Message from the DEAN UNDERGRADUATE STUDIES

Dear Recruiters,

Greetings from NLIU, Bhopal!!

The National Law Institute University, Bhopal launched B. A. LL. B. (Hons.) Course on 1 September 1998. Since then the NLIU family is actively engaged in teaching, research, publication and training. We started postgraduate studies from the Academic Year 2001-2002 and introduced LL. M. and Ph. D. Programs. LL. M. Program was put in abeyance for some time. In the Academic Year 2007-2008 we introduced LL. M. Program in three streams, namely: (i) Law, Science and Technology, (ii) Human Rights Law, and (iii) LL. M. (General). In the Academic Year 2010-2011, I was appointed the Convener, Postgraduate Studies and continued to serve in this capacity till the Academic Session 2017-2018. In a period of eight years, we introduced several changes in the LL. M. curricula and its delivery.

Our objective has been to train LL. M. students in creating new knowledge. Our LL. M. Program is more about learning and research and less about teaching. It does not mean that we do not teach. Our classrooms are market place of ideas. Teacher merely playing the role of intellectual midwife helping the students discuss,

debate, dispute and argue any and every idea under the sun relevant to the topic under discussion without fear or favor. In addition to class room discussion we organize debates, mootings, symposia, seminars, colloquial to reflect on emerging issues and challenges. Our students are equipped with the ability to learn new things - relating to all aspects of human life - very quickly and marshall their learning for making practical choices. The students are to do research independently and make crucial policy choices of social value and social relevance. They are trained both as foxes and hedgehogs - if I can borrow the words of Isaiah Berlin.

Our students are drawn from all over the country from diverse backgrounds. They have undergone rigorous training at law firms, public sector undertakings and with higher judiciary and senior lawyers. We have trained them to face and handle all types of challenges without fear and tap every opportunity at the most opportune moment.

We also urge you to give your free and frank feedback for improvement in legal education. We would love to hear from you as to your specific needs and requirements so that we can design our curricula accordingly. Please feel free to write to us.

We are delighted to present to you LL. M. Batch of 2021. Our students will be an asset to the organization that they join.

We look forward to your participation in the recruitment process of our University.

With warmest regards,

Message from the DEAN DISTANCE EDUCATION

Dear Recruiters,

It is with much pleasure and expectations I have the privilege to introduce you to the LL.M Batch of 2021 from National Law Institute University. I have had the benefit of teaching this batch from the very first day of their entry into the classroom and therefore, in a position to describe them as one of the most competitive and hardworking group of students. The spectre of Pandemic haunting all of us did cause the inevitable delay in commencing the academic year and that through online mode but that hardly deterred this bunch of gifted and tenacious from meeting the loft standards of completing syllabus and submit quality research papers.

This batch of students is a collage distinctions, differences and diversity much like the country and have assimilated themselves with the culture of academic rigors contributing each other's success making it a cauldron of oppositeness. The intellect that this Batch possesses can be foreseen through their internship/ work experience. I take pride in stating that our students are proficient in revamping themselves as per the requirement of the work culture. Our alumni and success in various set ups is a shining example of quality and proficiency of our education and pedagogy. I am sure that given their integrity and disposition in terms of skills and professional acumen they will become a valuable asset to your esteemed organization.

I wish them all the success and extend a warm welcome to your organization to explore and recruit our young talent.
