As you may be aware, English is the sole medium of instruction and examination here, just as it is at other educational institutions offering professional courses. Students are expected to have a certain level of proficiency in English so that they can understand lectures, communicate with fellow students and others, and engage in regular academic pursuits.

To identify students in need of a basic level course in English, a Diagnostic Test will be conducted. This is a compulsory test for all those joining the B.Tech Programme. Based on their performance, students in need of basic level English will be identified and given a suitable course in the first semester.

The Diagnostic Test may include tests of grammar, vocabulary, reading and listening comprehension and related writing such as essays.

Those who cleared the Diagnostic Test will be taking some other language course in the first Semester.

Please bring one set of khaki uniform (Pant & Shirt for Boys and Over coat for Girls) and shoes during workshop practical class.

We look forward meeting you and your parents/guardian at the time of orientation on 25-07-2019.

With best wishes
Prof. K. Krishnaiah
