Who we are

Medi-Caps is one of the brand names in the arena of technical education and is contributing in making Indore an educational hub. Since its inception in July 2000, the group consistently aims at creating an ideal ambiance for budding technocrats and helping them to grow like true professionals. The main strength of Medi-Caps is its highly qualified faculty members.

We have optimal blend of academic brilliance and industry exposure, which is supplemented by highly specialized visiting faculty and industry experts, senior professionals from various segments of different industry/business houses. This has certainly helped in refining our graduating students from Engineering, Management, Agriculture, Pharmacy, Commerce, Science and Arts.

Vision

To develop a technical and professional university for carrying out educational and research work of excellent nature; to generate high class technocrats and professionals for the benefits of the society at large.

Mission

To produce conceptually sound, practically oriented, value driven and well-groomed technocrats and professionals.

Quality Policy

We are committed to transform raw hands into intellectuals by injecting fundamentals with concepts and skills to enable them to face the technology of tomorrow.

MESSAGE FROM HONORABLE CHANCELLOR

Our goal at Medi-Caps University is to attain academic excellence so as to secure better future for our students. In order to achieve this goal, we prepare our students by giving sound knowledge. This will turn them into excellent technocrats and managers which will be an asset to the society. Medi-Caps University has grown to be amongst the best educational organization in the state of Madhya Pradesh.

“Education is the only tool for enhancing the skills of future technocrats and professionals”

Shri R. C. Mittal
Chancellor

MESSAGE FROM PRO-CHANCELLOR

Medi-Caps University is widely regarded as one of the fastest growing universities in the state of Madhya Pradesh. It has been ranked #1 amongst the private universities within the state and in the top 150 universities of the country. In last 20 years of our journey, our students have been recognized in renowned companies all over the globe.

“Academic engagement and exposures gives appreciation to students for fulfilling their dreams”

Shri Gopal Agrawal
Pro-Chancellor

MESSAGE FROM VICE-CHANCELLOR

In today's ruthless competitive arena, the students here are rendered ample support, encouragement and opportunities to achieve perfection in technical and professional skills. With mandatory internship and training programmes, every student is sufficiently given practical exposure to face the world.

In a scenario of exponential growth of engineering education, our efforts are to impart the best to the students.

"Education will repay in terms of better lives, quality thinking and economic stability"

Prof. (Dr.) Sunil K. Somani
Vice-Chancellor

- E-Summit conducted for 350+ participants by 8+ speakers

FACULTIES

- Highly qualified doctorates as Faculty
- Excellent student-faculty ratio
- Mentoring and coordinating under committees and cells
- Global outreach with research, innovations, patents and consultancy
- Industrial Exposure for faculties
- Experts from industry and academia

INDUSTRY INTERFACE & COLLABORATIONS

- Strong student industry interface
- Joining hand for trending Engineering Courses (TCS, iNurture, etc)
- Internships and live projects
- Collaboration for FDPs, MDPs, workshops etc.
- Research supports
- Industry consultancy
- Wadhvani Foundation

ACADEMIC

- Choice Based Credit System (CBCS)
- Full time scope for industry linked live projects
- On time and transparent evaluation system of university
- Conferences, seminars, workshop, expert lecture, industrial visit, etc
- Regular training sessions by renowned speakers from academics and industries

PROJECTS

- Automobile: BAJA, go-kart, fire bike and efficycle
- Embedded System: flood alarm system, smart helmet using RFID, solar automatic controller, driverless car, robotic arm
- Market research
- Financial modeling
- Organic cafeteria

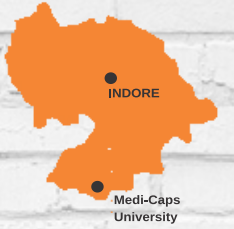

RESEARCH

- Holistic environment
- High end systems, machinery and computing facility
- Vast spectrum of books, journals and other resources
- Motivating interdisciplinary research for social benefit
- Several research grants & schemes functional in campus
- Patent on Tunable H-plane Tee Junction
