radiography-I General, Radiography-II Special, Biology & English with aggregate of 45% marks for General category and 40% marks for Scheduled Castes (SC) candidates conducted by a recognized Board/Council/University.
- A person holding qualification of Diploma in Radiography/X-ray Techniques must have obtained aggregate of 45% marks for General category and 40% marks for Scheduled Castes (SC) candidates from any recognized Board/Council/University shall also be eligible provided he/she joined diploma course after passing 10+2 examination with Science (physics, chemistry and biology) subjects.

C. B.Sc. MEDICAL TECHNOLOGY (Anaesthesia and Operation Theatre Techniques) COURSE (3 years Course)

1. Distribution of seats:

Category	No. of seats*
U.T. Chandigarh Pool (85% seats)	14
a. Scheduled caste (15% of 14= 2.1)*	02
b. In service employees of UT Health Department/Department of Medical Education and Research	02
c. General	10
General Pool (Other states 15% seats)	02
a. Scheduled Caste (02x15% = 0.3)*	00
b. General	02
Total	16

2. Essential qualification:

Candidates who possess one of the following qualifications shall be eligible to apply for admission in B.Sc. Medical Technology (Anaesthesia and Operation Theatre) degree course:

- A candidate who have passed in 10+2 examination or other equivalent qualifying examination **individually** in the subjects of Physics, Chemistry, Biology and English with aggregate of 45% marks for General category and 40% marks for Scheduled Castes (SC) candidates conducted by a recognized Board/Council/University.
- A person holding qualification of Diploma Anaesthesia & Operation Theatre Techniques (2 or 3 years) must have obtained aggregate of 45% marks for General category and 40% marks for Scheduled Castes (SC) candidates from any recognized Board/Council/University shall also be eligible provided he/she joined diploma course after passing 10+2 exam with Science (Physics, Chemistry & Biology).

(D) B.OPTOM. (4 years Course including 01 year internship)

1. Distribution of seats:

Category	No. of seats*
U.T. Chandigarh Pool (85% seats)	03
a. Scheduled Caste ($03 \times 15\% = 0.45$)*	00
b. In service employees of UT Health Department & Department of Medical Education and Research	01
c. General	02
General Pool (Other states 15% seats)	01
a. Scheduled Caste ($01 \times 15\% = 0.15$)*	00
b. General	01
Total	04

2. Essential qualification:

Candidates who possess one of the following qualifications shall be eligible to apply for admission in Bachelor of Clinical Optometry (B.Optom.) degree course:

- a) A candidate who have passed in 10+2 examination or other equivalent qualifying examination **individually** in the subjects of Physics, Chemistry, Biology and English with aggregate of 45% marks for General category and 40% marks for Scheduled Castes (SC) candidates conducted by a recognized Board/Council/University.
- b) A person who has passed 10+2 Vocational Course (Ophthalmic Technique) in their respective elective subjects and English with aggregate of 45% marks for General category and 40% marks for Scheduled Castes (SC) candidates conducted by recognized Board/Council / University.
- c) A person holding qualification of Diploma in Ophthalmic Techniques (2 or 3 years) must have obtained with aggregate of 45% marks for General category and 40% marks for Scheduled Castes (SC) candidates from any recognized Board/Council/University shall also be eligible provided he/she joined diploma course after passing 10+2 exam with Science (Physics, Chemistry & Biology).

3. A student has to undergo clinical training (compulsory internship in the fourth year) only if the student has passed all previous three years papers in theory and practical.

In this year, students are supposed to undergo training in the following areas of Optometry:

- a) Clinical Optometry: Contact lenses, Binocular Vision & Low Vision.
