MBA

MASTERS IN BUSINESS ADMINISTRATION

(2 Year) Full Time

Real Knowledge.

Global Connections.

Extraordinary Outcomes.

A post graduate degree that infuses strategic approach, analytics and technology into various disciplines of MBA studies provides you with an edge to lead in today's VUCA and technology-driven world. At MIT-WPU, we put you on the track for success through a multi-disciplinary approach that emphasizes on in-depth study of traditional management courses designed for the business organizations factoring various sector specific needs and entrepreneurship. In a world of increasing uncertainty and competition, our programme is designed to have a solid managerial foundation to overcome these challenges. Further, we aim to build and enhance a national and global perspective amongst potential leaders and entrepreneurs. You'll learn from professors who bring decades of leadership experience from industry to the classroom. And you'll immediately apply your newfound skills to create an impact in your organization while learning to think differently about changes and challenges. That's how we mean business at our B-schools.

Additionally, the program also aims to build socially and ethically sensitive managers with due emphasis on Rural Immersion Program, Innovations & Peace Program.

Research Culture

At MIT-WPU, we realize that excellence in teaching and learning is driven by research. The faculty and students are encouraged and motivated to create new knowledge.

The vibrant eco-system provides rich resources and many opportunities.

MASTER OF COMPUTER APPLICATION

(2 Year) Full Time

Intake 60

Students learn data assessment and use data analytics to solve real problems and get trained to take informed and smart decisions.

Mastering Cutting Edge Technology To Further Your Career

Master of Computer Applications (MCA)

This programme includes Application Development, Data Analytics, Design Pattern and Research. The focus is on learning programming languages and mastering tools to simulate, test and develop applications.

The MCA Programme at MIT-World Peace University prepares students to take up positions like Software Consultants, Network Engineers, Database Administrators, Business Analysts, System Analysts, Software Engineers, Quality Assurance Engineers, Web Designers/Web Developers, and Project Managers. Subjects that are taught include - Computer Fundamental Structures, Object Oriented Programming Concepts, Database Management System, Data Structure using C++, Introduction To Web Technology, Distributed Operating System, Discrete Mathematics, Artificial Intelligence, IoT, Mobile Technology and others.

The MCA is a comprehensive, learner centric programme with practical outcomes and imparts relevant skills.

Programme Structure

Foundation Courses: Programme aims to provide a foundation of basic courses which are a prerequisite to advanced learning along with unique WPU Peace Modules.

Core Computer Application Courses: Focuses on developing Core Computer Applications. The focus being to offer specialization to the students with deliverable outcomes in basic and advance IT skills. There is delivery of practical aspects through emphasis on Project Based Learning and completion of Certification Courses as required by the Industry. It is mandatory for students to undertake another Two month industry internship which is based on Data Design (UML and Database), actual development as per Software Requirement Specification (SRS). Algorithmic Design Thinking, Data Engineering, Information System Management , Business Intelligence , Android Technology, AI and Machine Learning Techniques, Cloud and Big Data Computing, IOT are included as credit courses in the Programme Structure.

Internship: Students are required to pursue two months internship programme with the Industry which is based on Analysis and Software Requirement Specification (SRS) Design.

IT and Techno-managerial Skill Development Courses: Focuses on skill Development and imparting managerial competencies for an IT Professional. Students have to undertake a comprehensive Research Project focussing on innovations in technology. Students are also given opportunities to explore pre-placement openings whilst working on live projects. In order to develop managerial competencies, the students are also trained in leadership, problem solving, team dynamics and contemplation on business ethics.

Enrich your trajectory: with a
futuristic technical and
managerial skill set.

Students Speak

NIKHIL TRIVEDI, MBA - International Business, Batch 2018-2020, Placed at Hindustan Unilever Ltd.

My sincere gratitude to the Placement Cell of MIT-WPU for providing amazing support and fantastic opportunities.

CHAITALI MORE, MBA - Operations, Batch-2018-2020, Placed at GEP

I'm lucky to get placed with GEP. MIT-WPU has helped me reach my potential and has given me encouragement to strive for more. I want to thank the college for everything and will always be grateful.

SHIFA NAGANI, MBA - Marketing, 2018-2020, Placed at Philips India Pvt. Ltd.

The comprehensive course and the industry interface provided by MIT-WPU SOM has been a game changer for me.

ASMITA BHALE, MBA- Banking & Financial Services, 2018-2020, Placed at Federal Bank

The unique syllabus with inputs from the industry was exceptionally delivered using team teaching and case study methods. This approach has given me the extra edge.

ANKITA TAPADIYA, MBA- General Management, Batch- 2018-2020, Placed at Deloitte US India - Getting placed at Deloitte is a dream come true for me. All thanks to the innovative teaching learning environment at MIT-WPU SOM. My gratitude to the faculty and the placement cell.

AISHWARYA AJU, MBA - International Business, Batch- 2018-2020, Placed at LIDO Pvt. Ltd. - I'm extremely proud to belong to MIT-WPU SOM. The courses here are pragmatic and help in imparting business skills along with sound academics.

Shreyas Sunil Varune, MCA - As I look back when I started my journey at MITWPU SoM-PG and now, I can see how much I have grown as a student, a professional and a person

Frenny Joseph Marino, MCA - MITWPU School of Management - PG has played a transformational role in my life. It began the moment I set foot in the campus and it continues to shape who I am Today

Corporates Speak

Mr. Pritam Parvatkar, Vice President & Global Head – Alliances & Partnerships, Tech Mahindra

MBA Telecom Batch is promising. Academic rigour and MIT-WPU method has created future techno-managers from the University.

Mr. Sumit Anand, Assistant Manager, Pune Cluster, VIVO

It was an amazing Campus Recruitment Drive for VIVO. MIT-WPU has been a great host and a great support in executing the overall process. Hospitality was great and so was the quality of candidates.

From being a student to now a Corporate Hiring Manager, it feels great to be back to my alma mater after years, this time I was on the other side.

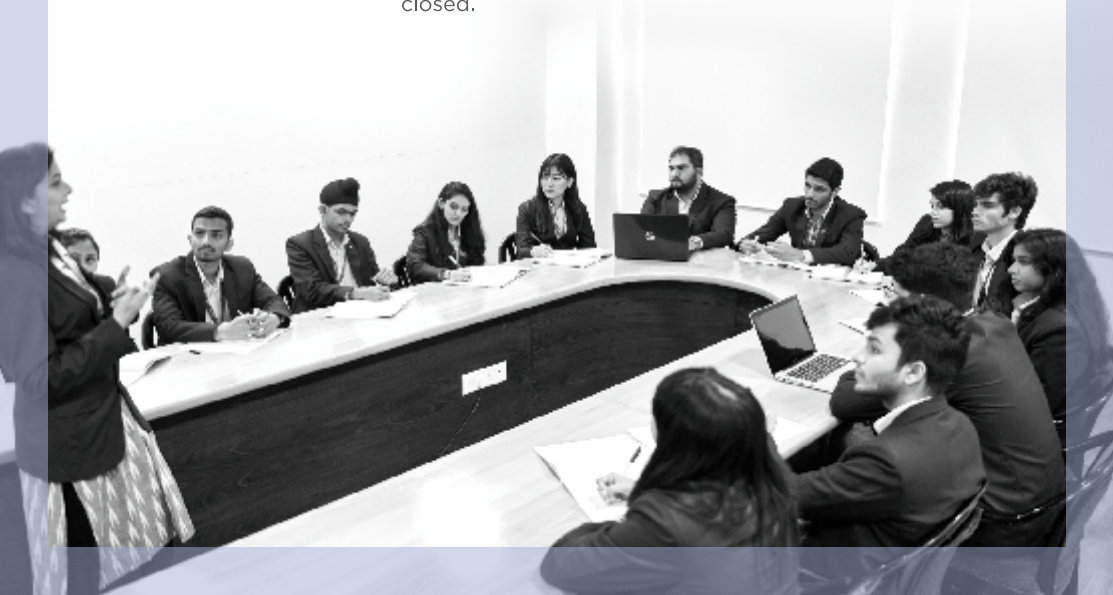

We will be there for the next batch too.

Mr. Ayush Mehrotra, Senior Business Development Manager, Extramarks Education Pvt. Ltd.

I visited MIT-WPU in the month of December 2019. When we started interacting with the candidates, we realised that this batch is exceptional. Students were good in communication, can think on their feet and have great potential.

Mr. Sachin Tapre, Zonal Manager – HR, HBD Financial Services West

The level of knowledge and exposure to the industry have prepared the students to thrive in challenges. The overall activity, including all stages of the interviews were conducted seamlessly and our required numbers were closed.
