

School of Architecture, Engineering and Sciences

School has 3 departments namely Department of Architecture, Department of Engineering and Department of Sciences which offer Bachelors, Masters and Ph.D programs in their respective branches

DEPARTMENT OF ARCHITECTURE, DESIGN AND PLANNING

The Department of Architecture, Design and Planning strives to achieve distinction and excellence in three inter-related disciplines. This unique combination of Architecture, Design and Planning, perhaps the first of its kind in India, enables students to have diverse exposure and provides a platform for inter-disciplinary interaction among the students and faculty.

Since Dehradun is set amidst the foothills of Himalayas and the Shivaliks, the school draws its inspiration from the picturesque environment and surrounding and focuses its attention on Himalaya's vis-a-vis its relevance to Architecture, given the seismic vulnerability of the region.

The School aims at the overall development of excellence, working with the ideals of practical training and personalized relationships, to create a model school of unmatched quality that will carve a niche for itself, both nationally and internationally through its academic endeavours. Admissions of foreign nationals will also be made as per COA rule.

- 5 year B.Arch. course has been approved by the Council of Architecture (COA)
- Faculty having IIT background
- Active participation of students in NASA & inter-college competitions
- Good infrastructure with studio and art room facilities

Course	Duration Years/Sem.	Eligibility	Fee Structure Per Semester		Intake
			USD	INR	
Bachelor in Architecture (B.Arch)	5/10	50% aggregate marks in PCM and also at least 50% marks in aggregate of the 10+2 level examination OR Passed 10+3 Diploma Examination with Mathematics as compulsory subject with at least 50% marks in aggregate	1650	66,000	20
B.Des. (Interior Design)	4/8	10+2 with Min. 45% marks in any stream	1125	45,000	20
Diploma in Architecture (D.Arch)	3/6	10th (Science & Mathmatics) with Min. 50% marks	625	25,000	20

DEPARTMENT OF ENGINEERING

The Department of Engineering has been established with a view to provide quality technical education. We intend to develop this department into a centre of excellence, to achieve quality in all respects from the very beginning. The focus is on the pedagogy for integrating conceptual knowledge in relevant subjects with due emphasize on practical application.

Essel group is pioneer in professional engineering discipline that deals with design, construction, and similarly Electronics and Communication Engineering courses give enormous job opportunities in electronic and software companies.

Course	Duration Years/Sem.	Eligibility	Fee Structure Per Semester		Intake
			USD	INR	
B.Tech CE / ECE / EEE / ME / CSE (AI, Big Data, IoT)	4/8	45% in 10+2 (PCM)	1250	42,500	30 each
B.Tech CS (Artificial Intelligence & Machine Learning)	4/8	45% in 10+2 (PCM)	1500	57,500	30
B.Tech (LEET)*	3/6	Diploma/B.Sc. (PCM) with 45% marks	1250	42,500	30
M.Tech (Civil, ECE, EEE, CSE, Mechanical)	2/4	50% in B.Tech/ MCA/M.Sc	875	35,000	10 each
Engg Diploma (Civil, Mechanical, Electrical, Computer Science)	3/6	10th in PCM	625	22,000	30 each
Ph.D (Engg.) / Applied Sciences / Mathematics	Min. 3/6	M.Tech / M.Sc. in appropriate branch with 55% Marks	1500	60,000	TBA

*Working Professional in the proximity of Dehradun may be offered part time Program of 7 Semesters.

DEPARTMENT OF SCIENCES

The basic sciences form the backbone of Science & Technology and lead to development in frontier areas. The basic sciences provide development of innovative faculties and power of imagination which result in advancement in Science, Engineering and Medicine. Therefore, the study of Basic Science is the beginning of development of research capabilities of an individual. The Department has followed the system of education that provides a great deal of openness transparency, flexibility and possibility for growth through the involvement of the students at each step of knowledge building process.

The major objectives of the programs are:

- Development of inherent capacity to think scientifically and coherently.
- To promote learning in an environment conducive to free-thinking and innovation to cultivate the skills, attitudes and habits of Lifelong learning.
- Imparting of skill sets for employment.

M.Phil (Education)	1.5/3	55% at the Master Degree level	750	30,000	10
M.A. (Education)	2/4	Graduate in any stream	625	25,000	10
Ph.D (Education)	Min. 3/6	55% at the Master Degree level	1500	60,000	TBA

DEPARTMENT OF SOCIAL WORK AND HUMANITIES

The Department of Social Work and Humanities offers a B.A., Masters Degree in Social Work and Ph.D. to students who wish to make a change in their life and society as a whole. This course is crafted to mould a student to become a social scientist. It involves the application of social theory and research methods to study and improve the lives of people, groups and societies. It incorporates and utilizes other social sciences as a means to improve the human condition and positively change the society.

The students are trained to plan and executive an extensive range of social services, social welfare activities, and work in commercial and industrial establishments and training institutions. The curriculum has three important components theory,

fieldwork and research. It enables the students to acquire necessary knowledge of Arts, sociology, psychology, philosophy and methods of social research. To facilitate the above complex learning process, the training programme also includes independent study, lectures. seminars, research and concurrent and block fieldwork training. The department considers education as a means for social change and transformation with societal commitment.

Students in the MSW program require the ability to think critically and work collaboratively with others. They should have competence in written and oral expression and the willingness to use computer and advanced communications technology.

The department also offers regular Bachelors program in Arts subjects.

School of Media and Journalism

The School of Media and Journalism is one of the leading faculties at the Himgiri Zee University. The programmes offered by this school are conceived as the flagship programmes of the University. These programmes are based on the new and inclusive modules of the study of Expressive Cultures, Media and Communication as a whole.

The programmes offered embrace the whole spectrum of Social Sciences, Humanities and Arts with Communications being at the focus of the programmes. These include subjects like Communication Theories, Media and Society, Journalism, Film Studies, Advertising, Public Relations, Communication Research, International and Political Communication among others. These subjects provide the requisite skills needed to become a Communication or Media practitioner in the local, national and global context.

A degree in Mass Communication from Himgiri Zee University will provide the ideal opportunity to gain a hands-on experience of Communication and Media at both the theoretical level in the classroom and the practical level in the industry due to our unique media industry linkage. Students who complete a Masters/Bachelors/Integrated Masters degree with the University will have the unique opportunity to undertake training at any one of the Zee Group facilities in the country. They will be taught by internationally sought after faculty, consultants and researchers who have worked in the Media and Communication discipline.

With the FM Radio-on-Campus (FM 107.8 “HIMGIRI KI AWAAZ”) and an In-House TV Production Studio, the stage is all set for the introduction of the Diploma courses in Radio Jockeying & TV Production as well.
