MESSAGE

It is a pleasure to know that the Medical College, Kolkata will be completing 183 years of its glorious journey on 28th January, 2018. This college holds the distinction of being the first medical college in Asia and over the years, it has emerged as a centre of excellence for higher education in medical science in Eastern India..

I am also glad to know that to commemorate its long journey a souvenir will be brought out.

I take this opportunity to convey my heart-felt best wishes to the faculty, staff and students of the college and wish the event a grand success.

M E S S A G E

It gives me immense pleasure to note that the 184th Foundation Day of the Medical College, Kolkata is going to be observed on 28th January, 2018 at Medical College, Kolkata.

Medical College, Kolkata is the oldest institution for medical education in our country as well as in Asia. The institution is recognized for its high profile academic background with the commitment to the services for the humanity since 1935 of its glorious journey. All the gratitude goes to its founders as well as their well successors for maintaining such rich and glorious history of the Medical College, Kolkata. This programme with its different scientific and cultural fest in presence of high profile dignitaries, faculty members and alumni would make the 184th Foundation Day Ceremony more inspiring and significant. This programme must inspire the younger generation in the academic interest as well as in the spirit of sacrifices for the humanity keeping in mind the glorious past history and status of this institution.

I express my best wishes to all the participants in this Foundation Day Ceremony and wish it a grand success.

Medical College & Hospital,
Regional Institute Of Ophthalmology, School Of Tropical Medicine,
Lady Dufferin Victoria Hospital, Kolkata.
West Bengal State Representative, IPGMER & SSKM Hospital.]**

It fills my heart with joy to welcome you all at the 184th Foundation Day Celebration of our Alma Mater Medical College and Hospital, Kolkata, my college. Since then I dreamed to build this College fulfilling the gaps which are deficiencies from long ago which came to my notice, like improving patients service up to international standards, building new students accommodations for medical students those who come from far away places, hospital cleanliness and beautification..... Everything was made possible with help from the first woman Chief Minister of West Bengal Smt Mamata Banerjee. She made it possible with her strong willingness and desire to do something for poor people and patients in West Bengal.

We are heartened to see this graceful old lady (Medical College) being beautified by another brightly shining lady Smt Mamata Banerjee, under whose able leadership each and every corner of our Medical College campus and other Medical Colleges and health sector as a whole is turning over a new leaf for the betterment and prosperity of our society. It is the renaissance of West Bengal in health sector

Under her great leadership there are rising tides of prosperity in every corner, the first woman Chief Minister of West Bengal Smt Mamata Banerjee since 20th May 2011, and twice honorably supported with huge mandate support from the people of West Bengal. She created history when she stormed into power ending more than three decades of Left rule. In last six years we are blessed and flourished with success as well as development at all level in health care sector as well as in other aspects of our state. Protests and criticisms have hardly deterred her and the critics have also now agreed with the Chief Minister's ideology. Hon'ble Chief Minister Smt Mamata Banerjee annihilated the Left's rule by giving tough competition to them, removing heaping pain of citizens mainly in the different sphere of life with special emphasis on health care service.

Myself, being the ex student of Medical College Kolkata admitted in 1979, remaining active throughout in students union, after crossing the miles and today Hon'ble Chief Minister Smt Mamata Banerjee has put her confidence in me as Chairman of Rogi Kalyan Samity of Medical College and Hospital Kolkata, RIO, STM, and Lady Dufferin Victoria Hospital. Not only me but my father late Dr D D Maji and my sister Dr Pratima Mondal were also the ex-students of this college. Today it is a moment of great pride for me to be associated with 184th Foundation Day of Medical College and Hospital Kolkata and 84th Reunion of the members of this Medical College Ex-Students' Association (MCESA).

Decades of mismanagement by the left rule decimated the health sector. Our Chief Minister has taken all the pains to start anew, from tatters and you can visibly notice flowers blooming - new facilities, added beds, newly built departments and systems, improved patient care. In short there is nothing short of a miracle to infuse new humanity in this frail old system that is catering to patients not only from remote villages of our own state but also from the other states and also from other neighbouring countries like Bangladesh, Bhutan, Nepal and also few from Burma and they come here to get the best treatment. It is a delight to see the million dollars smile on the face of our patients of government hospitals after being refused by the too costly private hospitals -being treated in government hospitals fully free from admission to discharge and even going home with post discharge medicines given from hospital ward completely free.

I am thankful to our Hon'ble Chief Minister Smt Mamata Banerjee for all we have achieved in last seven years in Medical College and Hospital Kolkata.

Progress report of Medical College and Hospital Kolkata in last one year are as follows .

Sl no	Name of project	Status Report
1	Regional Cancer Institute G+6 will be constructed near Academic Building, initiated by Hon'ble Chief Minister Smt Mamata Banerjee and by Hon'ble Chairman Dr Nirmal Maji. G+6 building will be constructed for the poor patients with general wards and cabins.	On process

18) RIO, Kolkata is the Apex centre for Retinopathy of Prematurity in all over West Bengal. Training is imparted to Ophthalmologists from all over the State for ROP screening.

19) Training is imparted to Ophthalmologists of all over India for Phaco and SICCS Surgery

All this development our Hon'ble Chief Minister Smt Mamata Banerjee has made possible by granting necessary funds for the patient benefit. It is your strength and will-power, your trust and belief to select the right person as Chief Minister.

May be we may not get all in one autumn but I promise you under the leadership of Hon'ble Chief Minister Smt Mamata Banerjee, we as the people, will get the best of every health care facilities in West Bengal. I will expect from you to join in this work of remaking the health care facility in this Medical College and Hospital. It cannot happen without you, without a new spirit of service, a new spirit of sacrifice and dedication.

My dream which I have nurtured since my undergraduate studentship in this Medical College, which has happened in reality today. I am thankful to our beloved Hon'ble Chief Minister Smt Mamata Banerjee for bestowing us and to make this dream in reality.

Thank you all for giving me the opportunity to serve you all as the chairman of RKS Medical College and Hospital Kolkata. Despite all hardship, obstacles, negative criticisms, our target to convert the obstacles into opportunities, challenges into cheers will be achieved with your support. We should work hard unitedly, sincerely with great devotion and with hearty touch to the patients so that our Medical College and Hospital will be the best Health unit in India and if possible in Asia also.

Let us bring a loving touch, a kind gesture that may make a better day for the ailing people.

Thank you and God bless you.

Jai Hind.

Welcome Address

Respected Dignitaries, Guests, Colleagues, Ex Students of this college, staff and present students & others.

It is my great honour and I am very happy for getting again this opportunity to welcome all of you in this auspicious morning of 28th January, 2018 in the occasion of 184th foundation day celebration and prize distribution of Medical College, Kolkata. This institution was established in 1835 on this date and it is considered as one of the oldest premier institutes of this country. In the history of Medical College of Bengal we find that during 17th and early 18th century there was very little facility for medical service to the common people. The people were treated by indigenous and unscientific methods, for which several epidemics occurred at that time with high mortality rate among the people. There was no available treatment of even common illness. So the then English administration realized that the medical management with scientific basis by trained & qualified physicians should be started as soon as possible. Therefore they started to establish a Medical College which will teach available modern scientific treatment. The Medical College building and surrounding areas were donated by Babu Muttilal Seal who was one of the rich businessman at that time. So the journey began with a few students and till now this college is running successfully and with glory. Many stalwarts in the field of medicine were students of this college and also engaged in teaching. The medical science has been advanced very fast during the last few decades. Newer advances are coming up regularly. So to cope with this rapid progress newer buildings newer equipments, newer medicines and other facilities are required. We are very grateful to our Honorable Chief Minister Smt. Mamata Bandopadhyay for her inspiration to materialize our dreams and to deliver quality service to the common people. Dr. Nimal Maji, Honorable MLA, and Chairman of our Rogi Kalyan Samity is very active and always help us for up gradation of this college with constructive suggestions. Moreover all these patient care services in the Govt. hospital is provided fully free of cost and during discharge the prescribed medicines are also given. Now in this occasion I shall try to present a glimpse of several academic activities, infrastructural development, procurement of modern equipments and different remarkable achievement of our students.

Academic Activities :-

- (1) In 2011 the undergraduate seats in this college have been increased from 155 to 250. Since then MCI every year visited and inspected our college for recognition and compliance visit to check deficiency correction. Every year they gave permission for 1 year only up to 2016. We are happy that this year 2017 they were satisfied and issued a letter of increased seats recognition and approval of increase seats for 5 years. I would give thanks all our faculty members, residents and other staffs for their extreme co operation and help.
- (2) MCI also visited some other Post Graduate departments for recognition of increased seats like Chest, Anaesthesiology, IHBT etc. where they have pointed out some deficiency and directed to rectify those and request them for a compliance visit.
- (3) One post doctoral seat in DM, Neurology has been increased and approved by MCI last year.
- (4) Numerous CME Programmes have been conducted by different departments by the faculties & residents as well as with the help of Medical College Ex Students Association.
- (5) The IHTM on thalassemia and department of FMT on forensic side have conducted quiz competition among the students. The students are very eager to participate in all such quiz competitions.

- (6) Regular workshop and training programmes were conducted in different departments like G&O, ENT and IHBT etc.
- (7) I am very glad to mention here that American Association of Indian Origin held their Global Healthcare Summits 2017 at Kolkata and their Young Investigators Research Competition in this Auditorium on 28th December, 2017. More than hundred young investigators from all the states of our country and abroad. They presented their papers and judged by a panel of judges.
- (8) The president ECFMG, USA Dr. William Pinsky visited our college during that period on 29th December and participated in an interactive session about the medical teaching and scenario at America.
- (9) In Young Investigators Research Competition, Dr. Malabika Maity, one PGT from the department of Paediatrics won the first prize and trophy, Dr. Madhumita Thakur, PGT of Physiology won the third prize. Dr. Seema Das from department of G&O and Dr. Amasis Hota of Chest Medicine won the certificate of honorary mention.

Infrastructural Achievement :-

There are lots of changes in the infrastructural developments in last one year. Our RKS Chairman has stressed on beautification and cleanliness of the whole campus. I may mention some of the infrastructural developments during the past year.

- (1) The Super Specialty Block undergoing construction under PMSSY Project is nearing completion and will be completed within short period. All our Super Specialty Departments will be shifted to that building with newest equipments and amenities.
- (2) Regional Cancer Centre will be constructed near the Academic Building which was sanctioned by kind approval of our Honorable Chief Minister. It will be constructed in the place of present Assistant Superintendent's Quarter and present Canteen Building which are in a poor condition. All the modern treatment facility will be available here. Linear accelerator has been already procured and will be installed in April, 2018 near the Super Specialty Block.
- (3) The Ten Storied Building meant for students' hostel is nearing completion. It is fully completed up to 4th floor and the remaining floors are nearing completion.
- (4) The Gate No. 1, 2 & 6 have been renovated. The Gate No. 2 has been constructed in Roman Gothic Style and Gate No. 3 & 5 is under progress.
- (5) 6 nos. of drinking water facility started functioning in OPD and 6 others at different part of our campus.
- (6) 75 bedded Night Shelter has been constructed and functioning.
- (7) One Solar Plant has been constructed at the roof of MCH Building.
- (8) One 100 seated and another 60 seated patient waiting room have been constructed at the front of Eden and beside MCH Building respectively.
- (9) Water ATM Machine has been installed near CB Building to supply purified water to patient and patient parties.
- (10) The CTVS OT Complex has been totally renovated and started functioning.
- (11) 4 cabin has been constructed with AC facility by the side of Canning Ward, Eden Hospital.
- (12) The Orthopaedics OT at the 1st floor of CB Building has been totally renovated and equipped with all the modern equipments and functioning.
- (13) Fire Fighting arrangement has been thoroughly modernised in all building and throughout the campus.
- (14) CCU Bed has been increased from existing 12 bed to 24 bed in the adjacent area.
- (15) Renovation of Anatomy Department, Dissection Hall and Museum has been done.
- (16) Installation of Lifts in Pathology Building, Administrative Building and Chest Building will be

completed soon.

The works which are proposed are the following:-

1. The General Emergency area, Emergency Observation Bed will be increased by extension of the CB Building.
2. One Trauma Care Centre construction has been proposed.
3. Establishment of a Geriatric Centre has been approved and work is in progress.
4. Establishment of a Multidisciplinary Research Lab is also under progress.

The following beautification process of the campus has been done :-

1. Gardening at the central part of MCH Campus with fountains & lighting arrangement. This type of Fountain has been constructed also in front of Gate No. 6.
2. High Mast Light Posts have been proposed for proper illumination.
3. Gardens are maintained and beautification done by the help of SBI and Agrihorticultural department of Govt.

I hope that in newer future that with the blessing and inspiration our honorable Chief Minister Smt. Mamata Bandopadhyay we will be able to be successfully materialize all the up gradation and quality care giving procedures.

I again convey my sincere thanks to all my students, staff and colleagues of nursing staff, PWD Office, Safety Personnel and Police. I also congratulate those students of this college who are academic achievers and also in other fields who will keep our head high in future among all medical institutions of the country.

Thank you

Principal

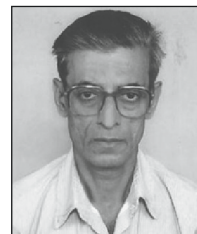

Medical College, Kolkata

A dilemma - approaching diamond jubilee.

Dr. Amarnath De

President 2017-18

Matiya 1968-78

The dilemma is simple - am I entitled to write in this souvenir ?

It started in 1964, when I was promoted to class IX in Hare School, standing 1st in Aptitude Test in WB Govt. schools. My favorite choice was Biology but my father Late Anathnath Dey, thought otherwise. I appealed to my Biology teacher, Sri Asim Mukherji, who called my father and convinced him that studying Biology will not hamper future student life. Who was correct? Anathbabu or Asimbabu ?

I passed HS in 1967 with DPI scholarship and was selected for studying Electrical Engineering at BE College, Shibpur. But result of 1st semester disappointed me and when I came to know that I have been selected for Medical Entrance positioning 11th among 60 students from Calcutta district, I left Shibpur and entered Presidency College for Pre-Medical course.

Duly I passed Pre-Medical in 1968 in 1st division. I collected my mark sheet from Presidency College office and quickly walked through Baker Laboratories to get out from the backdoor of that college(I did the same in Hare School). But I was stopped by Prof. Shibtosha Mukherji (who belonged to family of "Bengal Tiger" Sir Ashutosh), our Zoology teacher in Presidency. He asked me why I am flying away. I promptly replied, " Sir, I have passed from this college and now I am going to study in Medical College. He wanted to see my mark sheet and looking at it for a minute remarked, "Why are you going to Medical College, it would be better for you to study here in Presidency College." But I went to Medical College and passed 1st MBBS in 1971.

But the dilemma came back in 1973 in which year there was no MBBS examination. I was going to lose 2 years without failing. I appeared for examination in Kolkata Police. I passed in written & oral, but failed in health examination. So I thought that I must carry on studying in Medical College whatever future I have got.

Then the years passed swiftly. I passed MBBS IN 1975, DO in 1978, MS in 1980, standing 2nd in last 2 examinations. Days were easier now. But there is twist in the tail. After a long lapse, in 2014, the dilemma came back. I went to Sushrut Eye Hospital to meet my daughter, Pramita, who was an Optometrist working there. I met my teacher from RGKar MCH, Dr. Pranab Kumar Chatterji there who was teaching DNB students. He greeted me and told me to discuss cases with students. I obeyed him. After sometime sister-in-charge told me to move to other room with students. Asked for the reason, she told me that Sir is not seeing patients and listening to your tuition. I asked Pranab to carry on with his job. He ignored me and asked where from I have done my Intermediate of Science level. When I replied "Presidency College", he told me you should have continued your study there and not Medical College.

Now you tell me whether I am right person to write in this souvenir.

P.S. My teacher in Medical College, Dr. Balakrishna Mitra, honored me with title " MOST UNORTHODOX BOY OF MEDICAL COLLEGE' quite fitting with the dilemma - isn't it!!

FROM THE DESK OF THE SECRETARY

IF YOU HAVE A HEART BEAT, THERE'S STILL TIME FOR YOUR DREAMS.

Can remember 17th September 1981 when I started my journey as first year student of our College –my dream came true.

Can remember 10th January 2014 when I entered our College as a teacher –my dream came true.

Can remember 10th June 2017 when I started to work as the Hony. Secretary of Medical College Ex-Students' Association –my dream came true.

Waiting eagerly for the days of our reunion 2018 and participation of everyone will fulfill my latest dream.

As Hony. General Secretary of 84th REUNION 2018, I welcome everyone starting from students to alumni from all parts of the country and abroad to attend the 184th FONDATION DAY CELEBRATION on 28th January 2018 morning to make it all successful.

I believe in the Golden Words of *Sri Ramakrishna Paramahansa* "There are pearls in the deep sea, but you must hazard all perils to get them. If you fail to get at them by a single dive, do not conclude that the sea is without them. Dive again and again, and you are sure to be rewarded in the end". Let us all go back to the place, our alma mater, which was a stepping stone, and search for pearls, to conquer our dreams

Join and assist us in keeping up the good work and taking our Association to never scaled heights.

Manab Nandy

DR. MANAB NANDY

HONY. SECRETARY, MCESA 2017 – 2018

88, College Street, Administrative Block, Medical College Bengal, Kolkata : 700 073

College: 17,075 sq.mt.

Hospital (including OPD): 72,905.84 sq.mt.

Lady Dufferin Victoria Hospital: 13,510 sq. mt.

Mayo Hospital is declared as 2nd campus of the Institution, where OPD services have started from 2nd January 2015.

Central Library

Layout and floor area: 4000 sq.m

Library Staff: (Technical) 1, (Non Technical) 4

Working hours: 9 am to 7 pm in all working Day, Saturday 9 am to 3 pm

Budget Amount: For Books & Journals Rs. 14 Lacks during 2017-18

Total no. of books as per ACC Register : 22000

No. of Journals Subscribed annually : i) Indian: 19 ii) Foreign: 18

No. of Books issued daily: 100, No. of Books return daily: 50

Total No of members: 2000

The Library has been extended to the 2nd floor of Administrative Building.

Internet facility is being available for the benefit of the Faculty, PDT & PGTs.

Details of facilities available like: Computer and accessories (50), Internet, TV, VCR, Xerox & Microfilm. These areas are air-conditioned

Result of MBBS Examinations

MBBS 1st Professional Examination 2016 (Batch : 2016-2017)

Examination held in September 2017

Result published on 25th September 2017

No. of Students Appeared = 247

No. of Passed Students = 216 (After Scrutiny Passed 1 Student)

No. of Failed Students = 31

No of Honours in Anatomy = 13

No of Honours in Physiology = 13

No of Honours in Biochemistry = 07

MBBS 1st Professional Supplementary Examination 2016 (Batch : 2016-2017)

Examination held in the month of November 2017

Result published on 23rd December 2017

No. of Students Appeared = 34

No. of Passed Students = 19

No. Of Failed Students = 15

MBBS 2nd Professional Examination 2017 (Batch : 2014-2015)

Examination held in December 2016 – January 2017

Result published on 08th February 2017

No. of Students Appeared = 257

No. of Passed Students = 237

No. of Failed Students = 20

No. of Honours in Pathology = 09

No. of Honours in Microbiology = 03

No. of Honours in Pharmacology = 14

No. of Honours in FMT = 02

MBBS 2nd Professional Supplementary Examination 2017 (Batch : 2014-2015)

Examination held in April - May 2017

Result published on 5th June 2017

No. of Students Appeared = 20

No. of Passed Students = 12

No. of Failed Students = 08

MBBS 3rd Professional Part I Examination 2017 (Batch : 2013-2014)

Examination held in the month of December 2016

Result published on 20th February 2017

No. of Students Appeared = 243

No. of Passed Students = 234

No. of Failed Students = 09

No. of Honours in Ophthalmology = 30

No. of Honours in ENT = 09

No. of Honours in Community Medicine = 32

MBBS 3rd Professional Part I Supplementary Examination 2017 (Batch:2013-2014)

Examination held in April - May 2017

Result published on 6th June 2017

No. of Students Appeared = 17

No. of Passed Students = 12

No. of Failed Student = 05

MBBS 3rd Professional Part II Examination 2017 (Batch: 2012-13)

Examination held in January - February 2017

Result published on 15th March 2017

No. of Students Appeared = 240

No. of Passed Students = 220

No. of Failed Students = 20

No. of Honours in Medicine = 07

No. of Honours in Surgery = 11

No. of Honours in Obst. & Gyna = 00

No. of Honours in Peadiatrics = 13

MBBS 3rd Professional Part II Supplementary Examination 2017 (Batch: 2012-2013)

No. of Students Appeared = 20

No. of Passed Students = 13

No. of Failed Students = 07

Studies approved in Medical College, Kolkata in 2017

A) Principal Investigator: Faculties

No	Title	Principal Investigator
1	A multi centric prospective randomized double blind study to evaluate the safety and efficacy of Saroglitazar 2/4 mg as compared to Pioglitazone in type -2 diabetes mellitus.	Dr. R. N. Sarkar, HOD & Prof., Department of General Medicine, Medical College, Kolkata
2	A randomized, double blind, placebo and active controlled, multi centre, phase 3 study to access the efficacy and safety of Filgotinib administered for 52 weeks in combination with Methotrexate to subject with moderately to severely active rheumatoid arthritis who have an inadequate response to Methotrexate.	Dr. R. N. Sarkar, HOD & Prof., Department of General Medicine, Medical College, Kolkata
3	A randomized, double blind, placebo and active controlled, multi centre, phase 3 study to access the efficacy and safety of Filgotinib administered for 52 weeks alone and in combination with Methotrexate (MTX) to subject with severely active rheumatoid arthritis who are naïve to MTX therapy.	Dr. R. N. Sarkar, HOD & Prof., Department of General Medicine, Medical College, Kolkata
4	A multicentric double blind long term extension study to access the safety and efficacy of Filgotinib in subject with Rheumatoid artharatis.	Dr. R. N. Sarkar, Prof. & HOD, Department of Medicine, Medical College, Kolkata
5	A multi centric prospective randomized double blind study to evaluate the safety and efficacy of Saroglitazar 2/4 mg as compared to Pioglitazone in type -2 diabetes mellitus.	Dr. R. N. Sarkar, HOD & Prof., Department of General Medicine, Medical College, Kolkata
6	Prevalence of Salmonella Typhi (S. Typhi) carrier state and altered p53 & K-ras gene expression in Chronic Cholecystitis & Cholelithiasis patients in Eastern India.	Dr. Soumik Ghosh, RMO cum Clinical Tutor, Department of Radiotherapy, Medical College, Kolkata
7	A prospective multicentre double randomized double blind two parallel groups Phase III study to compare as first line therapy efficacy and safety of Masitinib in combination with Gemcitabine to Gemcitabine in combination with placebo followed as second line treatment by Masitinib in combination with Folfiri 3 versus placebo in combination with Folfiri 3 in the treatment of patients with non-resectable locally advanced or metastatic pancreatic cancer.	Dr. Soumik Ghosh, R.M.O. cum Clinical Tutor, Dept. of Radiotherapy, Medical College, Kolkata
8	Studies on the role of human Salmonella infection in gall bladder carcinoma	Dr. Soumik Ghosh, RMO cum Clinical Tutor, Department of Radiotherapy, Medical College, Kolkata
9	A Phase III, Multi-Center, Double Blind, Comparative, Active-Controlled, Parallel Group, Randomized Study to Evaluate Efficacy and Tolerability of Prucalopride in Indian Adult Patients with Chronic Functional Constipation (PRUCALOC Study)	Dr. K D Biswas, Associate Professor, Department of General Medicine, Medical College, Kolkata

No	Title	Principal Investigator
10	International comparative multicentre double blind randomized clinical study of efficacy and safety of BCD-055 (CJSC BIOCAD, Russia) and REMICADE in combination with methotrexate in patient with active Rheumatoid arthritis.	Dr. Indranil Thakur, Assistant Professor, Department of Medicine, Medical College, Kolkata
11	Pattern of use of different tobacco products in adults: a cross-sectional questionnaire based survey.	Dr. Indranil Thakur, Assistant Professor, Department of Medicine, Medical College, Kolkata
12	Correlation between organ weight with age, sex and body length in an autopsy based study.	Dr. Chandan Bandyopadhyay, Assistant Professor, Department of FSM, Medical College, Kolkata
13	A comparative analysis for corroboration of age estimated by dental and radiological examination with chronological age.	Dr. Chandan Bandyopadhyay, Assistant Professor, Department of FSM, Medical College, Kolkata.
14	Radiological study of epiphysis around wrist, elbow and pelvic joint to determine age of population in West Bengal- A retrospective study	Dr. Sujash Biswas, Assistant Professor, Department of FSM, Medical College, Kolkata
15	A randomized, multi-centric, double blinded, comparative study to evaluate efficacy & safety of fixed dose combination of Pregabalin & Amitriptyline in comparison to monotherapy of Pregabalin & Amitriptyline in patients having Neuropathic pain in India	Dr. Debasis Basu, Professor & HOD, Department of Neurology, Medical College, Kolkata
16	An open label, balanced, randomized, two-treatment, two-sequence, two-period, crossover, multicentre, multiple dose steady state bioequivalence study of Everolimus tablets 10 mg of Dr. Reddy's Laboratories Limited India comparing with that of AFINITOR® (everolimus) tablets 10 mg, Manufactured by Novartis Pharma Stein AG Stein, Switzerland in adult subjects of advanced renal carcinoma (RCC) who are already receiving everolimus at a stable dose of 10 mg once a day as their individual therapy.	Dr. Shymal Sarkar, HOD & Prof., Department of Radiotherapy, Medical College, Kolkata
17	A prospective multicentre, randomized, double-blind, parallel group study to compare the efficacy and safety of GBR 200 (similar biologic of Trastuzumab) versus innovator Trastuzumab both when given in combination with Paclitaxel in patients diagnosed with HER-2 positive metastatic breast cancer.	Dr. Shymal Kumar Sarkar, Professor & HOD, Department of Radiotherapy, Medical College, Kolkata
18	International multicenter randomized double blind phase III trial comparing safety and efficacy of BCD-021 (CJSC BIOCAD, Russia) and paclitaxel + carboplatin to Avastin® (F. Hoffmann-La Roche Ltd, Switzerland) and paclitaxel + carboplatin in inoperable or advanced non-squamous non-small-cell lung cancer patients. "	Dr. Shymal Kumar Sarkar, HOD & Professor, Department of Radiotherapy, Medical College, Kolkata
19	A prospective multicentre, randomized, double-blind, parallel group study to compare the efficacy and safety of GBR 200 (similar biologic of Trastuzumab) versus innovator Trastuzumab both when given in combination with Paclitaxel in patients diagnosed with HER-2 positive metastatic breast cancer.	Dr. Shymal Kumar Sarkar, Professor & HOD, Department of Radiotherapy, Medical College, Kolkata

No	Title	Principal Investigator
20	A randomized, double blind, parallel group study to evaluate the efficacy and safety of Alirocumab (SAR 236553/REGN 727) versus Ezetimibe in Asia in high cardio vascular risk patients with Hyper cholesterolemia not adequately controlled with their starting therapy.	Dr. Santanu Guha, Professor & HOD, Department of Cardiology, Medical College, Kolkata
21	Awareness of rheumatic heart disease in school children and development of an effective tool for self-screening in rural India.	Dr. Santanu Guha, Professor & HOD, Department of Cardiology, Medical College, Kolkata
22	Correlation between clinical diagnosis and laboratory diagnosis among patients attending STI clinics-data from a referral laboratory in West Bengal.	Dr. Debabrata Bandyopadhyay, Professor & HOD, Department of Dermatology, Medical College, Kolkata
23	A study on antibiotic usage pattern in the tea gardens of North Bengal	Dr. Pramit Ghosh, Assistant Professor, Department of Community Medicine, Medical College, Kolkata Mr. Sushanto Roy, RUM Coordinator, Community Development Mediclinal Unit.
24	Rapid assessment of breast feeding practices in health facilities under the 'MAA'- Mothers Absolute Affection Programme'.	Dr. Kalpana Dutta, Professor, Department of Paediatric Medicine, Medical College, Kolkata
25	Assessment of nutritional status and dietary pattern of HIV positive children and adolescents attending Anti-retroviral Therapy Centre at Medical College, Kolkata	Prof. (Dr.) Kalpana Datta, Programme Director, Pediatric Centre of Excellence in HIV care, Medical College & Hospital, Kolkata
26	Changes in inflammatory bio marker levels among HIV infected children and adolescences following ART: a longitudinal observational study.	Dr. Kalpana Dutta, Professor, Department of Medicine, Medical College, Kolkata
27	Renal abnormalities in HIV infected children and adolescents.	Dr. Kalpana Datta, Professor, Department of Paediatrics, Medical College, Kolkata
28	A comparative study on metabolic changes, inflammatory changes and carotid artery wall thickness in ART naïve HIV positive children and adolescents	Dr. Kalpana Dutta, Professor, Department of Medicine, Medical College, Kolkata
29	Vitamin D status among children and adolescents with HIV infection.	Prof. (Dr.) Kalpana Datta, Programme Director, Pediatric Centre of Excellence in HIV care, Medical College & Hospital, Kolkata
30	Epidemiological study among patients with selected cancers, attending Radiotherapy OPD of Medical College & Hospital, Kolkata	Dr. Swapan Kumar Mallick, Assistant Professor, Department of Radiotherapy, Medical College, Kolkata

No	Title	Principal Investigator
31	Evaluating the reliability of Serum IL-6 and the IL-6 Soluble Receptor as Putative Biomarkers in prognostication and in monitoring treatment response in Rheumatoid Arthritis patients on IL-6 Targeted Therapy- A quasi-experimental study.	Dr. Arunansu Talukdar, Professor, Department of Medicine, Medical College, Kolkata
32	Renal abnormalities in thalassaemia children and adolescent who are on regular blood transfusion.	Dr. Mousumi Nandi, Professor, Department of Paediatrics, Medical College, Kolkata
33	An epidemiological study on determinants of postpartum family planning among women attending medical college, Kolkata for child immunization services.	Dr. Mousumi Datta, Asst. Prof., Department of Community Medicine, Medical College, Kolkata
34	A prospective, open-label, multi-centric study to evaluate the efficacy and safety of Inj. Romiplostim of Intas Pharmaceuticals Ltd. In adult Indian patients with chronic refractory idiopathic thrombocytopenic purpura.	Dr. Maitreyee Bhattacharyya, Professor, Department of Haematology and Transfusion Medicine, Medical College, Kolkata.
35	Safety of Turoctocog alfa for prophylaxis and treatment of bleeding episodes in previously treated patients with moderate to severe Haemophilia A in India.	Dr. Maitreyee Bhattacharya, Professor, IHTM, Medical College, Kolkata
36	Socio ecological impact and tribal health a study on epidemiological diversity of Thalassemia mutations among tribes in India and impact of socio ecological influences.	Dr. Maitreyee Bhattacharyya, Prof. & HOD, Department of IHTM, Medical College, Kolkata
37	Phenotypic and genotypic characterization of antibiotic resistance in Enterococcus from clinical isolates.	Dr. Mallika Sengupta, Senior Resident, Department of Microbiology, ESIC Medical College, Joka, Kolkata & Part-time PhD student, Microbiology, Medical College, Kolkata.
38	A study on personality traits, cognitive emotional regulation social support seeking behavior and quality of life among type II diabetes patients attending outpatient department of a tertiary care hospital in Kolkata, India.	Dr. Anindya Mukherjee, Assistant Professor, Department of Community Medicine, Medical College, Kolkata
39	A multicentre, randomized, double-blind, vehicle-controlled, Phase-2 trial to evaluate the efficacy and safety of two concentrations of topical Povidone-iodine nail solution (VBP-926) for the treatment of Chemo therapy-associated Paronychia in cancer patients.	Dr. Swarnabindu Banerjee, Assistant Professor, Department of Medical Oncology, Medical College, Kolkata
40	Study to evaluate different aspects of kangaroo mother care implementation and its impact on new borns and their care givers in a tertiary care hospital.	Dr. Arijit Bhowmik, Assistant Professor, Department of Neonatology, Medical College, Kolkata
41	A study on antibiotic prescribing practice and Glycaemic Control in a tertiary care hospital with particularly reference to Metformin therapy.	Dr. Animesh Maity, Associate Professor, Dept. of Endocrinology, Medical College, Kolkata Dr. Balaram Ghosh, DM (PDT), Dept. of Clinical & Experimental Pharmacology, STM, Kolkata

No	Title	Principal Investigator
42	A cross sectional study on the prevalence of pulmonary hyper tension in connective tissue disorders; an Eastern Indian study.	Dr. Rudrajit Paul, Associated Professor, Department of Medicine, Medical College, Kolkata.
43	A longitudinal epidemiological study on depression, sleep quality and associated mental morbidities among under-graduate medical students of Kolkata, West Bengal.	Dr. Arup Chakraborty, Assistant Professor, Department of Community Medicine, Medical College, Kolkata.
44	An electrophysiological evaluation of coronary artery disease using spatial vectorcardiography.	Dr. Arnab Sengupta, Professor, Department of Physiology, Medical College, Kolkata.
45	Effect of Cissus quadrangularis and Moringa oleifera on periodontal ligament celles concerning SMAD, Wnt, MAPK signaling in the formation of osteoblast.	Dr. Mrinal Kanti Chakraborty, Associate Professor, Department of Dentistry, Medical College, Kolkata.
46	A comparative, two arm, randomized, double blind, parallel group, multicentric, non-inferior clinical study to evaluate efficacy, safety & tolerability of Igaratimod tablets 25 mg as an added on therapy over Methotrexate tablets 15 mg vs. Methotrexate tablets 25 mg for the treatment of patients with active Rheumatoid arthritis.	Dr. Kaushik Basu, Assistant Professor, Department of Medicine, Medical College, Kolkata
47	Assessment of therapeutic and clinico- regenerative potential of fresh versus cryo preserved amniotic membrane with bio- modulators.	Dr. Tapan Kumar Naskar, Prof., Dept. of G & O, Medical College, Kolkata
48	Comparison of effectiveness and safety of immunotherapy of warts with intralesional versus subcutaneous MMR vaccine: an open-label, randomized, clinical trial.	Dr. Abanti Saha, Associate Professor, Department of Dermatology, Medical College, Kolkata
49	Prevalence of use of complementary and alternative medicine therapies among common people; a cross-sectional eastern Indian study.	Dr. Jayanti Ray, Assistant Professor, Department of Medicine, Medical College, Kolkata
50	Antibiotic resistance pattern of community acquired bacteria isolated from different clinical specimens in the medicine department; a cross-sectional study.	Dr. Jayanti Roy, Assistant Professor, Department of Medicine, Medical College, Kolkata.
51	An epidemiological study on spatio-temporal distribution and patterns of different mortality statistics related to unnatural deaths in India.	Dr. Saikat Bhattacharyya, Asst. Prof., Department of Community Medicine, Medical College, Kolkata
52	Correlation of Phoria with Personality- A Pioneering study	Dr. Parthasarathi Roy, Assistant Professor, Department of Ophthalmology, RIO, Medical College, Kolkata.

B) Principal Investigator: Post Graduate Trainee (PGT), Post Doctoral Trainee (PDT)		
No	Title	Principal Investigator
1	A study on gestational trophoblastic neoplasia.	Dr. Payel Mandal, 01st year MS (PGT), Department of G & O, Medical College, Kolkata
2	Clinic radiological study on percutaneous trans hepatic biliary drainage in advanced cases of biliary malignancy with obstructive jaundice.	Dr. Diptangshu Das, 01st year MS (PGT), Department of General Surgery, Medical College, Kolkata
3	Predicting prenatal outcome in pre eclampsia: role of amniotic fluid index and umbilical artery Doppler velocimetry by ultrasound.	Dr. Sutapa Pramanik, 01st year MS (PGT), Department of G & O, Medical College, Kolkata
4	An observational study of appendicular lump with special reference to early intervention and ochsner sherren regime.	Dr. Samidh Shuddha Datta, 01st year MS (PGT), Department of General surgery, Medical College, Kolkata
5	Anterior cruciate ligament reconstruction using hamstring autograft by cortical suspensory versus aperture screw fixation method: a prospective study.	Dr. Rakesh Sarkar, 01st year D. Ortho, Department of Orthopaedics, Medical College, Kolkata
6	Outcome of wrist spanning versus non-spanning technique of external fixation in distal radius fractures: a prospective observational study	Dr. Saikat Sarkar, 01st year D. Ortho, Department of Orthopaedics, Medical College, Kolkata
7	A study to correlate proliferative activity (KI 67) of colonic adenomatters polyp and colonic adenocarcinoma with Cox 2 expression in cases attending tertiary care hospital in Kolkata.	Dr. Abhijeet Barua, 01st year MD (PGT), Department of Pathology, Medical College, Kolkata
8	A comparative study of the association between total body fat percentage (TBF%) and body mass index (BMI) among depressed and normal subjects.	Dr. Arijit Chakraborty, 01st year MD (PGT), Department of Physiology, Medical College, Kolkata
9	Outcome of V-P shunt done in neonates	Dr. Md. Shabbirul Islam, 01st year MCh (PDT), Department of Paediatric Surgery, Medical College, Kolkata
10	To formulate a definite normative value of ECG measurement according to gestational age in Indian perspective.	Dr. Md. Habibullah Sk., 2nd Year PGT, Department of Pediatrics, Medical College, Kolkata
11	Study of Residual C-Peptide level (Fasting and Post OGTT) in Type-1 Diabetes population & it's correlation with the measures of insulin resistance in a Tertiary Care Centre in Eastern India.	Dr. Sayan Ghosh, 01st year DM (PDT), Department of Endocrinology, Medical College, Kolkata
12	Effect of time and temperature on PT, APTT, Fibrinogen, TT, Factor VIII:C and Factor IX:C	Dr. Manish Osta, 01st year DM (PDT), Department of IHTM, Medical College, Kolkata
13	Evaluation of association of the Anti-Mullerian hormone with ovary volume, morphology and clinical parameters in polycystic ovarian syndrome in a tertiary care centre in eastern India.	Dr. Somnath Singh Raghubanshi, 01st year DM (PDT), Department of Endocrinology, Medical College, Kolkata

No	Title	Principal Investigator
14	Prevalence of immune dysfunction in non-transfusion dependent E/Beta thalassemia patients and it's correlation with incidence of infection.	Dr. Vijaykumar Shridharrao Shirure, 01st year DM (PDT), Department of Clinical Haematology, Medical College, Kolkata
15	Effect of low dose secondary prophylaxis versus episodic treatment on joint events in severe haemophilia A patients about two years : a randomized open -label pilot study in eastern India.	Dr. Jasashwi Chakraborty, 01st year DM (PDT), Department of Clinical Haematology, Medical College, Kolkata
16	A comparative study of apgar scores in breach presentation between vaginal and caesarian delivery in a tertiary care centre.	Dr. Sk. Mohammad Rafik, PGT, Department of G & O, Medical College, Kolkata
17	Tailor made anaesthesia in daycare pelvic brachytherapy: a real challenge for anaesthesiologist.	Dr. Priyanka Maitra Karak, PGT, Department of Anaesthesiology, Medical College, Kolkata
18	Evaluation of adnexal masses-correlation of clinical presentation, sonographic assessment and histopathological findings.	Dr. Sreeparna Roy, PGT, Department of G. & O., Medical College, Kolkata
19	A cross-sectional hospital based study on clinical correlates of insight in obsessive compulsive disorder.	Dr. Bidyut Gayen, PGT, Department of Psychiatry, Medical College, Kolkata
20	Assessment of dry eye in patients of primary open angle Glaucoma under topical Timolol maleate (0.5%) compared to controls: a prospective study.	Dr. Debnath Das, PGT, Department of Ophthalmology, RIO, Medical College, Kolkata
21	Significance of ultrasonography in evaluation of vitreoretinal pathologies.	Dr. Champa Mandi, PGT, Department of Radiodiagnosis, Medical College, Kolkata
22	Role of triphasic MDCT in detecting and characterizing focal lesions of liver.	Dr. Preetam Debasish Panda, PGT, Department of Radiodiagnosis, Medical College, Kolkata
23	A clinical study to evaluate the relationship of blood lipid profile Hb A1c and urine microalbumin levels with the stages of diabetic retinopathy and its treatment.	Dr. Arkadeep Chakraborty, PGT, Department of Ophthalmology, RIO, Medical College, Kolkata
24	Clinical types of diabetic macular edema which show response to inj. Intravitreal anti-vascular endothelial growth factor.	Dr. Saumika, PGT, Department of Ophthalmology, RIO, Medical College, Kolkata
25	Endoscopic and conventional microscopic stapes surgery-a comparative study	Dr. Pratyusha Sasmal, PGT, Dept. of ENT, Medical College, Kolkata
26	Prospective study of post operative cystoid macular edema (Pseudophakic CME) and role of intravitreal injection Ranibizumab in its management.	Dr. Sudarshan Roy, PGT, Department of Ophthalmology, RIO, Medical College, Kolkata
27	Endoscopic Cartilage myringoplasty Vs Endoscopic Myringoplasty using fascia-without elevation of Tympanomeatal flaps-a comparative study	Dr. Abhijit Barman, PGT, Dept. of ENT, Medical College Kolkata
28	Subjective and objective evaluation of changes in nasal air flow following septoplasty.	Dr. Sandeep Patel, PGT, Department of E.N.T., Medical College, Kolkata

No	Title	Principal Investigator
29	A clinical trial to evaluate the efficacy of Cilostazol in prevention of flap necrosis in patient undergoing modified radical mastectomy in a tertiary care hospital of West Bengal.	Dr. Dipayan Sen, PGT, Department of Surgery, Medical College, Kolkata
30	Clinic-pathological study of invasive cervical cancer with special emphasis on E6 & E7 oncoproteins and p16 expression in a tertiary care hospital in Kolkata.	Dr. Jibrán Ahmed, PGT, Department of Pathology, Medical College, Kolkata
31	A study on the outcome of fistulectomy versus fistulotomy in a management of low anal fistulae with special reference to sphincteric function.	Dr. Pankaj Kumar Sinha, PGT, Department of Surgery, Medical College, Kolkata
32	Clinico-etiological profile of seizures in children : a tertiary hospital based study.	Dr. Partha Pratim Dey, PGT, Department of Paediatrics, Medical College, Kolkata
33	Physical growth in thalassemic children of 2 to 12 years with multiple transfusions.	Dr. Subhayan Mukherjee, PGT, Department of Paediatrics, Medical College, Kolkata
34	Study of presenting symptoms and stage of disease in patients with ovarian carcinoma during first diagnosis.	Dr. Sayani Maitra, PGT, Department of G & O, Medical College, Kolkata
35	A study of prevalence of retinopathy of prematurity and its risk factors in infants attending a tertiary care hospital.	Dr. Malabika Majumder, PGT, Department of Ophthalmology, Medical College, Kolkata
36	Comparative study of Letrozole vs Clomiphane Citrate in ovulation induction and pregnancy.	Dr. Debolina Ghosal, PGT, Department of G & O, Medical College, Kolkata
37	Diurnal variation in intraocular pressure before and after laser peripheral iridotomy in patients with primary angle closure disease: a prospective observational study.	Dr. Anamika Maji, PGT, Department of Ophthalmology, Medical College, Kolkata
38	Central corneal thickness and intra ocular pressure changes after congenital cataract surgery in Regional Institute of Ophthalmology, Medical College & Hospital, Kolkata- a prospective study.	Dr. Jayeeta Mazumder, PGT, Department of Ophthalmology, Medical College, Kolkata
39	A study of clinico- haematological profile of Dengue fever in adult patients in a district hospital in West Bengal.	Dr. Jarugula Vikram Rao, DNB, Department of General Medicine, Howrah District Hospital, Howrah
40	A study of clinical profile of hyponatremia in adult hospitalized patients in a district hospital.	Dr. Kondreddy N Kumar Reddy, DNB, Department of General Medicine, Howrah District Hospital, Howrah
41	Immunohistochemical sub typing of non-hodgkin lymphoma with special emphasis on expression of Cd10, BCL6, MUM1 in diffuse large B-cell lymphoma.	Dr. Gaurav Pal, PGT, Department of Pathology, Medical College, Kolkata
42	Feto-maternal outcome in jaundice with pregnancy.	Dr. Krishanu Malick, PGT, Department of G & O, Medical College, Kolkata
43	Assessment of anti diabetic drug utilization pattern in a diabetic clinic of a tertiary care hospital in eastern India.	Dr. Arijit Kayal, PGT, Department of Pharmacology, Medical College, Kolkata

No	Title	Principal Investigator
44	A study on role of elevated red cell distribution width to predict severity of acute exacerbation of chronic obstructive lung disease among hospitalized patient.	Dr. Md. Shamim Samrat, PGT, Department of Respiratory Medicine, Medical College, Kolkata
45	A study on adenosine deaminase level in broncho alveolar lavage fluid in clinically and radiologically suspected cases of sputum negative pulmonary tuberculosis.	Dr. Avik Karmakar, PGT, Department of Respiratory Medicine, Medical College, Kolkata
46	Evaluation and correlation of serum immunoglobulin E and vitamin D levels in asthma patients.	Dr. Agnishwar Mukherjee, PGT, Department of Respiratory Medicine, Medical College, Kolkata
47	A study of diffuse parenchymal lung disease in pathents with connective tissue disorders.	Dr. Souparna Saha, PGT, Department of Respiratory Medicine, Medical College, Kolkata
48	Evaluation of thyroid hormone profile in sputum smear positive new pulmonary tuberculosis cases and its correlation with anti-tuberculous chemotherapy.	Dr. Samaresh Dutta, PGT, Department of Respiratory Medicine, Medical College, Kolkata
49	A study on etiology and clinical profile of acute glomerulonephritis in children attending a tertiary care hospital in West Bengal.	Dr. Oishik Roy, PGT, Department of Paediatrics, Medical College, Kolkata
50	Nerve involvement in leprosy: a clinical and electrophysiological study.	Dr. Srishti Agarwal, PGT, Department of Dermatology, Medical College, Kolkata
51	Prophylaxis against reperfusion induced ventricular fibrillation ; a comparative study between amiodarone, lignocaine and magnesium sulphate.	Dr. Souvic Sarkar, PGT, Department of Anaesthesiology, Medical College, Kolkata
52	Efficacy of Tranexamic acid versus placebo in total knee arthroplasty.	Dr. Rhituparna Baksi, PGT, Department of Anaesthesiology, Medical College, Kolkata
53	Assessment of Behavioral Problems in Children with Epilepsy	Dr. Debapriya Roy, PGT, Department of Paediatrics, Medical College, Kolkata
54	Serum ferritin level in children with severe sepsis and septic shock.	Dr. Mohammad Asraf Uz Zaman, PGT, Department of Paediatrics, Medical College, Kolkata
55	The rationality behind performance of routine lumbar puncture in simple febrile seizure in 6-18 months children.	Dr. Sarful Ali, PGT, Department of Paediatrics, Medical College, Kolkata
56	The effect of kangaroo mother care on growth and outcome of low birth weight infants and acceptability of kangaroo mother care to care givers in a tertiary care centre.	Dr. Prasenjit Sadhukha, PGT, Department of Paediatrics, Medical College, Kolkata
57	Comparison of clinical performance of the I-gel with endotracheal tube in patients undergoing abdominal laproscopic surgeries; a randomized control trial.	Dr. Anindita Biswas, PGT, Department of Anaesthesiology, Medical College, Kolkata
58	Clinical evaluation with biochemical pathological and imaging coorelation of patients who underwent cholecystectomy for gall stone diseases.	Dr. Goutam Mondal, PGT, Department of Surgery, Medical College, Kolkata

No	Title	Principal Investigator
59	Clinicopathological study of inflammatory and cystic diseases of epididymis.	Dr. Aman Prakash, PGT, Department of Surgery, Medical College, Kolkata
60	A clinical study and management of varicocele by open retroperitoneal surgical approach (Palomo's Operation).	Dr. Swarnadeep Tarafdar, PGT, Department of Surgery, Medical College, Kolkata
61	An analysis of anti A, anti B, anti AB antibody titers among healthy blood group O donors at a regional blood transfusion centre of Kolkata, West Bengal.	Dr. Soumyarupa Majee, PGT, Department of IHBT, Medical College, Kolkata
62	Correlation of clinical staging of breast carcinoma with histopathology and receptor status in female patients who are not undergoing neo-adjuvant chemotherapy (NACT).	Dr. Maharani Adhikari, PGT, DNB, Session July 2016-2019, Department of General Surgery, District Hospital Howrah.
63	A Study for evaluation of results of proximal fibular osteotomy in case of medial compartment osteoarthritis of knee	Dr. Diganta Mondal, PGT, Department of Orthopaedics, Medical College, Kolkata
64	A study of nutritional status and its relation with CD-4 count in HIV positive children (2 to 12 years), in a tertiary care hospital of Kolkata.	Dr. Sudhir Roy, PGT, Department of Paediatrics, Medical College, Kolkata
65	Comparison of treatment results in locally advanced carcinoma cervix by twice weekly versus weekly high dose rate brachytherapy.	Dr. Barnini Ghosh, PGT, Department of Radiotherapy, Medical College, Kolkata
66	Short terms refractive outcomes in neonates treated with laser photocoagulation or intra vitreal injection Ranibizumab + laser photo coagulation for treatment of retinopathy of prematurity; a retrospective case control study.	Dr. Parthapratim Datta, PGT (2 yrs. Exempted candidate), Department of Ophthalmology, RIO, Medical College, Kolkata
67	The outcome of varus derotation open wedge osteotomy in legg calve perthes disease- a case series.	Dr. Appuchip Gumin Tayeng, PGT, Department of Orthopedics, Medical College, Kolkata
68	A study on utility of magnetic resonance imaging combined with visual rating scales in evaluation of dementia etiologies.	Dr. Prithvijit Chakraborty, PGT, Department of Radiodiagnosis, Medical College, Kolkata
69	A prospective randomized study comparing response and toxicity between conventional and hypofractionated EBRT along with concurrent Cisplatin based chemotherapy in patients with locally advanced head and neck cancers.	Dr. Debjit Ghosh, PGT, Department of Radiotherapy, Medical College, Kolkata
70	Patterns of failure and long term toxicities (Xerostomia, dysphagia) in patients of locally advanced head and neck cancer treated with radiotherapy along with chemotherapy.	Dr. Anish Dasgupta, PGT, Department of Radiotherapy, Medical College, Kolkata
71	A prospective randomized interventional study to compare the tumour regression and toxicity profile in patients of adenocarcinoma of rectum treated with short course radiotherapy followed by delayed surgery versus long course chemo radiotherapy followed by delayed surgery.	Dr. Souransu Sen, PGT, Department of Radiotherapy, Medical College, Kolkata

No	Title	Principal Investigator
72	A prospective study on association between hidden bipolarity and SSRI induced suicidality in adolescent and young depressed patients.	Dr. Manoj Kumar, PGT, Department of Psychiatry, Medical College, Kolkata
73	An explorative study on quality of life, severity and dimensions of stigma in depressive patients presenting with somatic symptoms.	Dr. Subhadeep Roy, PGT, Department of Psychiatry, Medical College, Kolkata
74	Clinico pathological study of oral Squamous cell carcinomas with special emphasis on E6, E7 oncoprotein expression and Ki67 labelling index.	Dr. Arnab Chowdhury, PGT, Department of Pathology, Medical College, Kolkata
75	Study of variations in the branching pattern of femoral artery in human cadavers.	Dr. Madhumita Mahato, PGT, Department of Anatomy, Medical College, Kolkata
76	Metrical and non metrical study of optic canals in human skulls.	Dr. Anamika Ghosh, PGT, Department of Anatomy, Medical College, Kolkata
77	Comparative study of displaced fracture neck of femur fixation by canulated cancellous screw versus paediatric dynamic hip screw with additional derotaion screw.	Dr. Binay Sarkar, PGT, Department of Orthopaedics, Medical College, Kolkata
78	An epidemiological study on spatio-temporal distribution and patterns of selected infectious diseases in India.	Dr. Arista Lahiri, PGT, Department of Community medicine, Medical College, Kolkata
79	Cord serum albumin is compared with cord serum bilirubin as a risk indicator in a case of neonatal hyper bilirubinaemia after induction of labour with oxytocin.	Dr. Arjun Das, PGT, Department of G. & O., Medical College, Kolkata
80	A study to observe the relationship of optic disc changes, central corneal thickness, visual field defects and retinal nerve fibre layer thickness in primary open angle glaucoma patients in a tertiary hospital, Kolkata, West Bengal.	Dr. Satinath Ghosh, PGT (2 yrs. Exempted candidate), Department of Ophthalmology, RIO, Medical College, Kolkata
81	Predictors of pregnancy in a couple with unexplained infertility followed by ovarian stimulation and intrauterine insemination.	Dr. Prajna Paromita Ghosh, PGT, Department of G. & O., Medical College, Kolkata
82	A study on anti-malarial measures in Kolkata Municipal Corporation Area, West Bengal.	Dr. Diptasree Mukherjee, PGT, Department of Community Medicine., Medical College, Kolkata
83	A comparative study on efficacy and safety of two preparations of dinoprostone (gel versus pessary) in labor induction at term.	Dr. Pragati, PGT, Department of G. & O., Medical College, Kolkata
84	Role of anti-mullerian hormone as a diagnostic and prognostic tool in PCOS.	Dr. Anu Meena, PGT, Department of G. & O., Medical College, Kolkata
85	Study comparing one step versus two step method of screening for gestational diabetes mellitus and its clinical implication (fetomaternal outcome).	Dr. Divya Dhall, PGT, Department of G. & O., Medical College, Kolkata
86	A quality improvement study on implementation of partograph and its effect on clinical outcome.	Dr. Ritu Raj, PGT, Department of G. & O., Medical College, Kolkata

No	Title	Principal Investigator
87	A study on epidemiology and management of molar pregnancy in a tertiary care hospital.	Dr. Sanjib Das, PGT, Department of G. & O., Medical College, Kolkata
88	A study on acceptance and compliance of DMPA (Depot metroxy progesterone acetate) for post partum contraception in a tertiary care centre in eastern India.	Dr. Sudev Roy, PGT, Department of G. & O., Medical College, Kolkata
89	A prospective study evaluating the incidence and factors associated with occurrence of pulmonary toxicity in breast carcinoma patients undergoing post mastectomy adjuvant radiotherapy.	Dr. Kushal Goswami, PGT, Department of Radiotherapy, Medical College, Kolkata
90	A study on the effect of diabetes mellitus on central corneal thickness and intraocular pressure in patients attending a tertiary care hospital in Kolkata, India.	Dr. Devadri Basu, PGT, Department of Ophthalmology, Medical College, Kolkata
91	A comparative study on fixed dose combination of Brimonidine 0.2% and Timolol 0.5% vs monotherapy Brimonidine or Timolol in patients with primary open angle Glaucoma.	Dr. Ashapura Borgohain, PGT, Department of Ophthalmology, RIO, Medical College, Kolkata
92	Total or subtotal replacement of tarsal plate by silicon plate in upper eyelid reconstruction in malignant tumour.	Dr. Basupurna Majumdar, PGT, Department of Ophthalmology, RIO, Medical College, Kolkata
93	Prevalence of anaemia and erythropoietin deficiency in early diabetic nephropathy and its correlation with micro-albuminuria.	Dr. Munmun Saha, PGT, Department of Biochemistry, Medical College, Kolkata
94	A prospective randomized study to assess the safety and efficacy of different fractionation schedules of HDR Brachytherapy using fletcher-suit-delclos applicator in patients with locally advanced carcinoma of cervix.	Dr. Subhendu Gangopadhyay, PGT, Department of Radiotherapy., Medical College, Kolkata
95	Safety and efficacy of hydroxychloroquine as add on therapy in uncontrolled type II diabetic patients who are using two oral anti diabetic drugs.	Dr. Avick Nag, 2nd year PGT, Department of Medicine, Medical College, Kolkata
96	A comparative study between mifepristone alone versus combination of mifepristone and misoprostole for induction of labour in case of intrauterine fetal death.	Dr. Piyali Ghosh, PGT, Department of G. & O., Medical College, Kolkata
97	A comparative study of serum vitamin D3 level in cases of spontaneous abortion following proven cardiac activity of embryo/fetus with relation to normal ongoing pregnancies.	Dr. Chaitali Sengupta, PGT, Department of G. & O., Medical College, Kolkata
98	Comparative study between CBNAAT, culture and Zeihl-Neelsen smear of acid fast bacilli in patients attending in a tertiary care hospital in Kolkata.	Dr. Indranil Aich, PGT, Department of Microbiology, Medical College, Kolkata
99	Study on effectiveness of single dose of depot medroxyprogesterone acetate immediately after abortion to achieve Healthy Timing and Spacing of pregnancy.	Dr. Isuva Mandal, PGT, Department of G. & O., Medical College, Kolkata
100	A cross-sectional study on the correlation of serum vitamin D, calcium and CA-125 levels with stage and symptoms of endometriosis.	Dr. Saurav Bose, PGT, Department of G. & O., Medical College, Kolkata

No	Title	Principal Investigator
101	A prospective study on adverse drug reaction monitoring of Efavirenz based anti-retroviral therapy in HIV patients of Paediatric age group.	Dr. Purba Chakrabarty, PGT, Department of Pharmacology, Medical College, Kolkata
102	Role of high resolution computed tomography in the evaluation of interstitial lung disease.	Dr. Sanjib Saha, PGT, Department of Radiodiagnosis, Medical College, Kolkata
103	Effect of cataract surgery on intraocular pressure in non glaucomatous patients- a prospective study.	Dr. Madhurima Chandra, PGT, Department of Ophthalmology, RIO, Medical College, Kolkata
104	Mechanical corneal injuries and their visual outcome in patients attending a tertiary care hospital in eastern India.	Dr. Maitrayee Saha, PGT, Department of Ophthalmology, RIO, Medical College, Kolkata
105	Assessment of perianastomotic haemodynamic parameters such as mass flow and wall shear stress in end to side vis a vis side to side coronary artery by-pass grafts using veins by Computational Fluid Dynamics.	Dr. Saikat Chaudhuri, 01st year Mch (PDT), Department of CTVS, Medical College, Kolkata
106	Povidine iodine versus tranexamic acid for pleurodesis in malignant pleural effusion; a comparative pilot study.	Dr. Sayar Mridha, 01st year MD (PGT), Department of Pulmonary Medicine, Medical College, Kolkata
107	A clinicopathological study on nodular goitre of thyroid with special reference to ultrasonography and the Bethesda system of reporting of thyroid cytopathology.	Dr. Rajasik Raha, 01st year MS (PGT), Department of ENT, Medical College, Kolkata
108	Randomized, double blind clinical trial to access the effectiveness of topical minoxidil (5%) + topical finasteride (0.1%) fixed-dose combination versus topical minoxidil (5%) + oral finasteride (1mg/ day) in Grade II-IV androgenetic alopecia : a pilot study.	Dr. Debatri Datta, 01st year MD (PGT), Department of Dermatology, Medical College, Kolkata
109	Intra venous labetalol versus intra venous hydralazine in the management of severe pre-eclampsia: randomised recipient blinded clinical trial.	Dr. Nidhi Somani, 01st year MS (PGT), Department of G & O, Medical College, Kolkata
110	Norethisterone versus levonorgestrel intra uterine systems in heavy menstrual bleeding: randomised open labelled clinical trial.	Dr. Barnali Sarkar, 01st year MS (PGT), Department of G & O, Medical College, Kolkata
111	An open label add-on clinical trial on tocolytic effect of exogenous human chorionic gonadotropin in preterm labour.	Dr. Ankita Dan, 01st year MS (PGT), Department of G & O, Medical College, Kolkata
112	Mass closure technique versus x-suture technique of closure of midline incisions given during emergency laparotomy: a comparative study.	Dr. Subhashis Naskar, 01st year MS (PGT), Department of General surgery, Medical College, Kolkata
113	Clinicopathological characteristics of benign breast diseases presenting with mastalgia without a discrete lump and its correlation with ER/ PR status and Ki-67 scoring.	Dr. Sushanta Sarkar, 01st year MS (PGT), Department of General surgery, Medical College, Kolkata
114	Comparative study of early enteral feeding versus para enteral feeding on outcomes of patients of acute pancreatitis.	Dr. Satyaprakash Kuila, 01st year MS (PGT), Department of General surgery, Medical College, Kolkata

No	Title	Principal Investigator
115	Assessment of thyroid function tests in patients with compensated chronic liver diseases attending a tertiary care hospital.	Dr. Indradip Maity, 01st year MD (PGT), Department of General medicine, Medical College, Kolkata
116	An analytical study of Caesarean section based on Robson Ten Group classification system in a tertiary care hospital.	Dr. Shreemanti Bhattacharyya, 01st year MS (PGT), Department of G & O, Medical College, Kolkata
117	Chemical sphincterotomy with Botulinum toxin versus surgical treatment in the management of chronic fissure in ano: a comparative study.	Dr. Shaikh Wasim Rana, 01st year MS (PGT), Department of General Surgery, Medical College, Kolkata
118	A study on outcome of hepatic fibrosis in chronic hepatitis B patients on anti viral therapy.	Dr. Avick Nag, 01st year MD (PGT), Department of General Medicine, Medical College, Kolkata
119	A prospective study comparing concurrent chemo radio therapy versus neo adjuvant chemotherapy followed by radiotherapy in inoperable locally advanced oesophageal carcinoma.	Dr. Saroj Kumar Halder, 01st year MD (PGT), Department of Radiotherapy, Medical College, Kolkata
120	The effect of vitamin E (Mixed tocotrianol) on the liver stiffness measurement, measured by transient elastography (Fibroscan) among NAFLD patient.	Dr. Manas Kumar Datta, 01st year MD (PGT), Department of General Medicine, Medical College, Kolkata
121	A study of clinical and biochemical profile of hepatic and pancreatic dysfunction in dengue cases.	Dr. Sudipta Kumar Roy, 01st year MD (PGT), Department of General Medicine, Medical College, Kolkata
122	A study of the clinical profile of acute ischemic stroke treated with intravenous thrombolysis in a tertiary care centre in Kolkata.	Dr. Avik Mukherjee, 01st year DM (PDT), Department of General Medicine, Medical College, Kolkata
123	A comparative study on metabolic changes, inflammatory changes and carotid artery wall thickness in ART naïve HIV positive patients with non HIV population.	Dr. Subhadeep Mandal, 01st year MD (PGT), Department of General Medicine, Medical College, Kolkata
124	A prospective study on changes of metabolic profile in patients of malaria, relationship with severity and effect of anti-malarial treatment on it, in a tertiary care hospital, Kolkata.	Dr. Soumaditya Banerjee, 01st year MD (PGT), Department of General Medicine, Medical College, Kolkata
125	A study on factors associated with conversion of long term non -progressor to long term progressor in a tertiary care hospital- A descriptive study on perinatally HIV infected paediatric survivors.	Dr. Susrita Banerjee, 3rd Year PGT, M.D.(Paediatric), Department of Paediatric medicine, Medical College & Hospital, Kolkata.
126	An epidemiological study on depression and sleep quality among geriatric population in a rural block of West Bengal.	Dr. Arista Lahiri, PGT, Department of Community Medicine, Medical College, Kolkata
127	Body iron profile and its relation to metabolic syndrome and insulin resistance in type II diabetes mellitus patients.	Dr. Debanjan Garai, PGT, Department of Biochemistry, Medical College, Kolkata
128	Role of triphasic MDCT in detecting and characterizing focal lesions of liver.	Dr. Preetam Debasish Panda, PGT, Department of Radiodiagnosis, Medical College, Kolkata

No	Title	Principal Investigator
129	Study of changes in serum lipid profile in hypothyroid subjects analyzed on the background of their serum 25 hydroxy vitamin D status.	Dr. Mosaraf Hossain, PGT, Department of Biochemistry, Medical College, Kolkata
130	A clinical study on presentation and management of Squamous variety of choronic otitis media in paediatric population.	Dr. Buddhadeb Bhattacharyya, PGT, Department of E. N. T., Medical College, Kolkata
131	Study of facial nerve in superficial parotidectomy : an observational study.	Dr. Subhadip Sardar, PGT, Department of E. N. T., Medical College, Kolkata
132	A comparison of visual and anatomical outcome between pars plana vitrectomy alone and pars plana vitrectomy with sclera buckling in Rhegmatogenous retinal detachment.	Dr. Subhasree Sengupta, PGT, Department of Ophthalmology, Medical College, Kolkata
133	Study of correlation of early post natal weight gain with development of retinopathy of prematurity using WINROP tool and severity of retinopathy of prematurity.	Dr. Ananya Das, PGT, Department of Ophthalmology, Medical College, Kolkata
134	Agreement between central and peripheral capillary refill time and its usefulness as indicator of serious bacterial infection in febrile children (2 months to 12 years).	Dr. Rokaiyya Anis, PGT, Department of Paediatric medicine, Medical College, Kolkata
135	The Koebner phenomenon in vitiligo : a clinical study.	Dr. Pranab Das, PGT, Department of Dermatology, Medical College, Kolkata
136	Palmoplantar dermatoses : a clinicoepidemiological study	Dr. Aniruddha Chakrabarti, PGT, Department of Dermatology, Medical College, Kolkata
137	A study on the causes of delayed presentation in patients requiring emergency tracheostomy and the complications related to the surgical procedure.	Dr. Hirendra Nath Das, PGT, Department of E.N.T., Medical College, Kolkata
138	Prevalence of retinopathy of prematurity associated with high risk pregnancy: a retrospective cohort study in a tertiary care hospital.	Dr. Mahesh Chattopadhyay, PGT, Department of Ophthalmology, RIO, Medical College, Kolkata
139	Early onset vs late onset Psoriasis : comparative study of clinical variables and association with HLACW6.	Dr. Farhat Fatima, PGT, Department of Dermatology, Medical College, Kolkata
140	Prevalence of colour vision abnormality among school children attending a tertiary eye care centre.	Dr. Suman Chandra Sen, PGT, Department of Ophthalmology, RIO, Medical College, Kolkata
141	Histopathological study of tumour budding in colorectal carcinoma and correlation with clinicopathological stage.	Dr. Protik Mondal, PGT, Department of Pathology, Medical College, Kolkata
142	A study to access the status of serum ferritin, CRP & insulin levels in first trimester of pregnancy as a predictive bio-marker of gestational diabetes mellitus.	Dr. Mayukh Chakraborty, PGT, Department of Gynae. & Obs., Medical College, Kolkata
143	Efficacy of Tramexamic acid in reducing blood loss during and after lower segment cesarean section - a prospective case control study.	Dr. Sriparna Mukherjee, DNB (1st Year), Department of G. & O., Howrah District Hospital, Howrah.

No	Title	Principal Investigator
144	Management of suspicious oral lesion : search for a universal screening tool in diagnosis and follow up.	Dr. Neeraj Aggarwal, PGT, Department of ENT, Medical College, Kolkata
145	Non-invasive assessment of sub clinical atherosclerosis among HIV infected children and adolescents.	Dr. Moksuda Khatun & two others, PGT, Department of Paediatric medicine, Medical College, Kolkata
146	Study on prevalence of coronary artery disease risk factors and angiographic profile in valvular heart disease patients undergoing valve surgery in medical college Kolkata.	Dr. Avik Karak, PDT, Session 2016-2019, Department of Cardiology, Medical College, Kolkata
147	A study on strain and strain rate imaging in active coronary syndrome patients attending a tertiary care hospital in eastern India.	Dr. Kuntal Bhattacharyya PDT, Session 2016-2019, Department of Cardiology, Medical College, Kolkata
148	Study on clinical and echo-cardiographic assessment of right ventricular function in patients with mitral valve disease in Medical College, Kolkata.	Dr. Basabendra Choudhury, PDT, Session 2016-2019, Department of Cardiology, Medical College, Kolkata
149	An autopsy based study on demographic profile of burn victims and their mortality profile in relation with total body surface area involved.	Dr. Deepmalya Sengupta, PGT, Session 2016-2019, Department of F.S.M., Medical College, Kolkata
150	A comparative study between intrathecal chloroprocaine and a combination of lignocaine and bupivacaine versus bupivacaine alone in patients undergoing pelvic brachytherapy.	Dr. Priyanka Maitra Karak, PGT, Department of Anaesthesiology, Medical College, Kolkata
151	Letrozole vs Clomiphane Citrate in ovulation induction and pregnancy : an open label randomized parallel group clinical trial.	Dr. Deblina Ghosal, PGT, Department of G & O, Medical College, Kolkata
152	Central corneal thickness and intra ocular pressure changes after congenital cataract surgery - a prospective study.	Dr. Jayeeta Mazumder, PGT, Department of Ophthalmology, Medical College, Kolkata
153	Comparison of time to intubate between ambu auragain and laryngeal tube suction vs proseal LMA in simulated difficult airway.	Dr. Rehena Parveen, PGT, Department of Anaesthesiology, Medical College, Kolkata
154	Comparative study of the effects of intra thecal clonidine and fentanyl as adjuvants with low dose hyper baric bupivacaine for unilateral spinal anaesthesia in lower limb surgeries.	Dr. Sonali Chatterjee, PGT, Department of Anaesthesiology, Medical College, Kolkata
155	Change in refractive status following pterygium surgery with bare sclera technique vs conjunctival autografting in a tertiary eye care centre : a comparative study.	Dr. Indrani Bhattacharyya, PGT, Department of Ophthalmology, Medical College, Kolkata
156	Evaluation of low pressure pneumoperitoneum for laparoscopic cholecystectomy.	Dr. Parvez Asfiah, PGT, Department of General Surgery, Medical College, Kolkata
157	Objective characterization of autonomic profile using time series data of cardiac signal in diabetes mellitus.	Dr. Avik Basu, PGT, Department of Physiology, Medical College, Kolkata

No	Title	Principal Investigator
158	A study of perinatal asphyxia in a tertiary care hospital with reference to perinatal risk factors and short term outcome.	Dr. Tonmay Barai, PGT, Department of Paediatrics, Medical College, Kolkata
159	A study on awareness and willingness regarding eye donation among adults residing in the urban field practice area of Medical College, Kolkata	Dr. Shibaji Gupta, 2nd year, PGT, Department of Community Medicine, Medical College, Kolkata
160	A randomized double blind study comparing intravenous esmolol and intra venous labetalol in attenuation of haemodynamic response during laparoscopy and intubation for abdominal surgeries under general anaesthesia.	Dr. Arnab Adhakari, PGT, Department of Anaesthesiology, Medical College, Kolkata
161	Study on duration of sensory block with Dexmedetomidine or Clonidine versus Fentanyl as adjuvant to Hyperbaric Bupivacaine in spinal anaesthesia for lower limb surgery.	Dr. Saurav Bhattacharya, PGT, Department of Anaesthesiology, Medical College, Kolkata
162	Use of topical vancomycin for reduction of sternal wound infection in off pump coronary artery bypass surgery A prospective randomized blinded controlled study.	Dr. Somnath Ghosh, PGT, Department of Anaesthesiology, Medical College, Kolkata
163	Double blind comparative study of intravenous Dexmedetomidine with Clonidine as premedication for attenuation of haemodynamic response during laryngoscopy and endo tracheal intubation under general anaesthesia in laproscopic abdominal surgery.	Dr. Chandan Saha, PGT, Department of Anaesthesiology, Medical College, Kolkata
164	Effect of vaginal pH on efficacy of dinoprostone gel for labour induction.	Dr. Jitesh Satija, PGT, Department of G & O, Medical College, Kolkata
165	A comparison of the efficacy of folly catheter versus PGE2 Gel for cervical ripening of unfavourable cervix in induction of labour at term pregnancy.	Dr. Riya Chakrabarty, PGT, Department of G & O, Medical College, Kolkata
166	A comparative study of the efficacies of danazol, ormeloxifen and topical NSAIDS (diclofenac gel) in the treatment of mastalgia and ANDI of breast.	Dr. Tapas Kumar Roy, PGT, Department of Surgery, Medical College, Kolkata
167	Evaluation of insulin resistance in Indian adult obese female and its correlation with anthropometric parameters.	Dr. Serina Khatun, PGT, Session 2016-2017, Department of Physiology, Medical College, Kolkata
168	Interlocking nail versus plate osteosynthesis in fracture shaft of humerus : a prospective study.	Dr. Aayush Kumar Sinha, PGT, Session 2016-2019, Department of Orthopaedics, Medical College, Kolkata
169	Ilizarov ring fixator versus minimally invasive plate osteosynthesis using locking plate in closed comminuted distal tibial fracture : a prospective study	Dr. Rohit Babu Ojha, PGT, Session 2016-2019, Department of Orthopaedics, Medical College, Kolkata
170	Fixation by dynamic hip screw versus proximal femoral nail in intertrochanteric fractures of femur : a prospective study.	Dr. Snehadrit Mukherjee, PGT, Session 2016-2019, Department of Orthopaedics, Medical College, Kolkata

No	Title	Principal Investigator
171	Late collapse of distal radius fractures managed conservatively and with per-cutaneous pinning (K- wires) : a prospective study.	Dr. Kaushik Mandal, PGT, Session 2016-2019, Department of Orthopaedics, Medical College, Kolkata
172	Comparative study of internal fixation of Diaphyseal fractures of both bones of the forearm in adults between Intramedullary nail and Plate osteosynthesis.	Dr. Atin Biswas, PGT, Department of Orthopaedics, Medical College, Kolkata
173	Epidemological study on neonatal sepsis in a tertiary care hospital	Dr. Sk. Enayet Ali, PGT (Exmp. Cat.) Department of Orthopaedics, Medical College, Kolkata
174	A prospective randomized study comparing accelerated radiotherapy versus conventional concomitant chemoradiation in locally advanced carcinoma cervix.	Dr. Debashis Das, PGT, Department of Radiotherapy, Medical College, Kolkata
175	A Comparative Study of A Combination of 1st generation elisa and 4th generation immune- chromatographic test with gold standard RTPCR for the diagnosis of hepatitis C Virus infection attending a tertiary care hospital in Kolkata	Dr. Somenath Acharya, PGT, Department of Microbiology, Medical College, Kolkata
176	Evaluation of Nerve Conduction studies in diabetics aged forty years and beyond.	Dr. Sukhajit Bagchi, 1st Year PGT, M.D.(Physiology), Department of Physiology, Medical College & Hospital, Kolkata.
177	A study on assessment of immediate clinical outcome of new born with Meconium stained amniotic fluid in Howrah District Hospital of West Bengal	Dr. B. Gayathri Priyadarshini, DNB trainee, Department of Paediatrics, Howrah District Hospital, West Bengal
178	Effect of intravenous lignocaine, esmolol and clonidine on haemodynamic response to laryngoscopy and orotracheal intubation in normo tensive patients; a double blinded comparative study.	Dr. Arti Sinha, DNB trainee, Department of Anaesthesiology, Howrah District Hospital, West Bengal

C) Principal Investigator: Others (MBBS students, Nursing faculties/students and others)		
No	Title	Principal Investigator
1	Correlation between gestational age and length of the newborn in eastern region of India in a tertiary care hospital.	Dr. Oindrila Roy, 4th year MBBS, Department of Paediatrics, Medical College, Kolkata
2	A cross-sectional study on exploring barriers for early initiation of breastfeeding among mothers in the post-natal ward of a tertiary care hospital in Kolkata	Arunava Pariya, 6th Semester, MBBS course, Medical College, Kolkata
3	A knowledge, attitude and practices towards iron deficiency anaemia among the antenatal mothers attending rural and urban training centres of a tertiary care hospital of West Bengal.	Arnabi Sarkar, 6th Semester, MBBS course, Medical College, Kolkata
4	Assessment of the changes in FRC, pre and post treatment, in stable COPD patients, using chest X rays and spirometry as tools and determination of its correlation with symptomatic staging.	Dr. Meghdeepa Sengupta, 3rd Semester MBBS, Department of Chest medicine, Medical College, Kolkata
5	A study to access the occurrence of Post natal depression and it's risk factors among post natal women admitted in selected post natal ward in Medical College & Hospital, Kolkata	Mrs. Sanmeta Nandy & four others, 2nd year M.Sc. Nursing Student (Psychiatric speciality), College of Nursing, Medical College & Hospitals, Kolkata
6	A study to analyse the trends of attendance of HIV positive mothers in relation to total HIV positive patients and specific challenges faced by HIV positive mothers in selected ART centres in Kolkata	Miss. Srirupa Mandal, M.Sc. (nursing), 2nd year, NRS MCH, Kolkata
7	The detection of cancer cells using polarized light.	Dr. Shirsendu Sarkar, Part time Research Scholer, Department of Applied Optics and Photonics, University of Calcutta.
8	A study to assess health care practices and quality of life among chronic kidney disease patients in selected hospitals, Kolkata.	Hengwale Moala, 1st Year M.Sc.Nursing, College Of Nursing, Medical College & Hospital, Kolkata.
9	To know the knowledge of the mothers (Care givers) about the cause of diarrhoea and its management.	Smt. Swagata Dutta, Diploma in Nutrition & Health Education, IGNOU, Batch-2016, Kolkata. Dr. Kalpana Dutta, Professor, Department of Paediatric Medicine, Medical College, Kolkata
10	Pre-treatment and post-treatment evaluation of abdominal malignancies by automated CT using machine learning techniques.	Smt. Tiyasa Chakraborty, PhD scholar, Department of I.T., N.I.T., Durgapur.
11	Psychological implication of hair loss following chemotherapy intervening with completion of adjuvant therapy for breast cancer.	Priyanka Mandal, 6th Semester MBBS Student, Batch 2014-2019, Medical College, Kolkata
12	A knowledge, attitude and practices towards iron deficiency anaemia among the antenatal mothers attending rural and urban training centres of a tertiary care hospital of West Bengal.	Arnabi Sarkar, 6th Semester, MBBS course, Medical College, Kolkata

No	Title	Principal Investigator
13	Determination of time since death from Post mortem levels of serum sodium and blood pH levels in burn and non burn cases.	Sagnik Roy, 6th Semester, MBBS, Medical College, Kolkata.
14	A study to assess the common health problems and health care practices among the tribal people in selected rural community in Jalpaiguri district, West Bengal.	Mamta Tamang, 1st Year M.Sc. Nursing, College Of Nursing, Medical College & Hospital, Kolkata.
15	Identification of risk factor and risk status of colorectal cancer among the patient with G.I. problem attending gastroenterology OPD in selected hospital in Kolkata.	Sampa Mitra, 1st Year M.Sc. Nursing College Of Nursing, Medical College & Hospital, Kolkata.
16	A comparative study on knowledge, attitudes and risk perception on complications of type-2 diabetes mellitus between male and female type-2 diabetes patients attending diabetic clinic in selected hospitals of West Bengal.	Baisakhi Pramanik, 1st Year M.Sc. Nursing, College Of Nursing, Medical College & Hospital, Kolkata.
17	Impact of motivational interview on prevention of recurrence of renal calculi in terms of knowledge, lifestyle practices and selected biochemical parameters among patients with renal calculi attending urology OPD in selected hospital, Kolkata.	Sweta Sarkar, 1st Year M.Sc. Nursing, College Of Nursing, Medical College & Hospital, Kolkata.
18	A study to assess the occurrence and factors associated of severe acute maternal morbidity (SAMM) among women admitting maternity department, in selected hospital, Kolkata, West Bengal.	Shukla Banerjee (Dey), 1st Year M.Sc. Nursing, College Of Nursing, Medical College & Hospital, Kolkata.
19	A study to assess knowledge, attitude and practice about parental role among spouse of pregnant women in selected Govt. hospital in west Bengal.	Piyali Maiti, 1st Year M.Sc. Nursing College Of Nursing, Medical College & Hospital, Kolkata.
20	A study to assess the level of adherence to respectful maternity care(RMC)and reasons of non-adherence among health professionals in the maternity department of selected Hospital, West Bengal.	Arunima Ghosh, 1st Year M.Sc. Nursing, College Of Nursing, Medical College & Hospital, Kolkata.
21	A study to assess the health problems and factors associated with utilization of Anwesha clinic among adolescents in selected rural area, West Bengal.	Tania Dutta, 1st Year M.Sc. Nursing College Of Nursing, Medical College & Hospital, Kolkata.
22	A co relational study on moral distress and barrier to patient care among staff nurses working in a selected Govt. Hospital West Bengal.	Tanusree Biswas, 1st Year M.Sc. Nursing, College Of Nursing, Medical College & Hospital, Kolkata.
23	A study to assess perceived women's rights, obligations and family support towards nursing service and professional development among married nurses in selected hospital, Kolkata.	Jerusha Moktan, 1st Year M.Sc. Nursing, College Of Nursing, Medical College & Hospital, Kolkata.
24	A study to determine the relationship between self-awareness, academic achievements and psychosocial behavior among basic B.Sc. Nursing students of selected nursing colleges of Kolkata West Bengal.	Kusum Lata, 1st Year M.Sc. Nursing College Of Nursing, Medical College & Hospital, Kolkata.

No	Title	Principal Investigator
25	A study to identify borderline personality disorder and its associated factors among adolescents in selected schools, Kolkata, west Bengal.	Mukulika Samanta, 1st Year M.Sc. Nursing, College Of Nursing, Medical College & Hospital, Kolkata.
26	A study to assess the parental and adolescents attitude and practice towards freedom in lifestyle of adolescents in selected urban area, Kolkata, West Bengal	Suchisnata Nath, 1st Year M.Sc. Nursing, College Of Nursing, Medical College & Hospital, Kolkata.
27	A study to assess the satisfaction level of clients towards team of psychiatric care admitted in selected psychiatric Hospital, Kolkata.	Tulu Sikdar, 1st Year M.Sc. Nursing College Of Nursing, Medical College & Hospital, Kolkata.
28	A study to assess the follow-up services rendered by health care providers, identification of problems and satisfaction level among PPIUCD users in selected rural community under Jhargram health district.	Sriparna Satpathy, 1st Year M.Sc. Nursing, College Of Nursing, Medical College & Hospital, Kolkata.
29	A study to assess the occurrence of disability, knowledge and practice of disability prevention among leprosy patients in the selected leprosy clinic of Kolkata, West Bengal.	Tanima Pramanik, 1st Year M.Sc. Nursing, College Of Nursing, Medical College & Hospital, Kolkata.
30	Autonomy, practice and barriers of nurse practitioners in midwifery and general nurse-midwives in providing maternity care in selected BPHCs in West Bengal.	Susmita Halder, 1st Year M.Sc. Nursing, College Of Nursing, Medical College & Hospital, Kolkata.
31	A study to find out the IMNCI services rendered by health worker and reasons of non-rendered services in selected rural community of Assam.	Jyoti Lakshmi Handique, 1st Year M.Sc. Nursing, College Of Nursing, Medical College & Hospital, Kolkata.
32	A comparative study on the effect of digitalization verses live demonstration on normal delivery skill among B.Sc. Nursing students of a selected nursing college of Kolkata.	Nitu Kundu, 1st Year M.Sc. Nursing College Of Nursing, Medical College & Hospital, Kolkata.
33	A study to assess the knowledge, practice and barriers regarding administration of essential drugs and supplements as per standing order among female health workers working in community setting of selected blocks in South 24 Parganas.	Nipannita Ghosh, 1st Year M.Sc. Nursing, College Of Nursing, Medical College & Hospital, Kolkata.
34	A study to assess the factor affecting lifestyle practices among the children with acute lymphocytic leukemia in a selected hospital in West Bengal.	Tirna Sikdar, 1st Year M.Sc. Nursing College Of Nursing, Medical College & Hospital, Kolkata.
35	A study to assess the occurrence of asthma and its risk factors among children with respiratory symptoms in a selected district hospital of West Bengal.	Tannistha Maji, 1st Year M.Sc. Nursing, College Of Nursing, Medical College & Hospital, Kolkata.
36	A study to assess the effectiveness of awareness programme on knowledge regarding home management of febrile convulsion among mother of children with febrile convulsion in IPD & OPD of selected hospital, Kolkata.	Sudeshna Roy, 1st Year M.Sc. Nursing, College Of Nursing, Medical College & Hospital, Kolkata.

No	Title	Principal Investigator
37	A study to find out physical, emotional & social problems experienced by the mothers of babies admitted in NICU/ SNCU of selected Govt. hospitals of Kolkata, West Bengal.	Ankita Ghosh, 1st Year M.Sc. Nursing College Of Nursing, Medical College & Hospital, Kolkata.
38	Clinico-microbial study of neonatal septicaemia in a tertiary care hospital in Kolkata	Navodeep Saha, 4th Semester MBBS, Department of Microbiology, Medical College, Kolkata
39	Detection of Inducible Clindamycin resistance among Clinical Isolates of Staphylococcus Aureus from tertiary care Hospital, Esatern India.	Chandan Kumar Poddar, 1st Year M.Sc. (Medical Microbiology), Department of Microbiology, Medical College & Hospital, Kolkata.
40	A Study On Effectiveness Of Traditional Vs. You Tube Learning On Closed ET Tube Suctioning Among Newly Joined Staff Nurses In Medical College And Hospital, Kolkata.	Ms. Shukla Chakraborty & Nine others, B. Sc. (Nursing) 3rd year students, College of Nursing, Medical College & Hospital, Kolkata
41	Determination of time since death from Post mortem levels of serum sodium and blood pH levels in burn and non burn cases.	Sagnik Roy, 6th Semester, MBBS, Medical College, Kolkata.
42	Descriptive observational study of large vessel atherothrombosis versus small vessel disease and their relation with hypertension.	Rohini Ghosh, 4th Semester MBBS, Department of Pharmacology, Medical College, Kolkata
43	Prospective observational study to assess the prevalence of comorbid depression among type -II diabetes patients in a tertiary care hospital in relation with socio demographic and clinical factors.	Roshni Dhar, 4th Semester MBBS, Department of Pharmacology, Medical College, Kolkata
44	A study to access the quality of life of cervical cancer patients undergoing chemotherapy or, radiotherapy attending the department of radiotherapy of a tertiary care Hospital in Kolkata.	Debolina Pramanik, 4th Semester MBBS, Department of Community Medicine, Medical College, Kolkata

Annual Departmental Report 2017

Department of Anaesthesiology

Number of operations in

DHB OT - 2364

Green OT -2536

Orthopaedics OT- 2478

CTVS OT- 502

SNS OT-463

ENT OT-1500

Eden OT- 234

Brachytherapy OT -50

Number of CME in 2017-

1. concept of mechanical ventilation by Dr Shaila Kamat.
2. Ultrasound in anesthesia and critical care by Dr Pradipta Bhakta.
3. Desflurane by Dr Paul Hertz.
4. Neonatal anesthesia by Dr Kallol Chaudhury.
5. Burns-Role of anesthesiologist by Dr Swapna Chaudhury.
6. Neuropathic pain by Dr. Sabyasachi Das, Dr. Amitayu Nandy, Dr. Subrata Goswami

Participation in National Conference in 2017 -

Prof. Sudakshina Mukherji (Speaker on Pierre-robin syndrome at ISACON 2017 : Chairperson in critical care update organized by AMRI hospital at science city in January 2017 : Chairperson in Annual conference on bariatric surgery in Kolkata : Speaker on cleft lip/palate at PG Assembly at IPGMER IN 2017)

Prof. Sabyasachi Das (Workshop on research methodology : Speaker on Capnography at ISACON 2017 : HG Barat oration)

Dr. Pinaki Majumder (Workshops on EC, MO, TTE, TEE: Speaker on TIVA, Faculty for the workshop on Lung isolation technique at 2017 NAC)

Dr. Koel Mitra (Workshop on Anaesthesia workstation :Speaker on Cancer psychosis at ISACON 2017)

Dr. Rita Haldar (Chairperson on the topic Recent advances in blood transfusion at ISACON 2017)

Dr. Enakshi Saha

Participation in Basudev Guha memorial 2017

Dr. Priyanka Maitra Karak (Intraoperative esmolol infusion reduces postoperative fentanyl requirement in patients undergoing elective cholecystectomy)

Dr. Sweta Bhattacharya (Comparison between eutectic mixture of local anaesthetic vs capsaicin-diclofenac ointment in reducing pain during peripheral venous cannulation in patients of 6-15 years of age)

Dr. Sangshaptak Saha (Role of dexamethasone in reducing incidence and severity of fentanyl induced cough in patients undergoing elective surgery under general anaesthesia)

Participation in Sarojini devi 2017

Dr. Priyanka maitra Karak (Isoflurane and small dose propofol versus isoflurane alone for removal of i-gel in deep plane of anaesthesia in paediatric infraumbilical surgery-which is a better technique?)

Dr. Sweta Bhattacharya (Prophylactic comparison between norepinephrine and phenylephrine on blood pressure after spinal anaesthesia in patients undergoing elective caesarean section)

Dr. Upasana Naskar (A study comparing the effects of plasmalyte and ringers lactate in patients undergoing prolonged gastro-intestinal surgery)

Participation in ISACON 2017

Prof Sudakshina Mukherji

Prof Sabyasachi Das

Dr Enakshi Saha

Dr. Pinaki Majumdar

Dr. Rita Haldar

Dr. Koel Mitra

Dr. Sharmila Guha Banerjee

Dr. Tushar Kanti Chakraborty

Dr. Shubhanjan Chatterjee

Presentation in ISACON 2017 (PGTs)

Dr. Priyanka Maitra Karak (A comparative study between intrathecal chlorprocaine and a combination of lignocaine and bupivacaine versus bupivacaine alone in patients undergoing daycare pelvic brachytherapy)

Dr. Sangshaptak Saha (Role of magnesium sulphate in reducing incidence of post-operative agitation in patients undergoing operation with throat/nasal pack)

Dr. Swarnika Singh (preoperative intravenous dextrose prevents postoperative nausea and vomiting in laparoscopic cholecystectomy)

Dr. Upasana Naskar (Preoperative carbohydrate loading reduces post-operative nausea and vomiting in lap cholecystectomy patients)

Dr. Debdipta Das (Brain co-oxymetry, adjuvant to standard perfusion parameters in septic shock)

Dr. Rehena Parveen (Comparison of time to intubate between ambu auragain and LTS in simulated difficult airway)

Dr. Debarpita Saha (Perception of educational environment in operation theater for PGTs- DREEM analysis)

Dr. Sudarshana Das (Smartphone usage in operating room-bane or boon)

Dr. Anindita Biswas (Morbidly obese patient :A failed attempt at intubation)

Dr. Rhituparna Bakshi (A comparison of dural puncture epidural technique compared to CSE and epidural alone in elective cases of lower abdominal surgery)

Awards received in 2017-

Dr. Priyanka Maitra Karak (Winner of Basudev Guha memorial presentation, Gold medalist in GOLDCON Quiz of ISACON 2017, Second prize in Jaipur award at ISACON 2017)

Dr. Debdipta Das (Second prize in poster presentation of ISACON 2017)

Annual Departmental Report 2017

Department of Anatomy

Part - I - Departmental news

- Dissection hall renovation near complete.
- Museum renovation still undergoing with bulk of the work finished.
- Infrastructure of demonstration room is being upgraded to meet the requirement of additional 100 MBBS students.
- Started taking classes of BDS course for 100 students of KSD Jain Dental College, Kolkata since Nov 2017.

Departmental Seminars: Total 36 numbers PG seminars held throughout the year.

Part - II - Academic Activity

A. Papers published:

International Journal:

1. Subhra Mandal, Moumita Saha, Shirshendu Ganguly, Manjari Chatterjee, Prabir Mandal, Ramprasad Saha .Unraveling the mystery behind successful caudal epidural block. Int J Anat Res.2017;5(4):4492-9.
2. Panchali Som, Rajarshi Roy, Sumit Datta, A.K. Ghosal, A.K. Pal, Shankhadeep Sarkar,. A study on the thickness of ligamentum flavum in asymptomatic persons and patients with low back pain and its variations with gender in eastern Indian population- as measured using MRI. Int J Anat Res.2017;5(1): 3665-70.

National & Indexed Journal:

1. Kaushik Mitra, Soumyadip Chatterjee, Shantanu Nandy, Chinmay Nandi, Shibasish Banerjee. Prevalence of low back pain and disability among the non-working adult women in a rural community of Purba Bardhaman, West Bengal. Journal of medical science and clinical research.2017;5(5):22693-8.
2. Subhasis Mukherjee, Shabana Begum, Somenath Kundu, Subhra Mitra. Clinical profile of tubercular empyema with special reference to diagnostic role of cartridge based nucleic acid amplification test (CBNAAT). Journal of clinical and diagnostic research.2017;11(10):OC01-5.
3. Subhasis Mukherjee, Shabana Begum, Subhra Mitra, Somenath Kundu. Non tubercular empyema thoracis-A comparative analysis of gram positive and gram negative organism associated empyema. Journal of evolution of medical and dental sciences.2017;6(61):4445-9.
4. Rajarshi Roy, Rajib Kundu, Panchali Som. Bilateral multiple renal arteries with anomalous origin of ovarian arteries on both sides- A case report. Indian Journal of Clinical Anatomy and Physiology. 2017;4(1):127-9.
5. Subhasis Mukherjee, Debabani Biswas, Shabana Begum, Priyanka Ghosh, Amitava Paul, Supriya Sarkar. Evaluation of cartridge based nucleic acid amplification test in diagnosis of pulmonary tuberculosis. Journal of evolution of medical and dental sciences. 2017;6(74):5281-6.
6. Rajarshi Roy, Rajib Kundu, Mallika Sengupta, Panchali Som. Association between digit length ratio (2D:4D) and polycystic ovarian syndrome (PCOS)- A study among eastern Indian population. J Anat Soc India.2017;https://doi.org/10.1016/j.jasi.2017.12.006.
7. Debabani Biswas, Subhasis Mukherjee, Shabana Begum, Priyanka Ghosh, Amitava Paul, Supriya Sarkar. International journal of scientific study.2017;5(6):123-7.
8. Panchali Som, Rajarshi Roy, Sumit Datta, A.K. Ghosal, Anubha Saha, Subhajit Halder. Physiological intracranial calcification in Eastern Indian population- A CT study. National Journal of Clinical Anatomy.2017;4(1):127-9.

B. Presentation:

International:

1. Poster presentation Dr. Rajarshi Roy, (Demonstrator, Anatomy) in 11th Global Health Care Summit

organized by American association of Physicians of Indian Origin, held in Kolkata in Dec 2017, titled: Association between digit length ratio (2D:4D) and polycystic ovarian syndrome (PCOS)- A study among eastern Indian population.

National:

1. Oral paper presented by Dr Amit Kumar Pal, (PGT, Anatomy) in 65th National conference of Anatomical Society of India, Held at AIIMS Raipur in Nov 2017 titled: Dermatoglyphics as a non-invasive anatomical marker in rheumatoid arthritis.
2. Oral paper presented by Dr Arindam Samadder, (PGT, Anatomy) in 65th National conference of Anatomical Society of India, Held at AIIMS Raipur in Nov 2017 titled: Anatomy of successful inferior alveolar block.
3. Poster presented by Dr Madhumita Mahata, (PGT, Anatomy) & Shirshendu Ganguly in 65th National conference of Anatomical Society of India, Held at AIIMS Raipur in Nov 2017 titled: High Bifurcation of Brachial Artery with superficial radial artery in the left upper limb.

State:

1. Oral paper presented by Dr Urmimala Basu, (PGT, Anatomy) in 24th State conference of Anatomical Society of India (WB Chapter), Held at NRS Medical College in Jan 2017, Organised by CNMC, Kolkata titled: A single central azygos venous line with hemiazygos absence- a case report.
- C. Conference attended:** National: Dr Amit Kumar Pal, Dr Arindam Samadder, Dr Paramita Nag, Dr Madhumita Mahata, Dr Anupama Kar, Dr Sarbani Das, attended the 65th National conference of Anatomical Society of India, Held at AIIMS Raipur in Nov 2017.

D. Completed Research Project:

1. Research Work Done by Dr Sarbani Das (PGT, Anatomy) under guidance of Dr Swapan Bhattacharya (Additional Professor, Anatomy): An Anatomical study of marginal mandibular branch of facial nerve with respect to its course relations and communications.
2. Research Work Done by Dr Anupama Kar (PGT, Anatomy) under guidance of Dr Jadav Chatterjee (Professor, Anatomy): Study of variation in the Branching pattern of axillary artery in human cadaver.
3. Research Work Done by Dr Urmimala Basu (PGT, Anatomy) under guidance of Dr Shantanu Nandy (Associate Professor, Anatomy): Study of the morphological variations of foramen transversarium in human cervical vertebrae.
4. Research Work Done by Dr Amit Kumar Pal (PGT, Anatomy) under guidance of Dr Sharmila Pal (Professor, Anatomy) and co-guidance of Dr R. N. Sarkar (Professor, General Medicine): A comparative study of dermatoglyphic patterns in patients with rheumatoid arthritis and control group in West Bengal population.
5. Research Work Done by Dr Arindam Samadder (PGT, Anatomy) under guidance of Dr Subhra Mandal (Associate Professor, Anatomy): Morphometry of mandibular foramen, mental foramen, accessory mental foramen in Eastern Indian population.

E. Ongoing Research Project:

1. Research Work being done by Dr Paramita Nag (PGT, Anatomy) under guidance of Dr Sharmila Pal (Professor, Anatomy) : A study of variations of the coronoid process in the adult human mandible.
2. Research Work being done by Dr Shantanu Nandy (Associate Professor, Anatomy): neonatal anthropometric parameters as a tool for estimation of gestational age in Eastern Indian newborns.

Annual Departmental Report 2017

Department of Biochemistry

Part - I - Departmental News

A. Significant performance of the department in 2017:

1. Participation in third party Quality Assurance Programme (EQAS) in Clinical Chemistry and Immunoassay of BIORAD, USA.

B. Significant improvement of the department in 2017:

1. The OPD Clinical Biochemistry Laboratory of the Dept. of Biochemistry, Medical College Kolkata was assessed and accredited by National Accreditation Board for Testing and Calibration Laboratories (NABL) vide Certificate No. MC-2190, Issue Date 08.05.17. Reassessment audit was conducted on the laboratory on 24-25nd February 2017 and continuation of NABL was granted.

C. Special event/performance/occurrence of the Departments :

1. Installation of Siemens Advia Centaur and Immulite 1000 system (Chemiluminescence analyzer) in the department.
2. Commencement of Rheumatology Laboratory in Dept. of Biochemistry, Medical College, Kolkata.

Part - II - Academic activities

1. **Number of PG Seminars held:** 36 PG seminars.

2. **Number & Name of Workshop:** Nil.

3. Number & Name of Conference organized in the department:

CME on "Quality Management in Clinical Laboratory including ethical aspects on Human Research" was organised by Dept. of Biochemistry, Medical College Kolkata on 29.07.2017 and credit of 2.5 hours is granted by West Bengal Medical Council.

4. Number & Name of Research completed in the department (including the Title & Persons participated):

- i. Assessment of glycaemic, lipaemic & vitamin D status in patients suffering from Type 2 Diabetes mellitus

Name of Student: Dr. Jaitra Bhattacharya

Name of Guide: Dr. Tapan Mukhopadhyay

- ii. Association of vitamin D status with Polycystic ovarian syndrome in relation to insulin resistance and serum total testosterone

Name of Student: Dr. Pritam Kumar Saha

Name of Guide: Dr. Tapan Mukhopadhyay

- iii. Vitamin D status and its association with serum ? HCG and serum AFP in second trimester of pregnancy for predicting preeclampsia

Name of Student: Dr. Srabani Ghosh

Name of Guide: Dr. Debes Ray

5. Number & Name of Research going on in the department (including the Title & Persons participated):

- i. Urinary Iodine and salt iodine estimation project under **NATIONAL IODINE DEFICIENCY DISORDER CONTROL PROGRAM**- Urine and salt sample from different districts of West Bengal are received and Iodine concentration is determined.
- ii. A study of Adenosine deaminase and C- reactive protein in CSF of Meningitis patients.

Name of Student: Dr. Aniket Paul

Name of Guide: Dr. Tapan Mukhopadhyay

- iii. Prevalence of metabolic abnormalities with special reference to lipid profiles among ART- naive HIV positive individuals.

Name of Student: Dr. Amrita Chatterjee

Name of Guide: Dr. Debes Ray

- iv. Dysregulation of iron metabolism in Type 2 Diabetes Mellitus

Name of Student: Dr. Suparna Sinha Ray

Name of Guide: Dr. Dipankar Kundu

- v. Study of Lipid profile in Hypothyroid subjects with status of Vitamin D.

Name of Student: Dr. Mosharaf Hossain

Name of Guide: Dr. Tapan Mukhopadhyay

- vi. Body Iron status and its relation to metabolic syndrome and Insulin resistance in Type 2 Diabetes Mellitus patients.

Name of Student: Dr. Debanjan Garai

Name of Guide: Dr. Kaushik Bhowmick

- vii. Prevalence of anaemia and erythropoietin deficiency in early diabetic nephropathy and its correlation with microalbuminuria

Name of Student: Dr. Munmun Saha

Name of Guide: Dr. Debes Ray

6. Name of the person attending any Regional Conference (with the name of the conference):

- i. Ninth Eastern Zonal Conference of the Association of Medical Biochemists of India held on 22nd December 2017 at Kolkata. Attended by all Faculty Members and Post Graduate Trainees.
- ii. Third Eastern Zonal Conference of the Association of Clinical Chemistry & Lab Medicine Practitioners held on 7th & 8th January 2017 at Kolkata. Attended by all Faculty Members and Post Graduate Trainees.

General Departmental Facilities

The Department has one Indoor Clinical Laboratory which runs round the clock for 24 hours and an Outdoor Clinical Laboratory functioning from 9am to 4 pm. The Department has instrumental facilities for undertaking advanced research work. In the academic sphere, the department participates in teaching-learning activities of not only undergraduate medical (MBBS) and postgraduate (MD/MS) students but is also actively involved in the training and evaluation of MSc(Medical Biochemistry), BSc Nursing, Post Basic BSc Nursing and DMLT students.

Annual Departmental Report 2017

Department of Community Medicine

Part - I - Departmental News

A) Immunization clinic Performance (Jan2017-Nov 2017)

No of Children fully immunized	
Male	Female
224	162

- Total Number of patients receiving ARV- 427
- Total Number of International Travellers receiving OPV : 470
- Hepatitis B vaccination for hospital employee/students: Hepatitis-B (adult): 539

B) Activities in Urban field practice area

B.1: Arpuli Lane Ward

- DOTS Clinic, immunization and other Public health activities under national Programmes.
- House to house visit by interneers
- Posting of PGTs as a part of their course curriculum
- Family care study done by undergraduate students
- Maintenance of family folders and updating of health records
- Conduction of different projects, training and research activities
- Conduction of MD, PGDMCH (IGNOU) examinations.

B.2: Urban Health Training Centre: Lady Dufferin Victoria Hospital

- Daily Outpatient services for both male and female at the centre
- Referral services to different departments of Medical College ,Kolkata
- Weekly field clinic at field practice area
- Conduction of different projects, training and research activities
- Total patients (Jan2017-Nov2017)-9893, Male patients- 1497, Female patients-8396

C: Activities in Rural field practice area : Madhyamgram Rural Hospital

- Regular posting of interneers in malaria clinic, DOTS centre, Anwesha clinic, ICTC, immunization clinic.
- Maintenance of family folders and records.
- House to house visit by interneers.
- Conduction of different projects, training and research activities.

D: Projects, Training & Supportive supervision

1. West Bengal State Immunization Support Cell (WBSISC)

WBSISC based at the Dept of Community Medicine ,Medical College, Kolkata collaborate with State Family Welfare Department and UNICEF to provide technical and managerial support for strengthening routine immunization & RMNCH+A at state level and High Priority Districts of the state.

2. Projects undertaken this year:

In addition to routine supervision, monitoring and support for capacity building for various RMNCH+A components the following projects were undertaken:

1. Kangaroo mother care (KMC)
2. Early initiation of breast feeding/MAA programme review
3. Comprehensive EVM

3. Faculties acted as facilitators for TOT/Training on the following topics -

1. Newer contraceptives
2. Routine immunization
3. ANC/PNC training of ANMs
4. AEFI for MO
5. Intensified Mission Indradhanush
6. Case based measles Surveillance
7. Adolescent health (RKSK)
8. Vaccine and cold chain handlers training
9. Kangaroo Mother Care

4. Supportive Supervision in 6 High Priority Districts of the following programme under RMNCH+A-

1. Routine Immunization
2. Cold chain, EVM
3. PMSMA
4. Intensified Mission Indradhanush
5. IDCF
6. Community based RMNCH+A

Part - II - Academic activities**A) Undergraduate Students:**

Appeared in 3 rd prof MBBS part I Examination	Passed	Honors
246	246	29

B) Postgraduate Students:

Appeared in MD Exam	Passed	Honors
3	3	0

C) IGNOU:

This department is the recognized programme study centre (PSC) for PGDMCH course of Indira Gandhi National Open University. Other participating departments are Dept. of Paediatrics and Dept. of Gynaecology and Obstetrics.

Total student	Appeared in Exam	Passed
6	6	4

D. Research Publication of the faculties:

1. Ghosh S, Sarkar G, Bhattacharyya K, Pal R, Mondal TK. Quality of life in geriatric population in a community development block of Kishanganj, Bihar, India. JKIMSU. 2017 Jan-Mar; 6(1);33-41
2. Sarkar M, Dasgupta U, Bhattacharya S, Bhattacharyya KD, Bhattacharya SK. Status of oral polio vaccination program for international travellers and its determinants: an experience from a designated centre of West Bengal. E) Ongoing research work in the Department (MD Thesis)

1. **Dr Apurba Chowdhury**- A study on Morbidity profile and quality of life among Geriatric population in an urban and rural area of West Bengal
2. **Dr Subhadip Bag**- A study on Evaluation of integrated Child development services scheme centres in a project area of Kolkata
3. **Dr Pampa Basu**- An epidemiological study on perceived stress and coping Mechanism among higher secondary students in co-education school in Kolkata
4. **Dr Arista Lahiri**- An epidemiological study on selected risk factors of non communicable diseases among school going adolescents in an urban and rural area of West Bengal
5. **Dr Shibaji Gupta**- A study on morbidity pattern & care seeking behavior of female domestic workers residing in an area of Kolkata
6. **Dr Sukanya Ray**- Selective psychological morbidities among postmenopausal women of a rural community of West Bengal

F) Paper presented in Conferences:

IAPSMCON 2017:

Dr Arista Lahiri-

1. Level of satisfaction determines the attitude towards treatment among patients with selected lifestyle diseases attending outpatient Department: Experience from a cross sectional study in a tertiary care hospital, Kolkata.
2. Factors affecting accidental injuries among adolescent boys- a cross sectional school based pilot study in Kolkata

Dr Shibaji Gupta-

A study on factors affecting medication adherence among hypertensive patients attending OPD of Medical College, Kolkata

Dr Pampa Basu-

Barriers of exclusive breast feeding among mothers of 0-6 months old infants in a rural area of North 24 Parganas

IPHACON 2017:

Dr Arista Lahiri-

Qualitative assessment on expectations, experience & perception of treatment adherence among patients with non communicable diseases attending OPD of a tertiary care hospital in Kolkata

AAPI GHS 2017:**Dr Arista Lahiri-**

1. Suicides among different age groups in India: Time trend analysis approach
2. Community based study on sleep quality among elderly-an experience from rural West Bengal

Dr Shibaji Gupta-

A study on awareness and willingness regarding eye donation among adults residing in the urban field practice area of Medical College Kolkata

G) Seminars held: 10

Dr Subhadip Bag- National framework for malaria elimination in India (2016-30)

Dr Apurba Chowdhury- Lots quality assurance sampling, Medical Ethics

Dr Arista Lahiri- Socioeconomic scales, HIV: Recent updates

Dr Shibaji Gupta- Non parametric tests

Dr Sukanya Ray- Diabetes in public health

Dr Pampa Basu- Qualitative research, Newer vaccines, Recent advances in RNTCP

H) CME held-

1. CME programme to observe world immunization day
2. CME programme to observe World Health Day (IPHA in collaboration with Dept of Community Medicine, MCH)
3. CME programme to observe IPHA foundation Day (IPHA in collaboration with Dept of Community Medicine, MCH)

I) Projects done by undergraduate students under guidance of faculties:

1. Awareness regarding breast feeding practices among antenatal mothers attending the antenatal clinic in a tertiary care hospital in Kolkata
2. A cross sectional study on the knowledge of health personnel on biomedical waste management and segregation practices in medical college hospital, Kolkata.
3. A cross sectional study on the knowledge and practice regarding menstrual hygiene among nursing students in a tertiary care hospital, Kolkata.
4. A study on gender preference among antenatal mothers attending the antenatal clinic in medical college hospital, Kolkata

Annual Departmental Report 2017

Department of Dermatology, Venereology & Leprosy

Part - I - Departmental News

- A. Any significant performance of the department in 2017 : Nil
- B. Any special event/ performance/ occurrence of the Department (if any) : Nil

Part - II - Academic Activities

- A. Number of Seminars held : 40
- B. Number & Name of Workshops organized in the department: none
- C. Number & Name of Conference organized in the department (if any) : None
- D. Number & Name of Research completed in the department [other than PG Thesis] (Including the Title & persons participated)
 - 1. Host genomic alterations and Metagenomic profiles of Skin Microbiome Associated with Atopic Dermatitis: Prof. D. Bandyopadhyay, Dr. D. Basu
 - 2. A randomised pilot control trial to compare the efficacy, safety and tolerability of oral Terbinafine 250 mg versus Terbinafine 500 mg in dermatophytosis: Dr. Niharika Ranjan Lal, Dr. Abanti Saha, Prof. Debabrata Bandyopadhyay.
 - 3. A Double Blind, Randomized, Placebo Controlled, Parallel Group, Prospective, Multicentre Clinical Trial For Evaluation Of Efficacy And Safety Of Fixed Dose Combination Of Minoxidil (5%) + Finasteride (0.1%) Lipid Solution in Comparison with Minoxidil (5%) Lipid Solution And Finasteride (0.1%) Lipid Solution In Adult Male Patients With Androgenetic Alopecia (sponsored trial: 605-12). Dr. A. saha
 - 4. A Randomized, Double Blind, Placebo-Controlled, Three-Arm, Parallel Group, Multi-Centric Clinical Study To Evaluate The Therapeutic Bioequivalence Of Two Tacrolimus 0.03% Topical Ointment Formulations In Adult Patients With Moderate To Severe Atopic Dermatitis. (sponsored trial: 228-14) Dr. A. saha
- E. Number & Name of Research going on in the department [other than PG Thesis]
 - 1. Title: Comparison Of Effectiveness And Safety Of Immunotherapy Of Warts With Intralesional Versus Subcutaneous Mmr Vaccine: An Open-Label Randomized, Parallel-Group, Clinical Trial. Dr. A Saha, Prof. D. Bandyopadhyay, Dr. I. Bahalia, Dr. A. Banerjee
 - 2. Paper Published in International Journal (if any): nil
- G. Paper Published in Indexed Journal : 11
 - 1. Das A, Ghosh P, Ghosh I, Bhattacharya R, Azad Sardar AK, Goswami S, Bandyopadhyay D, Das NK. Usefulness and Utility of NACO Regime in the Management of Sexually Transmitted Infections: A Pilot Study. Indian J Dermatol. 2017;62(6):630-634. doi: 10.4103/ijd.IJD_114_17.

F. Paper presented in International Conference (if any) : nil

G. Paper presented in State Conference (if any)

Name of the conference	Name of the person/s presenting paper
MCESA Competitive short paper presentation, 83rd Reunion 2017 : Antifungal unresponsiveness pattern among patients with dermatophytic infections and correlation with clinico-demographic and therapeutic profile: a pilot study from Eastern India	Dr. Arini Banerjee
Short topic presentation on Erythroderma in neonates in CUTICON WB 2017.	Dr. Pallawi Bhardwaj
MCESA Competitive short paper presentation, 83rd Reunion 2017 : Effectiveness and Safety of Metformin versus Fixed dose combination of Alpha-lipoic-acid+Biotin+Calcium pantothenate+Zinc sulphate in patients with Acanthosis Nigricans: a Randomized Double-blind Controlled Trial	Dr. Adrija Datta
antifungal responsiveness pattern among patients of dermatophytosis in Eastern India- e poster, cuticon 2017	Dr. Tarannum Imtiyaz

I. Name of the Book & the author written/ written a chapter of a book (if any)

K. Name of the person attending any National Conference (with the name of the conference)

Name of the conference	Name of the person/s attending the conference	Place and Date
Pigmentarycon 2017	Dr. Debatri Datta	Indore, November 2017
AAPI-GHS 2017	Dr./ Adrija Datta	Kolkata, December 2017

Part - III

Year-wise PG Students with names in the Department

MD Degree			
Passed	3 rd Yr	2 nd Yr	1 st Yr
Dr. Karan Sancheti Dr. Samiksha Pradhan Dr. Nidhi Gupta Dr. Somodyuti Chandra Dr. Arindam Sett	Dr. Arini Banerjee Dr. Dibyendu Basu Dr. Adrija Datta Dr. Pallawi Dr. Nishith Sarkar	Dr. Debatri Data Dr. Indrajit Bahalia Dr. Swastika Debbarma Dr. Sarada Bandyopadhyay Dr. Tarannum Imtiaz	Dr. Farhat Fatema Dr. Sristi Agarwal Dr. Pranab Das Dr. Anirudhha Chakraborty

Part - IV

General Departmental facilities

- Total no. of beds in the department: 30
- No. of Units in the department: 1

Procedures done	
i. Skin Biopsy	662
ii. Vitiligo surgery	8
iii. Chemical cautery	414
iv. Electrosurgery/ Radiofrequency ablation	510
v. Intralesional steroid injection and immunotherapy	2410
vi. Chemical peeling	98
vii. IPL	198
viii. Other procedures (Phototherapy etc.)	213

Annual Departmental Report 2017

Department of Endocrinology & Metabolism

Part - I - Departmental News

- I. Department of Endocrinology has expanded its space and office and following facilities are given
- I. Diabetic Foot Care Clinic- Out patient clinic deals with comprehensive diabetic foot care
- II. Interventional Thyroid clinic- that involves diagnostic Ultrasound of thyroid and FNAC and therapeutic Procedures like PEIT. Total 27 USG guided FNAC & 18 Percutaneous Ethanol Injection Therapy (PEIT) have been done in a year.
- III. Thyroid Cytopathology/ Histopathology slide review by departmental Microscope.
- IV. Growth clinic- Out patient clinic that evaluates and treat children with short stature. Maintain Short Stature Registry & Proforma for each patient. Total 22 patients are registered till Dec'2016.
- V. Young Diabetes Registration - Maintain Registry for young diabetes(<30 years age) including Type 1 Diabetes. Record detailed history, clinical findings, investigations & treatment at first visit & in every follow-up in a Proforma. Total 87 patients are registered till Dec'2016.
- VI. Special drug administration (with well-maintained registry)
 - Recombinant Human Growth Hormone (rhGH) in patients with GH deficiency short stature. Total 8 patients are under treatment.
 - Sandostatin LAR in treatment of acromegaly. Total 4 patients are under treatment.
 - Teriparatide in osteoporosis of hypogonadism patients. Total 5 patients are under treatment.
 - Leuprolide therapy in halting precocious puberty. Total 2 patients are under treatment.
 - HCG & Urofollitrophin (FSH) therapy in Hypogonadotrophic Hypogonadism. Total 5 patients are under treatment.
2. New CLI machine is running properly. Several Hormonal Assays (serum IGF-1, IGFBP-3, Insulin, C-peptide, Androstenedione, AMH & many others) are performed as 10 -12 assays per week.
3. Socio-medical activity:-Department of Endocrinology celebrated World Diabetes Day'2017 on 14th November in a befitting manner.
 - Organized an Awareness programme with 20 type 1 diabetes patients & distribution of Glucometer among them.

Part - II - Academic activities

- A) Number of Seminars held - 72
- B) Number & Name of Workshop (if any)
 1. Diabetic Foot Workshop - Dr. G.S. Goel & his team.
- C) Number & Name of Conference organized in the department-
 1. CME on Dietary intervention in Diabetes

2. CME on "Growth Hormone update" with national speakers.
 3. CME for "National Nutrition Week" celebration with Quiz contest.
- D) Number & Name of Research completed in the department
1. 11 beta HSD enzyme activity in type 2 diabetes patients without any complication. Dr. Ravinder Shukla
 2. Association of ABO and Rh blood group with type 2 diabetes and its complication Dr. Biplob Mandal
 3. Correlation of degree of Insulin Resistance and Retinal Microvasculature changes and nerve fibre layer thickness in metabolic syndrome, prediabetics and early diabetics- Dr. Satyam Chakraborty.
 4. Prevalence of H Pylori in Type 2 DM with dyspepsia (by rapid urease test) and its association with glycemic control- Dr. Lakshmi Dey.
 5. Study on the association of Insulin Resistance and dyslipidemia with thyroid profile in treatment naïve Subclinical Hypothyroid patients- Dr. Subir Swar
 6. Evaluation of metabolic, hormonal and clinical parameters in different phenotypes of polycystic ovarian syndrome- Dr. Praveen Kumar Devarbhavi.
- E) Number & Name of ongoing Research in the department:
1. Prevalence of hypoparathyroidism in transfusion dependent E-Beta- Thalassemia - Dr. Tapas Chandra Das
 2. Serum Testosterone level after metformin therapy in pre diabetic patients -Dr. Neeraj Sinha
 3. Evaluation of association of the anti-mullerian hormone with ovarian volume , morphology & clinical parameters in polycystic ovarian syndrome in a tertiary care centre in eastern India - Dr. Somnath Raghuvanshi.
 4. Study of Residual C-peptide level (Fasting and post OGTT) in Type1 diabetes population & it's correlation with the measures of Insulin Resistance in a tertiary care centre in eastern India - Dr. Sayan Ghosh.
 5. Percutaneous Ethanol Ablation of Benign Thyroid nodule - Eastern Indian tertiary care experience.
- F) Paper Published in International Journal:
1. Tapas Chandra Das, A.K.Basu, AnimeshMaiti, Anirban Sinha, Praveen Devarbhavi, SubirSwar, Neeraj Sinha. Adrenal Histoplasmosis in an immunocompetent individual- a rare case report - International Journal of Medical Research, October'2016.
 2. Dr. SubirSwar, Dr. AnimeshMaiti, Dr. Ashish Kumar Basu. A RARE CASE OF DSD DIAGNOSED AS SWYER SYNDROME - International Journal of Current Reseach, June'2017.
- G) Paper Published in Indexed Journal -
1. Dr. AnimeshMaiti et al. Efficacy & Safety of Short term Biosimilar Insulin Glargine Therapy in drug-naïve new onset type 2 Diabetes Mellitus patients presenting with severe hyperglycemia. Indian Medical Gazzette August'2017
 2. Dr. Sayan Ghosh, Dr. Soumitra Ghosh, Dr. Asish Kumar Basu. Study of the correlation of fat mass and lean mass with measures of bone health in overweight and obese eastern Indian adult - IJEM, Sep'2017 abstract publication.
 3. Dr. Neeraj Sinha, Dr. Asish Kumar Basu. Vanishing testes syndrome: Report of two cases - IJEM, Sep'2017 abstract publication.
 4. Dr. Sayan Ghosh, Dr. Tapas Chandra Das, Dr. Asish Kumar Basu. Bardet-Biedl Syndrome: A rare case report affecting two siblings - IJEM, Sep'2017 abstract publication.
- H) Paper presented in International Conference -

I) Paper presented in National Conference -

1. Study of the correlation of fat mass and lean mass with measures of bone health in overweight and obese eastern Indian adult - poster by Dr. Sayan Ghosh, ESICON'2017, Thiruvananthapuram
2. Vanishing testes syndrome: Report of two cases - poster by Dr. Neeraj Sinha, ESICON'2017, Thiruvananthapuram
3. Bardet-Biedl Syndrome: A rare case report affecting two siblings - poster by Dr. Tapas Chandra Das, ESICON'2017, Thiruvananthapuram
4. Prof. Asish Kumar Basu - as a chairperson in RSSDI'2017, Bhubaneswar.
5. Variants of Turner Syndrome, grows well with rhGH: Two case report - Oral presentation by Dr. Sayan Ghosh, Endo Update, PGI, Chandigarh.
6. Study of clinical profile & demography in patients of Rheumatoid Arthritis with & without steroids - poster presentation by Dr. Chhavi Agarwal in AAPICON'2017, Kolkata
7. Impact of Metabolic Syndrome on In-hospital outcome of Acute STEMI patients undergoing PCI - poster presentation by Dr. Sourav Shishir in AAPICON'2017, Kolkata

J) Paper presented in State Conference -

1. A Story of Three Young Lady: Sweet but Blurred (Cataract in Young Type 1 DM)- oral case presentation by Dr. Sayan Ghosh, IDEACON'2017, Kolkata.
2. Case capsule of Young Type 2 Diabetes - oral presentation by Dr. Sayan Ghosh, Insulin Discovery Day celebration'2017, Diabetic Association of India, Kolkata
3. Role of Dietary supplements in diabetes: Debate (Against) by Dr. Somnath Raghuvanshi, National Nutrition Week' 2017, Medical College, Kolkata.
4. A male child with Knock Knee - oral presentation by Dr. Sayan Ghosh, Pediatric Endocrinology update, NRS Medical College, Kolkata.

K) Name of the Book & the author written/written a chapter of a book -

1. Current Controversies and Consensus in Diabetes Management:-2015, 237-240 Dr. Asish Kumar Basu.
2. Issues Related to Diabetes in Work place, Education Institutions & Leisure Activities:- Dr. Asish Kumar Basu, Dr. Sayan Ghosh

L) Name of the person attending any International Conference (with the name of the conference)

1. Dr. Anirban Sinha, Assistant professor, Department of Endocrinology has attended.

M) Name of the person attending any National Conference (with the name of the conference):

1. Dr. Anirban Sinha, Assistant prof, Dr. Subirswar, Dr. Praveen Kumar Devarbhavi, Dr. Neeraj Sinha, Dr. Tapas Chandra Das, Dr. Sayan Ghosh, Dr. Somnath Raghuvanshi attended ESICON 2017, Thiruvananthapuram.
2. Dr. Tapas Chandra Das, Dr. Sayan Ghosh attended Endo Update'2017, Chandigarh.
3. Prof. Dr. A. K. Basu, Head Of Department, Dr. Animesh Maiti, Associate prof. attended RSSDI'2017, Bhubaneswar.

Annual Departmental Report 2017

Department of Otorhinolaryngology

Part - I - Departmental News

A) General

- 1) The intake of Post-Graduate students in the department increased from 4 to 6.
- 2) Prof. (Dr.) Ramanuj Sinha served as External Examiner in the DNB Final Examination at Trivandrum, in May.
- 3) Prof. (Dr.) Subrata Mukhopadhyay served as the External Examiner in the Post-Graduate (MS) Examination (oral and practical) of Silchar Medical College, Assam, under S. S. University of Health Sciences, Guwahati.
- 4) Dr. Mukulika Saha joined as Senior Resident.
- 5) The department procured several instruments for proper patient care, that included nasal endoscopes (0, 30, 45, 70 degrees) and Oto-acoustic Emission (OAE) machine.

B) Prizes and Achievements

- 1) Dr. Shaoni Sanyal was awarded the best post-graduate trainee among the MS students (examinee batch).
- 2) Dr. Neeraj Aggarwal and Tanaya Panja, Junior Residents, won the second prize at the Quiz competition at the Annual Conference of the Association of Otolaryngologists of India in February.
- 3) Dr. Rajasik Raha, Junior Resident, stood first in the Post-Graduate Award Paper Session at the Annual Conference of the Association of Otolaryngologists of India, Siliguri branch in April.
- 4) Dr. Titas Kar, Junior Resident, won the Quiz competition at the Association of Otolaryngologists of India, West Bengal branch, in March.
- 5) Dr. Tanaya Panja, Dr. Sarvesh P. Azgaonkar, and Dr. Subhadip Sardar, Junior Residents, won the first prize in Quiz competition at the FERCON 2017 (FHNO Eastern Regional Conference) in July.
- 6) Dr. Mainak Dutta was awarded Fellowship of the American College of Surgeons (ACS) in October.

Part II: Academic Activities

- A) Number of seminars held in the department: 42
- B) The department, in association with the Medical College Ex-Students' Association (MCESA) organized a symposium on "Thyroid Surgery in Professional Voice Users" in December. The speakers were, in order, Dr. Mainak Dutta (Medical College and Hospital, Kolkata), Professor Somnath Saha (NRS Medical College), and Dr. P. Arun (Tata Medical Centre).
- C) Professor Soumen Bandyopadhyay continues to serve as the Editor-in-Chief of Bengal Journal of Otolaryngology and Head Neck Surgery, and as an Editorial Board member of BMJ Case Reports.
- C) Dr. Mainak Dutta, RMO-cum-Clinical Tutor, was included in the Editorial Board of the European Archives of Oto-Rhino-Laryngology and Head & Neck. He continues to serve as the Editorial Board member of Ear, Nose & Throat Journal.

New Thesis Works Submitted

- 1) Dr. Subhadip Sardar: Study of facial nerve in superficial parotidectomy: an observational study.
- 2) Dr. Budhhadeb Bhattacharya: A clinical study on presentation and management of squamous variety of chronic otitis media in paediatric population.
- 3) Dr. Sandip Patel: Subjective and objective evaluation of changes in nasal airflow following septoplasty.
- 4) D. Pratyusha Sasmal: Outcome of stapes surgery in otosclerosis - an observational study.
- 5) Dr. Abhijit Barman: Endoscopic cartilage myringoplasty versus endoscopic myringoplasty using fascia without elevation of tympanomeatal flap: a comparative study.
- 6) Dr. Hirendranath Das: A study on the causes of delayed presentation in patients requiring emergency tracheostomy and the complications related to the surgical procedure.

D) Faculties Attending Conferences and Workshops

- 1) The faculties attended the Annual Conferences of the Association of Otolaryngologists of India (AOICON), held at Kolkata in February, and its local chapters (the West Bengal, and Siliguri branches), Mid-Association of Otolaryngologists of India-Conference (MIDAOICON), held at KPC Medical College, Kolkata, and the Annual Conference of the Indian Society of Otology (ISOCON) at Raipur in November.
- 2) Professor Ramanuj Sinha, Professor Saumendra Nath Bandyopadhyay, Dr. Asok Kumar Saha, Associate Professor, acted as Chairpersons in the Annual Conference of the Association of Otolaryngologists of India, West Bengal branch in December.
- 3) Dr. Sirshak Dutta, RMO-cum-Clinical Tutor presented a paper, and Dr. Mainak Dutta, RMO-cum-Clinical Tutor, participated as Panelist in the above-mentioned conference.
- 4) Professor Subrata Mukhopadhyay participated as Chairperson and Panelist at AOICON 2017, in February.
- 5) Professor Saumendra Nath Bandyopadhyay was the Chairman of the Souvenir Committee and Co-ordinator of the Competitive Sessions, in the above-mentioned conference.
- 6) Dr. Saumik Das, Associate Professor, was the Judge in the Junior Consultant Award Paper session in the above-mentioned conference.
- 7) The post-graduate trainees presented papers and posters in the respective competitive sessions in the above-mentioned conferences (as stated in 1).
- 8) Dr. Saumik Das, Associate Professor, was the invited speaker in the Annual Conference of the Association of Otolaryngologists of India, Siliguri branch, held in April and December.
- 9) Professor Subrata Mukhopadhyay participated as Panelist, and Dr. Saumik Das, Associate professor as Chairperson, in the 10th Mid-Association of Otolaryngologists of India-Conference (MIDAOICON), held at KPC Medical College, Kolkata, in August.
- 10) Professor Ramanuj Sinha, Professor Subrata Mukhopadhyay, Dr. Saumik Das, Associate Professor, and Dr. Asok Kumar Saha, Associate Professor, participated as Chairpersons in the 3rd Live Surgical Workshop and Cadaver Dissection course on FESS and Skull-base surgery, organized by Uttarsang Deshi, in September, 2017, at Spandan Hospital, Kolkata.
- 11) Dr. Mainak Dutta, RMO-cum-Clinical Tutor, was the Quiz-master in the above workshop.
- 12) Professor Subrata Mukhopadhyay worked as Scientific Contributor in the ENT Summit 2017, in July at Hotel Gateway, Kolkata.
- 13) Professor Saumendra Nath Bandyopadhyay acted as the Moderator in the Panel discussion at the above-mentioned summit.
- 14) Professor Subrata Mukhopadhyay participated as Panelist in ENT Confluence 2017, in August at Hotel Gateway, Kolkata.
- 15) Dr. Asok Kumar Saha, Associate Professor, participated as Chairperson at the World Phonocon 2017, joint meeting of the International Association of Phonosurgery and Association of Phonosurgeons of India, at Gurgaon, in February.
- 16) Dr. Mainak Dutta, RMO-cum-Clinical Tutor, participated as Moderator of the surgical session at the International Workshop on Endoscopic Ear Surgery held at Dehradun in October.
- 17) Dr. Sirshak Dutta, RMO-cum-Clinical Tutor, presented a paper in ISOCON at Raipur, in November.
- 18) Dr. Asok Kumar Saha, Associate Professor, participated as Chairperson in the scientific session of the live surgical workshop on head neck surgery, held in October at Udichi ENT, Head-Neck and Plastic Surgery Center, Kolkata. Professor Saumendra Nath Bandyopadhyay was a delegate in the workshop.

- 19) Dr. Asok Kumar Saha, Associate Professor, participated as Chairperson in the symposium on "Thyroid Surgery in Professional Voice Users" in December, organized by the department in association with the Medical College Ex-Students' Association (MCESA).
- 20) Dr. Mainak Dutta, RMO-cum-Clinical Tutor, was one of the speakers in the above-mentioned symposium. Dr. Rahul Sarkar, Senior Resident, was the Quiz-master.

E) General Departmental Facilities

- 1) Number of beds: 60 (Male = 35; Female = 25)
- 2) Number of units: 3
- 3) ENT Facilities available: Cochlear Implant Surgery
 - Pure Tone Audiometry (PTA)
 - Hearing Aid Trial
 - Tympanometry
 - BERA (in Neuromedicine Department)
 - Oto-acoustic Emission (OAE)
 - Speech Therapy, and Hearing Rehabilitation

PTA: 2505

Tympanometry: 297

Speech Therapy: 440

Hearing Aid Trial: 46

Special Tests: 79

Follow-up patients treated in 2017: approximately 6/day

F) Available Clinical Material

Surgeries at Ezra OT (including micro- and endoscopic surgeries): 3783*

[* = Many surgeries, which include outdoor/emergencies/day-care cases, have been considered major as they were performed in main OT tables.]

Minor procedures at OPD OT: 4619

Total number of admissions in Ezra Ward (including transfer-in): 1787

Total number of OPD patients: 95,113

48,587 (Male) [New: 35,690; Old: 12,897]

46,526 (Female) [New: 32,669; Old: 13,857]

Annual Departmental Report 2017

Department of Forensic & State Medicine

Part-I Departmental News

A. Significant performance/ improvement of the department

- i. Thorough renovation work for establishment of upgraded and modern mortuary complex at Kolkata Police Morgue completed.
- ii. Civil and Electrical renovation work of the departmental building (work still in progress)
- iii. Proposal for establishment of mini-laboratory attached to Kolkata Police Morgue has been sent to Lalbazar (Kolkata Police HQ) verbal agreement for such between Commissioner of Police, Kolkata and HOD, FSM & In-charge of Kolkata Police Morgue.

B. Special event/ performance/ occurrence of the department

- i. Prof. (Dr.) B. Sukul represented West Bengal in Regional Workshop on "Guidelines & Protocols- Medicolegal Care of Victims/ Survivors of Sexual Violence".
- ii. Regular lecture class taken by Prof. (Dr.) B. Sukul as Induction Training Programme among BMOH/ newly recruited Medical Officers and other doctors throughout the year.
- iii. Prof. (Dr.) B. Sukul attended meeting regularly at Swasthya Bhavan as a member of authorization committee in relation to Transplantation of Human Organs Act.
- iv. Prof. (Dr.) B. Sukul is also a member of Complaint Screening Committee (related to medical negligence), State committee on AEFI, and State Brain Death Declaration Committee.
- v. Dr. Chandan Bandyopadhyay, Assistant Professor, conducted training as resource person and Visiting lecturer at Central Detective Training School, among police personnel of different states of India.

Part - II - Academic activities

A. Number of Seminars held

1. 30 (Thirty) - Presented by departmental PG students and faculties
2. 180 (One hundred and eighty)- by UG Students of MCH, Kolkata.

B. Number & Name of Workshops organized in the Dept. (if any)

1. Undergraduate intracollege seminar competition
2. Post graduate intercollege seminar competition

C. Number & Name of Research completed in the department (other than PG thesis)

(Including the Title & persons participated)

1. Relation between body weight, body length and visceral weight- an autopsy based study by Dr. Chandan Bandyopadhyay and Sujash Biswas

D. Number & Name of Research going on in the department (other than PG thesis)

(Including the Title & persons participated)

1. Estimation of sex and stature from hand dimension by Sujash Biswas
2. Correlation of chronological age and age estimated by odontological and radiological methods by Dr. Chandan Bandyopadhyay and Prof. Biswajit Sukul.
3. Determination of serum parameters and Time since death in deaths due to burn. An undergraduate study under the guidance of Dr. Chandan Bandyopadhyay and Dr. Abhishek Das.

E. PAPER PUBLISHED IN INTERNATIONAL JOURNAL (IF ANY)

1. Dr. Abhishek Das. Paraquat poisoning: A fatal issue in Rural West Bengal, India (Original case series and research paper). International Journal of Education and Research in Health Sciences, Oct-Dec 2017. 3(4):209-13.

F. Paper Published in Indexed Journal (if any)

1. Dr. Chandan Bandyopadhyay & Dr. Sujash Biswas. Visceral Weight in Bengali Population Correlated With Age, Sex and Body Length-An Autopsy Based Study. Sch. J. App. Med. Sci., Nov 2017; 5(11D):4588-4592.
2. Dr. Chandan Bandyopadhyay, Susanta Sengupta, Dr. Biswajit Sukul. POST-MORTEM CAESAREAN SECTION AND ITS MEDICOLEGAL IMPORTANCE. Indian Journal of Applied Research. Volume-7 | Issue-11 | November-2017 | ISSN - 2249-555X | IF : 4.894 | IC Value : 79.96
3. Dr. Abhishek Das. Searching cause of death through different autopsy methods-a new initiative. Journal of Family Medicine and primary care. 2017; 6:191-95.

G. Paper presented in International Conference (if any) :- Nil

H. Paper presented in National Conference (if any) :-

1. Dr. Chandan Bandyopadhyay presented (oral presentation) a paper with title, "Postmortem Caesarean section and its medicolegal aspect" in the national conference of Indian Congress of Forensic Medicine and Toxicology.
2. Dr. Abhishek Das presented a scientific poster in FORENSIC MEDICON 2017 at Mumbai and awarded Runners-up in Faculty category.
3. Poster presentation on topic- Autopsy based diagnosis of aspiration death in suspicious condition, by Deepmalya Sengupta (1st yr PGT), in Annual conference of IAFM.

I. Paper presented in State Conference (if any) :-

1. Oral presentation on topic- A case series of Paraquat poisoning, by Deepmalya Sengupta (1st yr PGT), AWARDED 1ST in Annual conference of BAFM.
2. Oral presentation on topic- "Unexpected happens!"-a case of anterior choroidal plexus cyst by Chandan kr. Jha (1st yr PGT), AWARDED 2ND in Annual conference of BAFM.

J. Name of the Book & the author written/ written a chapter of a book (if any) :- Nil

K. Name of the person attending any International Conference (with name of the conference) :- Nil

L. Name of the person attending any National Conference (with the name of the conference):

1. Prof. Dr. Biswajit Sukul and Dr. Chandan Bandyopadhyay attended the national conference of Indian Congress of Forensic Medicine and Toxicology in September 2017 at Bareilly.
2. Dr. Abhishek Das attended FORENSIC MEDICON 2017 at Mumbai.

Part - III

Annual Departmental Report 2017

Department of Surgery

Part - I - Departmental News

I) Significant improvement of the department in 2017

1. Procurement of 6 set of laparoscopic Instrument for DHB OT
2. DHB UP Female West side open for Patient admission
3. DHB UP Female East side (half) renovation going on for HDU setup.
4. DHB UP Female East side (half) renovation going on for new Examination hall.
5. Breast cancer screening camps were held in different parts of Hooghly district.

II) Special event/performance/occurrence of the department:

1. Prof. K.N Das retired from services on 31st October , 2017 as Head of the Department of Surgery and Prof. Sukumar Maiti took the charge.
2. Prof.Sukumar Maiti presented paper on
 - Meatotomy - Faculty video during ASI conference ,December 2017 Jaipur.
 - Cutaneous Tuberculosis- Panel discussion on Tuberculosis at ARSICON 2017, in Nov. 2017
 - Malignancy and infertility - associated with undescended Testis- Evidence based scenario during ASICON, December 2017, Jaipur.
 - Modified Lichtenstein procedure for transinguinal ,ash hernioplasty (TIPS) for repairs of groin hernia during ASICON, December 2017 Jaipur and the paper owned 2nd prize as faculty innovation paper.
3. ASI monthly clinical meet in January 2017 in collaboration with the Department of surgery.
4. Modular Course for PGTs under the banner of ASI WB Chapter was held in December organized by the Department.
5. Dr. Manas Kumar Dutta, Dr. Ankan Mondal, Dr. Dhritiman Maitra, Dr. Himansu Roy and Dr. Pankaj Sarkar received FIAGES fellowship at Hyderabad, in February 2017.
6. Dr. Dhritiman Maitra got Chance to study Mch course on Breast and Endocrine disease at AIIMS, New Delhi.
7. Dr.Souvik Debnath won the 1s prize in paper presentation at ARSICON 2017.
8. Dr.Pronoy Gupta PGT 3rd Year presented research paper on A comparative study of secondary closure of post operative wound dehiscence by suturing versus apposition with adhesive tape at ASICON 2017 Jaipur.
9. Dr. Kishalaya Atharwa presented Poster An unusual case of intestinal obstruction post abdominal trauma and A case of gastric volvulus.(Presented at ASICON 2017, Jaipur, and own 3rd prize)
10. Dr. Arnab Adak presented Poster A case of retroperitoneal mesenteric cyst.(Presented at ASICON 2017, Jaipur)
11. Dr. Priya Kumari Presented poster at SASICON 2016, Jalpaiguri
 - a) Cystic Duct Carcinoma

- b) Carcinoma GB in a Situs inversus Patient (won 3rd prize in WBASI Jalpaiguri)
- c) Incidental Carcinoma GB.
- 12. Dr. Arijit Singha Mahapatra presented
 - a) E paper in ASICON 2016 on Pancreatic ascitis in cases of chronic pancreatitis (Case series)
 - b) Paper in SASICON 2017 on study on Demographic profile and Prevalence of genetic mutation in Pancreatic ductal adenocarcinoma
 - c) Paper in SASICON 2017 on Case of Periapillary carcinoma with colonic GIST (Won 3rd prize)
- 13. Dr. Vinu Sankar presented
 - a) Poster in SASICON 2017 on "A Comparative study between the outcomes of nasogastric tube insertion and non insertion in the management of acute upper abdominal pain"
 - b) Paper in SASICON 2017 on A comparative study between segment 3 bilioenteric bypass and PTBD in patient with hilar obstruction in unresectable Carcinoma Gall Bladder. (Won 3rd prize).
- 14. Dr. Diptangshu Das Presented Poster in SASICON 2017 on Bleeding Pseudoaneurysm - A surgical grey zone of Chronic Pancreatitis (Won 1st prize).
- 15. Dr. Samidh Sudda Dutta Presented Poster in SASICON 2017 on Jejunal Adenocarcinoma- Uncommon Variety of the common type.
- 16. Smt. Umarani Saha Gold Medal Practical Examination of WBASI was organised in February 2017..
- 17. Breast clinic on Tuesday and Saturday and Hepatobiliary and pancreatic clinic on every Wednesday are running regularly.
- 18. Prof. Gargi Bandyopadhyay was elected Secretary of WB- Chapter of ASI.
- 19. Dr. Himansu Roy acted as Judge in the Poster Sessions of ASICON 2017 at Jaipur held from 26th to 30th Dec 17.

Part - II - Academic Activities

- A. Number of Seminars: Clinical meeting on every Saturday,
- B. Biweekly seminar/journal club on Monday and Wednesday or Tuesday and Thursday)
- C. Name and number of Workshop in and by the dept - Regional Refresher Course along with workshop on skill course in laparoscopic surgery and use of stapler
- D. Number and name of research completed: 12
 - 1. A comparative study of secondary closure of post-operative wound dehiscence by suturing versus apposition with adhesive tapes - Dr. Pronoy Gupta (3rd Yr PGT)
 - 2. A clinicopathologic study of fistula in ano with special reference to horseshoe fistula - Dr. Gynendra Kumar (3rd Yr PGT)
 - 3. Study of somatic mutations of k ras gene in gallbladder cancer patients and correlation with their clinicopathological behaviour.- Dr. Vinu Sankar (3rd Yr PGT)
 - 4. Clinical and radiological parameters of patients suffering from diabetic foot ulcer - Dr. Arijit Singha Mahapatra (3rd Yr PGT)
 - 5. Evaluation of intraoperative and early post operative complications of laparoscopic cholecystectomy - Dr. Ankur Bala (3rd Yr PGT)
 - 6. Comparison of histopathology/fnac and ct scan of cases of abdominal tuberculosis coming in a tertiary care hospital - Pranjit Kalita (3rd Yr PGT)

7. A comparative study between flush ligation and flush ligation with stripping in primary varicose vein surgery - Dr. Kishlaya Atharwa(3rd Yr PGT)
8. Evaluation of negative appendicectomy rate in cases of suspected acute appendicitis and to study the usefulness of Alvarado score in improving the diagnostic accuracy - Dr. Suhas Das(3rd Yr PGT)
9. Clinicopathological study of liver abscess in eastern Indian population - Dr. Ashish Ranjan(3rd Yr PGT)
10. A comparative study of fournier's gangrene in male diabetics and non- diabetics - Dr. Samrat Biswas(3rd Yr PGT)
11. Clinicopathological study of locally recurrent breast carcinoma with special reference to respectability-Dr. Bikramjit Das(3rd Yr PGT)
12. Comparative study between imaging techniques and histopathology in diagnosis of breast carcinoma-Dr. Arnab Adak(3rd Yr PGT)

Paper published:-

1. Genetic Alteration of Periampulary and Pancreatic ductal adeno carcinoma- An Overview- By Scientist N. Sikder, Scientist G. Saha, Scientist A. Dutta. Prof. S.J. Ghosh, Prof. S.V. Srikanth in the Journal 'CURRENT GENOMICS'.
2. Small Bowel Gist: Clinical presentation as intussusceptions and obscure bleeding: Case report- Published in International Journal of Medical research professional(IJMRP)

Part - III - Post Graduate Student of infrastructure

Year wise PG Students: 12

Total Beds: 240

Total OT: 11 tables (DHB OT- 3, Green OT-1, ER-OBS OT-1, SOPD OT-4, CB TOP OT-1, LDVH OT- 1)

Total number of units: 8

Annual Departmental Report 2017

Department of Immunohaematology & Blood Transfusion (IHBT)

Part - I - Academic activities

A. Number of Seminars held : 20

B. Number & Name of Workshops : 4

1. Wet workshop on immuno-hematological work-up in transfusion medicine.
2. QMS training in Blood Bank under the guidance of Regional Training Center (RTC).

C. Number & Name of Conference organized in the department : NIL

D. Number & Name of Research completed in the department

1. Evaluation of iron stores in voluntary male blood donors by serum ferritin by Dr.Rathindra Nath Biswas.
2. Prevalance of Irregular Erythrocyte Antibodies in Antenatal Mothers -A study From A Major Medical College and Hospital in Kolkata by Dr.Archana Naik.

(Including the Title & persons participated)

1. Title: An approach to incompatible cross-matched red cells- our experience in a major Regional Blood Transfusion Centre at Kolkata, Eastern India. (Study period- 1st Oct-31st March)

Principal investigator: Bhattacharya P, Samanta E, Afroza N, Naik A, Biswas R N

E. Number & Name of Research going on in the department : NIL

(Including the Title & persons participated)

F. Paper Published in International Journal : 1

1. B. Talukdar, S. Chakraborty, P. Bhattacharya : Quality control platelet prepared by different method International journal of Biomedical research; june 2017

G. Paper Published in Indexed Journal : 02

1. Bhattachaya P., Samanta E., Afroja N., Naik A., Biswas R. An approach to incompatible cross-matched red cells: Our experience in a major regional blood transfusion center at Kolkata, Eastern India. Asian Journal of Transfusion Science:DOI:10.4103/ajts.AJTS_157_16.
2. Saha S., Ghosh R., Mukherjee K. G6PD DEFICIENCY: PREVALENCE AND EFFECT ON RBC PARAMETERS IN A TERTIARY CARE CENTRE IN SOUTHERN BENGAL. DOI: <http://dx.doi.org/10.24327/23956429.ijcmpr20170231>.

H. Paper presented in International Conference (if any): NIL

I. Paper presented in National Conference : 05

- Faculty: Topic: "Donor notification in HBV-core antibody positive blood donor-should they be informed" by Dr. Prasun Bhattacharya at 6th Annual Conference of 'Indian Society of Transfusion Medicine' held at Bhopal from 18th to 20th November 2017.

- Achievements of State Government of West Bengal in Blood Transfusion Services by Dr. Biplabendu Talukdar at 6th Annual Conference of 'Indian Society of Transfusion Medicine' held at Lakhnow from 3rd to 5th November 2017.
- Autologous Adipose Derived Mesenchymal Stem Cells enriched with Platelet Rich Plasma for Treatment of Osteoarthritis of Knee: therapeutic application in 6 patients by Dr. Biplabendu Talukdar at 6th Annual Conference of 'Indian Society of Transfusion Medicine' held at Lakhnow from 3rd to 5th November 2017.
- Autologous BM Stem Cells and activated platelet derived growth factor concentrates used in the treatment of AVN ; Poster presentation by Dr. Biplabendu Talukdar at 6th Annual Conference of 'Indian Society of Transfusion Medicine' held at Lakhnow from 3rd to 5th November 2017.
- Spectrum of Auto or Allo-immunisation in multi transfused patients at Immuno-Hematology Laboratory of Medical College , Kolkata: Poster presentation by Dr. Durba Biswas 2nd Year PGT at 6th Annual Conference of 'Indian Society of Transfusion Medicine' held at Lakhnow from 3rd to 5th November 2017

J. Paper presented in State Conference : Not Applicable

K. Name of the Book & the author written/ written a chapter of a book:

1. Human Fetal Growth and Development, Edited by Niranjana Bhattacharya, Phillip. G. Stubblefield, By Springer Chapter 35 Structural and Functional Developmental Perspectives of the Placental Barrier and its Role in The Fetal development During 1st and 2nd Trimester.

L. Name of the person attending any International Conference (with the name of the conference): NIL

M. Name of the person attending any National Conference (with the name of the conference):

Dr. Prasun Bhattacharya (Assoc. Prof, Dept. of I.H.B.T), Dr.Biplabendu Talukdar (MO, IHBT, State Programme Officer , State Blood Cell, Under NHM) Dr. Eeshita Samanta (3rd Year PGT, Dept. of I.H.B.T), Dr. Durba Biswas (2nd Year PGT, Dept. of I.H.B.T) , Dr. Sourav Mukherjee (2nd Year PGT, Dept of IHBT) had attended the 6th Annual Conference of 'Indian Society of Transfusion Medicine' held at Bhopal 3rd to 5th November 2017.

Annual Departmental Report 2017

Department of Medicine

Part - I - Departmental News

A. Significant performance/ improvement of the department in 2017

Increase in number of post graduate seminars and clinical/tutorial classes in the last year.

B. Special event/ performance/ occurrence of the Department

Guest lectures by international faculties:-

Interactive session by Dr Brian Walker, editor, Davidson's Textbook 22nd ed.

Interactive session by Dr Colin Robertson, Editor of Mcleod Textbook of Clinical Medicine (in association with MCESA)

Part - II - Academic activities

A. Number of Seminars held: 73

B. Number & Name of Research going on in the department (Including the Title & persons participated) Name of Author— Title—in this format

Dr. Shounak Ghosh - A Study On The Role Of Power Doppler Ultrasonography in The Evaluation of Arthropathy in Haemophilia A and B as Compared To MRI in A Tertiary Care Hospital.

Dr. Himadri Koley - Impact of HAART on hematological indices among HIV positive individual over 6 months of ART enrollment(TLE regimen) and its correlation with CD4 count.

Dr Debopom Goswami - A study on the cardiovascular manifestation in a cohort of plasmodium vivax and plasmodium falciparum malaria cases in a tertiary care hospital in kolkata with particular focus on severe malaria.

Dr. Satarupa Deb - A longitudinal study of clinical, haematological and biochemical changes in patients of dengue fever attending a tertiary care hospital in kolkata.

Jahirul Islam - Study to assess diastolic function in patients of type 2 diabetes mellitus in a tertiary care hospital in kolkata.

Piyas Gargari - A prospective study on comparison of incidence of peripheral neuropathy in art naïve and art receiving hiv patients within one year of initiation of art and its correlation with socio-demographic profile and cd4 count in a tertiary care hospital in kolkata.

Rajesh Pandey - A clinical study of haematotoxic snake bite and its outcome correlations with different organ dysfunction in a tertiary care hospital, Kolkata

Tanmay Roy - Study of cardiac dysfunction in nonalcoholic cirrhotic patients in a tertiary care hospital'

Dr. Sagar Saha - Study of clinical profile and etiological spectrum in pancytopenia in a tertiary care hospital"

Dr. M. Anandh - Study of cardiac manifestations in HIV patients

Dr. Anupam Ghosh - Etiology of uppergastrointestinal bleeding in tertiary care hospital

Akashdip Bhattacharya - Assessment of cardiac involvement in patient with rheumatoid arthritis

Urmimala Bhattacharjee - Comparison of 24 hour urinary protein and untimed spot urine protein-creatinine ratio in patients with lupus nephritis

Ritasman Baisya - Clinical profile of patients with intraventricular conduction defect on surface ecg attending a tertiary care hospital in kolkata.

Pallab Biswas - Comparison of digital x-ray and usg detected bone erosion in newly diagnosed rheumatoid arthritis patients (less than 2years) attending a tertiary care hospital in kolkata.

Shleshar Pradhan - Spectrum of tuberculosis in hiv positive patients with respect to clinical profile, sputum afb, serum ldh, serum ALP, ADA in body fluids, imaging studies and their correlation with blood cd4 count at medical college Kolkata 700073"

Sulekha Singh - Study of polycystic ovary syndrome (pcos) with reference to age, glycemic status (fbs, ppbs, hba1c), thyroid status (ft4, tsh), lipid profile, ana (hep2), serum ige, dietary habits, educational status, urban-rural distinction.

Dr. Sibananda Jena - Comparison of bisaps score, ransons score, CTSI, in acute pancreatitis patients for prediction of severity and outcome.

Dr. Shyamapada Singh - Prevalence of thyroid disorder in pre-diabetic population

Dr. Tapas Kumar Roy - Study of thyroid profile in affected HIV patients in relation to serum ft3, ft4, tsh, anti-tpo, anti- thyroglobulin and its clinical correlation with blood cd4 count and who clinical staging

D. Name of the person attending any National Conference (with the name of the conference)

Prof RN Sarkar, Prof Sanjay kr. Mondal, Dr. Koushik Basu, Dr Raja Bhattacharya and most other faculties attended APICON 2017, IRACON 2017, IACMCON 2017. Our PGT s are presented POSTERs on various topic in both state and national level conferences.

E. Achievements :

Dr. Ritasman Baisya, Dr. Urmimal Bhattacharya, awarded second prize in HEMATOCON 2017 quiz
Dr. Sagar Saha & Dr. Ritasman Baisya awarded second prize in IRACON 2017 quiz.

F. N. Special Awards:

Award	Name
Prof. Sital Ghosh Memorial Award For MD Medicine, 2014-2017 Batch	Dr. Rashi Maheshwari
MBBS Gold Medal Award For The Batch 2013-2018	1 st - Dr. Shivam Agarwal First Certificate Of Merit- Dr.Rahul Debnath
MD Gold Medal Award For The Batch 2015-2018	Dr. Piyas Gargari

Part - II - Departmental Faculties

Rheumatology clinic: Wed, Fri

Geriatric clinic: Saturday

Fever clinic: Monday to Saturday

Annual Departmental Report 2017

Department of Pediatric Medicine

Part - I - Departmental news

A. Significant performance/ improvement of the department in 2017

1. Maternal & Child Health Hub is fully functional for patient care service.
2. Kangaroo Mother Care Ward is running successfully for preterm & Low birth weight babies.
3. SNCU follow up clinic fully operational since September 2017 for babies discharged from SNCU, Medical College, Kolkata.
4. Pediatric Hemodialysis unit fully operational - 21 patients received hemodialysis with 91 cycles till now.

B. Special event / performance/ occurrence of the department

Mother & Child Hub was inaugurated on 28th Jan 2017 and since then fully operational for comprehensive patient care services.

Part - II - Academic activities

A. Number of seminars held

42 PG seminars as well as Journal Clubs, Monthly Mortality meet and neonatal seminars held.

B. Number and name of workshops organised in the Department = 4

1. Pediatric Ventilator and Hemodynamic Monitor Workshop : 22nd & 23rd March 2017 at Medical College Kolkata .
2. Pediatric Cardiology and echocardiography workshop : 28th March 2017 at Medical College , Kolkata .
3. Kangaroo Mother Care Training for Medical Officers and Nursing Staff for all SNCU in West Bengal in November - December 2017
4. National Pediatric Rheumatology Preconference Workshop on 27.10.2017 was organised at Medical College Kolkata, Guest Faculty being Dr. Angelo Ravelli .

C. Number and Name of conference organised in the Department = 4

1. PICU Clinical Meet on 28th August 2017 , attended by 100 delegates including PG Students.
2. Pediatric Clinical Meeting , WBAP meet on 24th September 2017 attended by Faculties & PG students and IAP colleague.
3. Pediatric CME on 24.10.17 & 22. 11. 17 in collaboration with Ex Students association at Seminar Hall MCHub.
4. CME on Septic Shock on 29.11.2017 presented by Dr. Guisepee Marraro , Milan university, Italy.

D. Number & Name of research completed in the department (other than PG thesis) = Nil

E. Number & name of research going on in the department (other than PG thesis)

1. Neonatal sepsis project by NRHM running currently in SNCU , Department of Pediatric Medicine with CI Dr. Arijit Bhowmik.

F. Paper published in international Journal

H. Paper Presented in National Conference

1. CPAP vs HHFNC: Mode of respiratory support in infants with acute Bronchiolitis. Rajasree Sinha, Mihir Sarkar, Satyabrata Roychowdhury, Shobhanman Mukhopadhyay, Kalpana Dutta, Sibarjun Ghosh. IAP National Pedicon 2017, Bangalore, Oral paper presentation.
2. Juvenile Idiopathic arthritis into adulthood: Fifteen years follow up, Indian perspective. Rajasree Sinha, Rakesh Kumar Mondal, Biplab Maji, Dona Bannerjee. National Pediatric Rheumatology Conference 2017, Kolkata, Poster presentation.
3. Normative values of Lymphocytes (immune cells) in neonates as per gestational age. Arijita Das, Rakesh Kumar Mondal, Arnab Chattopadhyay, Somosri Ray, Tapas Kumar Sabui. National Pediatric Rheumatology Conference 2017, Kolkata, Poster presentation.

4. Etiological and clinical profile of AKI in neonates in a tertiary care hospital of Eastern India. Aryami Hazra, M. Nandi, ISPNCON 2017. 29th Pediatric nephrology National conference. 13-15th October, 2017. maneswar, Hariyana. Poster presentation.
5. Profile of locomotor disability in rural Bengal, Susrita Banerjee et al National rheumatology conference, Kolkata 2017, poster presentation.

I. Paper presented in State Conference

1. Normative value of Neutrophil & Lymphocyte count in newborn as per gestational age. Arijita Das, Rakesh Kumar Mondal, Arnab Chattopadhyay, Somosri Ray, Arijit Bhowmick. Neocon 2017, Kolkata, Oral paper presentation.
2. Etiological and clinical profile of AKI in neonates in a tertiary care hospital of Eastern India. Aryami Hazra, M Nandi. NEOCON 2017. Neonatology society state conference 2017. 19th November. Kolkata.

J. Name of the book & the author written the book/ chapter of the book

1. 2nd Edition IAP Post Graduate Textbook of Pediatrics "Small Vessels Vasculitis" Jaypee Brothers 2017.
2. "Pediatric Rheumatology in West Bengal-Beginning of a Journey"-Proceedings of NCPR 2017, Kolkata.
3. "Algorithms in PEDIATRICS", Edition: 1st, Chapter: Childhood Vasculitis, Publisher: Jaypee Brothers Medical Publishers (P) Ltd, Editors: Anand S Vasudev, Nitin K Shah, pp.578-583.

K. Name of the person attending any national conference

1. Prof. M. Nandi

- a. Chairperson in seminar on Hemolytic Uremic Syndrome in ISPNCON Gurgaon 2017.
- b. Workshop in Pediatric Nephrology at CMC Vellore in March 2017.
- c. Chairperson in Panel discussion on Acute kidney Injury in children in WBAP state conference Siliguri 2017
- d. Chairperson in Neonatal Sepsis NNF state conference 2017
- e. Attended national conference of pediatric Rheumatology in Kolkata 2017.
- f. Workshop on Fluid & Electrolyte 2 days workshop organised by BSPN & IPOKRATES

2. Prof. Kalpana Datta

- a. Chairperson on Seizure Disorder in National conference of pediatric Neurology 2017.
- b. Moderator of 'pediatric HIV Infection' in WB Pedicon 2017.
- c. Speaker of the topic 'Basic investigation in pediatric TB' in WB Infectious Disease Chapter of National Pediatric Infectious Disease CME.
- d. Speaker of the topic 'Nutrition in pediatric HIV infection' in Annual HIV CME.

3. Prof R K Mondal

- a. National Conference Pediatric Rheumatology-27-29, October 2017 "Panel on Small vessel vasculitis"
- b. Institute of Child Health Office Practice CME-15th August 2017 "Panel on Pediatric Rheumatology"
- c. West Bengal State Pedicon- 4th & 5th November Siliguri "Polyarteritis Nodosa in Children"

4. Dr. K B Mondal

Attended national conference of Pediatric Rheumatology

5. Dr. Mihir Sarkar

- Comparative study of noninvasive CPAP and high flow nasal cannula as respiratory support in post extubated infants with bronchiolitis-won 1st prize in the award paper section in National conference of Pediatric Intensive Care at Chandigarh 2017.
- Correlation between Lung ultrasound score and dynamic lung compliance in PEEP titration in ARDS - oral paper presented in National conference of Pediatric Intensive Care at Chandigarh 2017.
- Experience in pediatric tracheostomy in PICU of a Tertiary care hospital-poster presented in National conference of Pediatric Intensive Care at Chandigarh 2017.
- Super refractory status epilepticus in children experience from PICU of a tertiary care hospital-poster presented in National conference of Pediatric Intensive Care at Chandigarh 2017.

6. Dr. Dibyendu Roychowdhuri attended national conference of pediatric nephrology , Gurgaon, 2017.

7. Dr. Satyabrata Roychowdhury attended national conference of Pediatric Intensive Care, Chandigarh 2017.

8. Dr. Arijit Bhowmik & Dr. Gargi Gayen received National Level training on Kangaroo Mother Care

9. Dr. Erina Saha received training "MAA" (Mother's Absolute Affection) - a national level training program.

L. Significant Awards & Achievements

- Dr. Malabika Maity ,Senior Resident has been awarded 1st place in Poster Presentation in “ Clinical Sciences & Patient Based Research Category” In AAPI Global Healthcare Summit 2017
- Dr. Jasodhara Chaudhuri is availing training of Neurology in BIN , Kolkata for DM course
- Dr. Tamoghna Biswas & Dr. Ujjwal Kr Das won IAP national Post graduate quiz in 2017.
- Dr. Ujjwal Kr Das & Dr. Habibulla Sk won IAP national Post Graduate Quiz in 2018.
- Dr. Ujjwal Kr Das & Dr. Habibulla Sk won ORS day post graduate quiz in 2017.

Part - III

Year wise PG students with names in the department

1st	2nd	3rd
12	8	9

Part - IV

General Departmental Facilities

A. Total no of beds in the department

Pediatric	Neonatal	PICU	HDU	NICU	KMC
90	110	10	15	14	15

B. Total no of units in the department - Pediatric 4 units each having 2 subunits + Neonatal division (SNCU complex)

C. Number of Faculty - Professor 3, Associate Professor 2, Assistant Professor 7 (including neonatology)
Number of RMO & SR 5 + 3, Number of SNCU Medical Officer 7

Annual Departmental Report 2017

Department of Pathology

Part-I - Departmental News

A. Any significant performance/ improvement of the department in 2017 :

- 4 demonstration rooms according to MCI prescribed instruction has been created. Whole department, museum and practical room is being renovated..
- The histopathology reporting time has been reduced.
- Immunohistochemistry is being done on regular basis.
- Automated processor and automated stainer has been installed. Immunofluorescence microscope set up is being processed.

B. Any special event/ performance/ occurrence of the Department (if any) - None

Part - II - Academic activities

A. Number of Seminars held- 25

B. Number & Name of Workshops (if any)-None

C. Number & Name of Conference organized in the department (if any)- 25th Annual State Conference and CME (Association of Pathologists and Microbiologists, West Bengal Chapter) held in the New Academy Building, Medical College, Kolkata, on the 23rd and 24th of September, 2017.

D. Number & Name of Research completed in the department -None
(Including the Title & persons participated)

E. Number & Name of Research going on in the department -None
(Including the Title & persons participated)

F. Paper Published in Indexed Journal (if any)-

1. Dutta SK, Dasgupta S, Bhattacharya NK, Jain P, Bose D, Biswas PK. Comparative study of imprint cytology and histopathology of soft tissue tumors. Indian J Med Paediatric Oncol 2017;38:461-5.

H. Paper presented in International Conference (if any):

Serial No.	Name of the Conference	Name of the Topic	Name of the Presenter
1.	22 nd ICP Aipna International CME	Mucinous Adenocarcinoma of Small Intestine with Osseous Metaplasia in a Patient of Peutz-Jegher Syndrome	Dr. Patatri Nayek
2.	International CME at Tropical Medicine	Myriad Hydatidosis	Dr. Debadrita Ray

I. Paper/Poster presented in National Conference (if any) : none

J. Paper/Poster presented in State Conference (if any)

Serial No.	Name of the Conference	Name of the Topic	Name of the Presenter
1.	State Conference	Role of Intraoperative Cytology Vs Frozen Section in Diagnosing Neoplastic Skeletal Lesions and Literature Review	Dr. Kristi Chakraborty
2.	State Conference	Stromal Sarcoma in Prostate – A Rare Case Report	Dr. Partha Protim Dey
3.	State Conference	Primary T Cell/Histiocytic Rich Large B Cell Lymphoma of Spleen – A Rare Case Report	Dr. Dipsikha Chakraborty
4.	State Conference	Role of Cytology in Diagnosis of Ocular and Periorbital Lesions	Dr. Debadrita Ray
5.	State Conference	A Study on Anterior Mediastinal Masses in a Tertiary Care Hospital of Kolkata	Dr. Prerana Mondal
6.	State Conference	Primary Adenocarcinoma of Fallopian Tube in a Perimenopausal Women Presented with Abdominal Swelling – A Rare Presentation	Dr. Manashi Purkait
7.	22 nd ICP Aipna International CME	Mucinous Adenocarcinoma of Small Intestine with Osseous Metaplasia in a Patient of Peutz-Jegher Syndrome	Dr. Patatri Nayek
8.	International CME at Tropical Medicine	Myriad Hydatidosis	Dr. Debadrita Ray
9.	State Conference	Epidermoid Cyst in Parietal Lobe of Brain – A Rare Case Report	Dr. Sutapa Das
10.	State Conference	Inflammatory Myofibroblastic Tumour Presenting as Pyrexia of unknown Origin – A Rare Case Report	Dr. Sankha Subhra Sinha

K. Name of the Book & the author written/ written a chapter of a book (if any)-None

L. Name of the person attending any International Conference (with the name of the conference):

Dr. B. B. Jain attended 3rd Annual Meeting of Controversies in Clinical Oncology (organized by TMC, Kolkata) held on 7th and 8th of July, 2017.

M. Name of the person attending any National Conference (with the name of the conference): none

- Total Number of Immunohistochemistry Reported: 630.
- Total Number of Post Mortem Reported: 22
- Total Number of Reviews Done: 853

Annual Departmental Report 2017

Department of Pharmacology

Prof. Dr. Dipak Kr Sarkar (HOD)

Following are the Departmental activities in the year 2017:

- A. Under Graduate (UG) level
- B. Post Graduate (PG) level
- C. OPD activities
- D. Training of AYUSH doctors
- E. Misc activities

A. At UG level:

- a) 2016 - 18 batch- Lecture classes, tutorial classes, practical classes along with 4th and 5th semester exams were conducted.
- b) 2017 - 19 batch- Lecture classes, tutorial classes, practical classes are going on.

B. At PG level:

- a) Seminars presented in the Department:

Date	Topic	Presenter
13/1/2017	Antibiotic Resistance	Dr. R. DAS
20/1/2017	Nanoparticles	Dr. T. Kundu
27/1/2017	Chronopharmacology	Dr. M. Asad
3/2/2017	Monoclonal Antibody	Dr. S. De
21/2/2017	Hormones and Antihormones in Cancer Therapy	Dr. R. Das
28/2/2017	Immunomodulator	Dr. T. Kundu
10/3/2017	Bioavailability and Bioequivalence	Dr. M. Asad
16/3/2017	Biosimilar	Dr. S. De
4/4/2017	Toxicity Studies in Animals	Dr. T. Kundu
11/4/2017	Medication Errors	Dr. M. Asad
18/4/2017	RNTCP	Dr. S. De
4/5/2017	Gold Criteria in Copd	Dr. R. Das
10/5/2017	Recent Advances in Management of Alzheimer's Disease	Dr. T. Kundu
18/5/2017	New Oral Anticoagulants	Dr. M. Asad
25/5/2017	Dyslipidemia	Dr. S. De
8/6/2017	Clinical Trial- Phase 1 and 2	Dr. T. Kundu Dr. R. Das
29/6/2017	Clinical Trial –Phase 3 and 4	Dr. M. Asad Dr. S. De
7/8/2017	Management of Hepatitis C	Dr. A. Kayal

b) Presentation outside Department:

Date	Conference	Topic	Presenter
28/12/2017	American Association of Physicians of Indian Origin, J. W. Marriot, Kolkata	Assessment Of Prescribing Pattern of Malaria Patients in a Tertiary Care Hospital	Dr. S. De

c) Presentation at Journal clubs:

Date	Topic	Presenter
24/8/2017	Efficacy of Oral Miltefosin in Visceral Leishmaniasis in Rural West Bengal	Dr. P. Chakraborty

d) Ongoing dissertations:

Name Of PGT	Topic
Dr. R. Das	Comparative Study of Efficacy and Safety of Combination Therapy with Topical Timolol Maleate (0.5%) and Latanoprost (0.005%) Versus Topical Timolol Maleate (0.5%) and Dorzolamide (2.0%) in a Patients of Primary Open Angle Glaucoma in a Tertiary Care Centre in Eastern India
Dr. T. Kundu	Patient's Knowledge and belief in Efficacy, Similarity, Cost and Safety of the Generic Medicine in a Tertiary Care Centre in Eastern India
Dr. M. Asad	The effect of Standard Treatment Modalities on Clinical, Metabolic and Ovarian Parameters in Polycystic Ovarain Syndrome
Dr. S. De	Assessment of Prescribing Patten in Paediatric and Adult Malaria Patients in a Tertiary Care Hospital
Dr. A. Kayal	Drug Utilisation Pattern of Antidiabetic Drugs in a Diabetic Clinic in a Tertiary Care Centre of Eastern India
Dr. P. Chakraborty	A Prospective Study on Adverse Drug Reaction Monitoring of Efavirenz based Antiretroviral Therapy in HIV Patients of Paediatric Age Group

e) Publication of research articles:

Topic	Author	Journal
Legibility Assesment of Hand Written OPD Prescriptions of a Tertiary Care Medical College and Hospital in Eastern India	Dr. R. Das	Saudi Journal of Medical and Pharmaceutical Sciences, March 2017
Clinical and Epidemiological Profile of Snake Bite Cases in a Tertiary Care Medical College and Hospital in Eastern India	Dr. R. Das	Saudi Journal of Medical and Pharmaceutical Sciences, May 2017
Antibiotic Utilisation Pattern in Gynaecology Outpatient Department of a Tertiary Care Centre in Eastern India	Dr. T. Kundu	Saudi Journal of Medical and Pharmaceutical Sciences, 3(7), 796-799
Carbamazepine Induced Stevens Johnson Syndrome in a Case of Migraine- A Case Report	Dr. M. Asad Dr. S. De	International Journal of Applied Research,
Analysis of Causation of Stevens Johnson Syndrome in a Patient of Rheumatoid Arthritis with Increases dose of Methotrexate	Dr. S. De Dr. M. Asad	International Archives of Integrated Medicine, Vol4, Issue - 12, December 2017

Topic	Author	Journal
Antibiotic Utilization Pattern in Gynecology Out-Patient Department of a Tertiary Care Centre in Eastern India	Dr. Manab Nandy	Soudi Journal of Medical and Pharmaceutical Sciences, Volume VII B, Issue 3, July 2017
Analysis of Causation of Stevens Johnson Syndrome in a Patient Of Rheumatoid Arthritis with Increased dose of Methotrexate	Dr. Manab Nandy	Internal Archives of Integrated Medicine, Volume 4, Issue 12, December 2017
Carbamazepine Induced Stevens Johnson Syndrome in a Patient of Migraine-An Observational Study	Dr. Manab Nandy	Indian Journal of Applied Research, Volume 7, Issue 5, July 2017
An Observational Study of use of Azathioprine as Immonosuppresant for the Treatment of Central Serous Retinopathy Associated with Tolosa Hunt Syndrome	Dr. Manab Nandy	IOSR-JDMS, Volume – XVII, Issue -1, January 2018
An Observational Study on Diagnostic and Therapeutic Challenges of Sensory Predominant Chronic Inflammatory Demyelinating Polyneuropathy in a Tertiary Care Hospital of Eastern Part of India	Dr. Manab Nandy	Journal of Science, Volume 7, Issue 10, 2017
An Observational Study of Correlation between Intravenous Iron Infusion and Subarachnoid Haemorrhage in an aged Female Patient in Eastern Part of India	Dr. Manab Nandy	Journal of Science, Volume 8, Issue 1, 2018

f) Conference attended:

Date	Conference	Attendant
29/12/2017	American Association of Physicians of Indian Origin, J. W. Marriot, Kolkata	Dr. Rabindranath Das Dr. Sangeeta De Dr. Mustafa Asad Dr. Arijit Kayal
19-21 st July, 2017	National Workshop on R For basic Biostatistics, AIIMS, Bhubaneswar	Dr. A. Kayal Dr. P. Chakraborty
20-22 nd Sep, 2017	World Cancer Congress, Science City, Kolkata	Dr. P. Chakraborty
13-17 th Oct, 2017	2-Level Biostatistic Workshop, STM, Kolkata	Dr. A. Kayal Dr. S. De Dr. P. Chakraborty
18-19 th Nov	37 th Annual Conference of Society of Toxicology, India, PGI, Chandigarh	Dr. P. Chakraborty

C) Out Patient Department (OPD) activities: Regularly on Wednesday.

D) Misc. Activities:

- BSc nursing class
- MSc nursing class
- DCLT/ECG Technician class

E) Training of AYUSH doctors- A three day training programme for AYUSH doctors (Three batches) were conducted in December, 2017.

Annual Departmental Report 2017

Department of Plastic & Reconstructive Surgery

Part - I - Departmental News

A. Significant performance/improvement of the department :

1. We have procured a new Carl Zeiss operative microscope in our OT. The number of micro-surgical free flaps operated has increased both in head and neck area and the extremities. The success rate has improved a lot in small vessels due to operative microscope.

B. Special event/performance/occurrence of the Department:

1. Clinical meeting of Plastic Surgeons of West Bengal was held in our department under the banner of Association of Plastic Surgeons of West Bengal in April'2017. Different surgeries done in our department over a period were presented and discussed.
2. Team of Medical College represented by final year PDTs - Dr. Mainak Mallik, Dr. Deepanjan Dey, Dr. Lopamudra Moharana, Dr. Deepti Katrolia received 1st Prize in Quiz contest in APSWB State conference 2017.

Part - II : Academic activities

A. Number of Seminars held: 45.

B. Number & Name of workshops (if any): x

C. Number & Name of Conference organized in the department (if any): x

D. Number & Name of Research completed in the department: Four

A prospective study of postoperative complications and efficiency of 3D miniplates in fixation of mandibular fractures by Dr. Deepanjan Dey. Guide - Prof. Dr. Firdos Ahmed

Negative pressure wound therapy versus regular dressings for preparation of different types of wounds for grafting : a comparative study by Dr. Dipti Katrolia. Guide - Dr. Prabir Kumar Jash

A study of versatility of thoracodorsal artery perforator flap for soft tissue defects by Dr. Mainak Mallik. Guide - Dr. Prabir Kumar Jash

Prospective evaluation of the innervated first dorsal metacarpal artery island flap for reconstruction of defects of the thumb and first web space by Dr. M. Lopamudra. Guide - Prof. Dr. Firdos Ahmed

E. Number & Name of Research going on in the department: Seven

A study of resurfacing of elbow defects following release of post burn contracture with different flaps by Dr. Dipankar Mukherjee.

Efficacy of different types of anterolateral thigh flap for reconstruction of head and neck and groin defects: an observational study by Dr. Prasant Mishra

A study on resurfacing of ankle defects using locoregional flaps by Dr. Biswajit Mondal.

A study on the versatility of deep inferior epigastric artery based rectus abdominis flap and its various modifications in covering defects in reconstructive surgery by Dr. Purbarun Chakraborty.

Resurfacing of post traumatic defects of dorsum of hand - various options and their outcomes - by Dr. Amitesh Kumar Jha.

Soft tissue coverage of middle third leg defects-muscle flaps versus perforator based fasciocutaneous flaps by Dr. Kunal Sanyal.

A study of resurfacing of postburn scar band contracture by square flap by Dr. Subhashis Karmakar

F. Paper presented in International Conference (if any): x

G. Paper Presented in National Conference (if any):

In Annual National Conference of Plastic Surgery:

1. 'A study on the effectiveness of first dorsal metacarpal artery island flap for reconstruction of defects of thumb and first web space' by Dr. Lopamudra M
2. 'Two cases of post burn contracture neck released and resurfaced with free thin anterolateral thigh flap' by Dr. Lopamudra M

H. Paper Presented in State Conference (if any): Four in Annual Conference of Association of Plastic Surgeons of West Bengal - 2017.

1. 'The versatility of anterolateral thigh flap: our experience over a period of two years.' By Dr. Lopamudra M
2. 'A prospective study of post operative complications and efficacy of 3D miniplates in fixation of mandibular fractures' by Dr. Deepanjan Dey
3. 'Mandibular reconstruction with free fibula flap:our experience of 2 yrs' by Dr. Deepti Katrolia
4. 'A study of the versatility of thoracodorsal artery perforator flap in reconstruction of soft tissue defects' by Dr. Mainak Mallik

I. Name of the Book & the author written/written a chapter of a book (if any): x

J. Name of the person attending any International Conference (with the name of the conference): x

K. Name of the person attending any National Conference (with the name of the conference):

Dr. Prabir Kumar Jash and Dr. Lopamudra M attended national Plastic Surgery conference (APSICON) in November 2017 at Kochi and Lopamudra presented 2 papers at the conference.

Dr. Lopamudra M, Deepanjan Dey, Dr. Mainak Mallik and Dr. Deepti Katrolia attended APLAST Kochi in February' 2017.

Annual Departmental Report 2017

Department of Psychiatry

Part - I - Departmental News

A. Significant performance:

Increase of postgraduation seats from one to three

Indor:

1. Renovation of Indoor ward.

OPD

1. 4 special clinics are running

Child & adolescence clinic (Monday)

Memory clinic (In collaboration with neurology on Thursday)

Psychosexual clinic (Wednesday)

Substance use disorder (Wednesday)

B. Significant event

1. Celebration of Alzheimer's day (Speaker dr. Malay Kumr Ghosal)
2. Celebration of World Schizophrenia Day on 24th May (Dr D K Mondal)

Part - II - Academic Activities

A. Number of seminar held- 40

B. Number & name of workshops-None

C. No & Name of conference organized in the department- A seminar on depression & Diabetes in collaboration with department of endocrinology

D. Symposium presented in ANCIPS 2017 Raipur named ' Deconstructing Dementia ' (Dr Malay Ghosal)

E. Award Paper presentation in CEZIPS 2017 ' Enabling behavior of partners of alcohol dependent patients - A cross sectional study in a tertiary hospital ' (Dr. Sutanuka Ghosal)

1. Thesis project of Dr. Sutanuka Ghosal : Prevalence and predictors of poor medication adherence among patients with bipolar disorder and its impact on the quality of life
2. Thesis project of DR. Didakamiwan Khonglah : Prospective hospital based study of CRP as response predictors of antidepressant treatment in drug naïve MDD Patients

Annual Departmental Report 2017

Department of Radio Diagnosis

Part - I - Departmental News

A) List of Investigations done in 2017 (January to December)

Investigations	Number
Xray & Xray Special Investigations	115181
Digital X-Ray & Digital Investigations (PPP with Spandan)	70071
Portable (PICU, CCU, SNCU, ITU)	6205
Mammography	920 (Machine was out of order from April 2017 to June 2017)
Ultrasound with Doppler Studies	80639
CT	
a) Indigenous (Twice a week)	1291
b) PPP (EKO – 365x24)	10931
MRI (PPP with EKO)	2389(Machine was out of order from January 2017 to September 2017)
Interventional Radiology with DSA	286

B) Clinical activities

- Regular Seminar of MD Residents
- Regular Seminar of DRD Students
- Regular classes for Nursing course/MBBS/ MD of other subjects & post doctoral courses.

Part - II - Academic Activities

A) Research going on in the Department :

SESSION 2017-2020

1. Title : Role of HRCT in the evaluation of Interstitial lung disease.

Name : Dr. Sanjib Saha

Guide : Prof. (Dr.) Suhas Kumar Ghosh, Dept. of Radio-diagnosis.

Co-guide : Prof. (Dr.) Sibes Kumar Das, Dept. of Respiratory Medicine.

(Dr.) Debasish Dakshit, Associate Professor, Dept. of Radio-diagnosis, Medical college, Kolkata

2. Title : Role of Triphasic MDCT in detecting and characterizing focal lesions of liver

Name :Dr. Preetam Debasish Panda

Guide :Prof. (Dr.)Ashok Kumar Bhadra, HOD, Dept. of Radio-diagnosis , Medical college, Kolkata.

Co-guide : Prof. (Dr.) Sukumar Maiti, HOD, Dept. of General Surgery, Medical college, Kolkata.

(Dr.) Debasish Dakshit, Associate Professor, Dept. of Radio-diagnosis, Medical college, Kolkata

3. Significance of Ultrasonography in evaluation of Vitreoretinal pathology.

Name :Dr. Champa Mandi

Guide :Prof. (Dr.) Suhas Kumar Ghosh, Dept. of Radio-diagnosis, Medical college, Kolkata.

Co-guide : Prof. (Dr.) Lakshmi Kanta Mondal, Regional institute of ophthalmology.

(Dr.) Debasish Dakshit, Associate Professor, Dept. of Radio-diagnosis, Medical college, Kolkata

4. A study on utility of magnetic resonance imaging combined with visual rating scales in evaluation of Dementia etiology.

Name : Dr. Prithvijit Chakraborty

Guide :Prof. (Dr.)Ashok Kumar Bhadra, HOD, Dept. of Radio-diagnosis, Medical college, Kolkata.

Co-guide : Prof. (Dr.) Sandip Pal, HOD, Dept. of Neurology, Medical college, Kolkata.

(Dr.) Debasish Dakshit, Associate Professor, Dept. of Radio-diagnosis, Medical college, Kolkata

SESSION 2016-2019

1. Imaging of biliary pathologies by USG & MRI - A comparative study

Name : Dr. Aprateem Mukherjee

Guide :Prof. (Dr.) Ashok Kumar Bhadra, HOD, Dept. of Radio-diagnosis , Medical college, Kolkata.

Co-guide : Prof. (Dr.) Kashinath Das, HOD, Dept. of General Surgery , Medical college, Kolkata .

(Dr.) Debashis Dakshit, Associate Professor, Dept. of Radio-diagnosis, Medical college, Kolkata

2. Ultrasonography and Magnetic Resonance Imaging - A comparative study in assessing Carcinoma Cervix.

Name : Dr. Aditi De

Guide :Prof. (Dr.) Suhas Kumar Ghosh, Dept. of Radio-diagnosis, Medical college, Kolkata.

Co-guide : Prof. (Dr.) Partha Mukhopadhyay, HOD, Dept. of Obstetrics & Gynecology

Medical college, Kolkata.

3. Magnetic Resonance Evaluation of Soft tissue tumors with HPE correlation.

Name :Dr. Avere Gangopadhyay

Guide :Prof. (Dr.) Ashok Kumar Bhadra, HOD, Dept. of Radio-diagnosis , Medical college, Kolkata.

Co-guide : Prof. (Dr.) Kashinath Das, HOD, Dept. of General Surgery , Medical college, Kolkata .

(Dr.) Debasish Dakshit, Associate Professor, Dept. of Radio-diagnosis, Medical college, Kolkata

4. Transcranial Sonography and MR Imaging of Brain: A Prospective Comparative Study of Neonates with Hypoxic Ischemic Encephalopathy

Name : Dr. Tarique Ajij

Guide :Prof. (Dr.) Suhas Kumar Ghosh, Professor, Dept. of Radio-diagnosis, Medical college, Kolkata.

Co-guide : Prof. (Dr.) Mausumi Nandi Ghosh, Professor, Department of Pediatric, Medical College, Kolkata.

(Dr.) Debasis Dakshit, Associate Professor, Dept. of Radio-diagnosis, Medical college, Kolkata

SESSION 2015-2018

1. Title : A study of ultrasound & X-ray mammographic Evaluation of Palpable breast lump with FNAC / histopathological correlation.

Name : Dr. Sk. Samsuz Zaman

Guide :Prof. (Dr.) Ashok Kumar Bhadra, HOD, Dept. of Radio-diagnosis, Medical college, Kolkata.

Co-guide : Prof. (Dr.) Uma Banerjee, HOD, Dept. of Pathology, Medical college, Kolkata.

2. Title : A study of on the role of Diffusion weighted magnetic resonance imaging in brain pathologies other than ischemia.

Name : Dr. Abin Suri

Guide :Prof. (Dr.) Ashutosh Dey, Professor, Dept. of Radio-diagnosis, Medical college, Kolkata.

3. Title-A study on the role of Magnetic resonance imaging in spinal trauma with special reference to GRE sequence

Name-Dr. Debkumar Biswas

GUIDE-Prof. (Dr). Ashok Kumar Bhadra, Professor and Head, Dept. of radiodiagnosis, Medical College, Kolkata

Co-guide- Dr. Kanchan Chakraborty, Dept. of neurosurgery, Medical college, Kolkata

4. Title-A study to assess the role of Renal Grayscale Ultrasonography and Resistive index in correlation with Renal Function tests

Name-Dr. R. Karthik Krishna

Guide-Prof.(Dr) Suhas Ghosh, Professor, Dept. of Radiodiagnosis, Medical college, Kolkata

B) Publications - Indexed International Journal - 2, Indexed National Journal - 2

C) Conferences

1. Persons attending any international conference

- AOCC Mumbai 2018 - Dr. Tarique Ajij, Dr. Aprateem Mukherjee

2. Persons attending any national conference

- Body Imaging Update 2017 - Dr. Tarique Ajij, Dr. Aprateem Mukherjee
- Annual Conference of MSS of India - Dr. Abin Suri, Dr. Karthik Krishna R, Dr. Tarique Ajij, Dr. Aprateem Mukherjee, Dr. Avere Gangopadhyay, Dr. Aditi De,

3. Persons attending any regional conference

- IRIA Neuroimaging CME - Dr. Abin Suri, Dr. Karthik Krishna R, Dr. Debkumar Biswas, Dr. Sk. Samsuz Zaman, Dr. Tarique Ajij, Dr. Aprateem Mukherjee, Dr. Avere Gangopadhyay, Dr. Aditi De,
- IRIA WB Chapter - Dr. Aprateem Mukherjee

Annual Departmental Report 2017

Department of Radiotherapy

Part - I - Departmental News

1. Any significant performance or improvement of the Department in 2017 -
 - Advanced Linear Accelerator machine is to be installed in the Department, the tender has been passed and modification of LINAC room is ongoing. The machine is in transit and will be delivered within two months and will be operational within next few months.
2. Any special event/performance/occurrence of the Department -
 - a. IBS AROI Workshop - 18/3/2017
 - b. IBS AMPI (EC) Workshop - July 2017
 - c. IAPC Certificate Course on Essentials of Palliative Care was held in the Department in November 2017

Part - II - Academic Activities

- A. Number of Seminars held -
 - Topic Seminar- 43
 - Journal club - 23
- B. Number & Name of Workshops organized in the department (if any) -
 1. Essentials of Palliative Care [Organized on 16/11/2017 & 17/11/2017]
 2. IBS - AMPI (Eastern Chapter) Brachytherapy Workshop - July 2017
- C. Number & Name of Conferences/seminars organized in the department -
 - a. Seminar on Robotic Technology in Head & Neck Ca - 5/1/17
 - b. Seminar on Immunohistochemistry - Dr. Lal Path., 17/1/17
 - c. Seminar on Chemo port - Dr. S. Ghosh, 24/1/17
 - d. CME on Afatinib - 25/1/17
 - e. CME on Beyond Trastuzumab in Ca Breast - 9/3/17
 - f. CME on Metastatic Breast Cancer - 17/3/17
 - g. IBS - AROI Workshop - Dr. U. Mahantshetty, 18/3/17
 - h. CME on Head and Neck Cancers - 27/4/17
 - i. CME on Nilutamide - Dr. S. Bhattacharya, 12/7/2017
 - j. Seminar on Pain Management - 13/7/2017
 - k. CME on Fulvestrant - 26/7/17
 1. CME on Ca Breast - 24/10/17
 - m. CME on Ceritinib - OSGB, 28/10/17

- n. CME on Osimertinib - 24/11/17
- D. Number & Name of Research completed in the department (other than PG thesis) -
(Including Title and Persons participated)
- E. Number & Name of Research going on in the department (other than PG thesis) -
(Including Title and Persons participated)
- F. Paper published in International Journals (if any) - 1
- G. Paper published in Indexed Journals (if any) - 4
- H. Paper presented in International Conference (if any) - 1
- I. Paper presented in National Conference (if any) - The following papers were presented at the Indian Cancer Congress held in Bangalore in November 2017 :
- A Prospective Evaluation Of Interfraction Change In Dosimetric Parameters In Patients Of Locally Advanced Carcinoma Cervix Undergoing Intracavitary Brachytherapy - Dr. U. Mukherjee
 - A Single Institutional Retrospective Audit To Analyze The Clinical Outcomes In Patients Of Squamous Cell Carcinoma Of The Oral Tongue Who Underwent Surgery With Or Without Post-Operative Radiotherapy - Dr. P. Basu
 - Small Cell Carcinoma Of Uterine Cervix- Biological Behaviour And Treatment Results - A Case Series - Dr. R. Roy
 - Concurrent Chemoradiation Versus Accelerated Radiation In Egfr Positive Locally Advanced Squamous Cell Carcinoma Of The Head And Neck: A Randomized Open Label Clinical Trial - Dr. N. Biswas
 - A Prospective Comparative Study Evaluating The Impact Of Hemi Body Irradiation Vs Focal Rt Plus Zoledronate In Management Of Painful Skeletal Metastases - Dr. A. Basu
- J. Paper presented in State Conference (if any) -
- A Prospective Comparative Study Evaluating The Impact Of Hemi Body Irradiation Vs Focal Rt Plus Zoledronate In Management Of Painful Skeletal Metastases - Dr. A. Basu
 - A Retrospective Audit Of Diagnostic Delay In Lymphoma Patients - Dr. A. Basu
 - A Prospective Comparative Study Between Concurrent Chemoradiation Versus Conventional Radiation With Daily Concomitant Boost To The Gross Disease In Locally Advanced Squamous Cell Cancers Of The Head And Neck - Dr. B. Dutta
 - An Institutional Retrospective Study Comparing Epidemiological Factors, Clinicopathological Features, Patterns Of Recurrence And Survival In Patients With Triple Negative Breast Cancer Against Those With Non Triple Negative Breast Cancer - Dr. P. Basu
 - A Prospective Evaluation Of Interfraction Change In Dosimetric Parameters In Patients Of Locally Advanced Carcinoma Cervix Undergoing Intracavitary Brachytherapy - Dr. U. Mukherjee
- K. Name of Book/Chapter of book written with Name of author (if any) -
- L. Name of the person attending any International Conference (with name of the conference) - Dr. P. Basu, ASNO Conference, Japan 2017.
- M. Name of the persons attending any National Conference (with name of the conference) -
The following attended the Indian Cancer Congress held in Bangalore in November, 2017.
- Prof. Shyamal Kumar Sarkar
 - Dr. A. Bandyopadhyay
 - Dr. S. Mallick

- d) Dr. U. Mukherjee
- e) Dr. P. Basu
- f) Dr. A. Basu
- g) Dr. N. Biswas
- h) Dr. P. Basu
- i) Dr. R. Roy
- j) Dr. M. Suman
- k) Dr. S. Halder

Annual Departmental Report 2017

Department of Surgical Gastroenterology

Faculties

1. Prof. Gautam Chattopadhyay, Professor of Surgical Gastroenterology.
2. Dr. Dipankar Ray, Associate Professor of Surgical Gastroenterology.
3. Dr. Subhankar Saha , Senior Resident, Department of Surgical Gastroenterology.

Work shop arranged

1. Upper GI Endoscopy workshop – In association with Association of Surgeons of India.
2. Colonoscopy workshop – In association with Association with Association of Surgeons of India.
 - A. Endoscopic procedures performed
Upper GI Endoscopies – 692 cases.
Lower GI endoscopies - 474 cases.
 - B. Endoscopic operations -
Oesophageal dilatation for strictures – 132 cases.
 - C. Therapeutic Endoscopic procedures
Formalin instillation for radiation proctitis –16 cases.
 - D. Open and Laparoscopic Operations performed
Major cases - 156.
3. National conference attended:
Dr. Dipankar Ray, Associate Professor has attended National conference of Association of Surgical Gastroenterology of India in Pondicherry in October 2017.

Annual Departmental Report 2017

Department of Urology

Part - I - Departmental News

Any significant performance / improvement of the department in 2017
Significant increase in no of OPD patient attendance & operative procedures
Regularly performing uroflowmetry & urodynamic study
Shortly Extracorporeal Lithotripsy (ESWL) will be started
Any special event or performance in the department -
Celebrated organ donation awareness program

Part - II - Academic Activities

No of seminar held - 3
No of clinical meeting held - 4
Name of person attending conferences / workshop
Prof.(Dr.) MK Bera -
Annual conference of Urological Society India, as faculty
Bengal Cancer Summit 2017, as faculty
2nd mid term workshop & CME of east zone, as faculty
Dr. Subrata Kr Mitra (Associate prof.) -
Attended RIRS workshop at PGIMER, Chandigarh

Part - III - General Departmental Facility

No of beds in the department - 14
No of Unit - 1

Total OPD patient attendance - 16247
Total major operation - 209
Total minor operation - 642

Annual Departmental Report 2017

Department of Surgical Oncology

Part - I - Departmental News

- A) 1) In addition to some newer equipments that have been procured by our department in the year 2016-17, namely Valley Lab electrocautery machine & Ligasure vessel sealing device, both of which have enabled us to perform complex oncological procedures with minimal blood loss and associated morbidity, we are awaiting the arrival of our own new Laparoscopic set and hand instruments from a world renowned company.

The Ligasure vessel sealing device and Valley Lab have helped us in performing minimally invasive colorectal operations, namely Laparoscopic APR, LAR, and Hemicolectomies, and staging laparoscopies with assisted biopsies, with the result that these patients have had less post operative pain, early mobilisation, less incidence of infection and quick return to work, along with less morbidity associated with an unnecessary open exploratory laparotomy in GI malignancies. All these put together, have increased the turnover of our oncosurgical patients in the last year and we have been able to cater to many patients in need of early operation and adjuvant treatment to improve their overall prognosis.

- 2) The Department Of Surgical Oncology got its first Professor when our Head Of Department, Dr Saurav Kumar Ghosh was promoted from Associate Professor to Professor in December 2017. The other two faculty members are Dr Jayesh Kumar Jha (Associate Professor) and Dr Vikram Chaturvedi (Assistant Professor).
- 3) It is indeed a matter of pride for our department that we have been able to cross the 250 mark (257 major oncosurgical procedures along with 57 minor surgeries) with just 5 mortalities in 2017. This is in comparison to last years' 200 major cases and 28 minor operations. We had at the beginning of the year aimed to successfully complete 300 operations by the year end and were well on course, had it not been for an untimely finger fracture of our Assistant Professor which hampered our OT functioning to some extent.
- 4) The OPD turnover has also shown an upward graph in comparison to previous years...from 703 in 2012 to 1028 new male patients and 1037 new female patients, and total 2844 patients who have visited our OPDs in the year 2016. In 2017, 1247 new male patients, 1256 new female patients, 711 old male and 717 old female patients visited our OPD. This took the tally to 3931 total number of patients who came to our OPD in 2017. Hence this year saw 1087 more patients visiting the OPD of Surgical Oncology deptt.in Medical College.
- 5) The increased turnover of our patients along with minimal mortality rate would not have been possible without the support of 2 house staff posted in our department in the first half of the year, but the smooth functioning of our department was again hampered when no house staff joined in the second half of the year which resulted in lesser number of cases being performed in our OT as there was no one to provide 24 hour postoperative cover. We were greatly helped by the postings of post graduate trainees from General Surgery Department on rotational basis for 15 days each, who provided round the clock cover and took care of our postoperative patients. The PGTs are posted every year from 1st October to 28th February (5 months).
- 6) Our department has a total of 8 male beds and 4 female beds, vide memo no: 12097 dated 21-09-2016, along with 3 OT days every week...Monday, Tuesday & Friday.
- 7) We have also been extending our help to other departments, namely Obs.& Gynae, General Surgery, ENT and Plastic Surgery in performing major oncological operations for the last 5 years with minimum morbidity and encouraging results.
- B) 1) Dr Saurav Kumar Ghosh was invited to present a video on "Ilio inguinal block dissection" in SASICON held in February 2017.

- 2) Dr Vikram Chaturvedi was invited as a guest speaker to talk on "Gynecological Cancer Symptoms and management" at ECLAsansol in February 2017.
- 3) Dr Jayesh Kumar Jha was invited to give a talk on "Recent advances in the management of stomas ", at Medical college Hospital.
- 4) Dr Saurav Kumar Ghosh was part of the Organising Committee of a day long conference on "Urological Cancers: emerging concepts", organised by Oncological Society Of Bengal in Aug-Sep 2017.
- 5) Dr Vikram Chaturvedi was invited for live demonstration of oral cancer operation at Eastern Coalfields Limited (ECL) at Sanctoria hospital.
- 6) Dr Saurav Kumar Ghosh and Dr Jayesh Jha attended a day long CME on Hepatobiliary case capsules in Kolkata.
- 7) Dr Saurav Kumar Ghosh attended Oncosurg ,an annual conference at Tata Hospital,Mumbai.
- 8) Dr Saurav Kumar Ghosh was a guest speaker at modular classes held at IPGMER.
- 9) Dr Jayesh Jha attended a CME on D2 gastrectomy at CNCI Hospital in July '17.
- 10) Dr Saurav Kumar Ghosh attended a workshop and conference on Thoracic Oesophagectomies.
- 11) Dr Vikram Chaturvedi was a panelist on Laryngeal cancers: Newer concepts, organized by Radiation and Surgical Oncology Departments at Medical college in April '17.
- 12) Dr Saurav Kumar Ghosh was also invited to be the guest Lecturer on "Management Of Differentiated Thyroid Cancers" at modular class in IPGMER.
- 13) Dr Saurav Kumar Ghosh was guest surgeon for Head & Neck cancer operation at RG Kar Medical College on 2 occasions.
- 14) Dr Vikram Chaturvedi was invited to deliver a lecture on "Advances in the management of Breast Cancers" at BCCL Hospital, Dhanbad.
- 15) Dr Jayesh Jha was invited to demonstrate a Whipple's Pancreaticoduodenectomy operation at Calcutta National Medical College in June '17.

Part - II - Academic Activities

- A) The Department of Surgical Oncology along with the Department of Medical Oncology have organised seminars on the following topics:
- 1) Role of exemestane and everolimus in the management of hormone receptor positive advanced breast cancer (BOLERO-II Trial).
 - 2) Clinical implications of basic research on signatures of DNA repair deficiencies in breast cancer
 - 3) Edoxaban for the treatment of cancer associated venous thromboembolism
 - 4) Emerging role of pertuzumab in the neoadjuvant setting in the treatment of breast cancer.
 - 5) Daratumumab plus bortezomib, melphalan and prednisone for untreated myeloma.
 - 6) Colorectal cancer: Response to Cobimetinib in activated KRAS mutation cancers.
 - 7) Progress in the treatment of Hodgkin's Lymphoma.
 - 8) 20- year risks of breast cancer recurrence after stopping endocrine therapy at 5 years.
 - 9) Treatment of recurrent Gastrointestinal Stromal tumours.
 - 10) Osimertinib in untreated EGFR mutated advanced NSCLC .
 - 11) Adjuvant Nivolumab versus Ipilimumab in resected stage III or IV malignant melanoma.
 - 12) Contralateral prophylactic mastectomy : Clinical decisions.

- 13) Olaparib for metastatic breast cancer in patients with germline BRCA mutation.
- 14) Desmoid tumours and celecoxib with sorafenib.
- 15) Timing of metastasis in breast cancer....clinical implications.
- B) The Departments of Surgical Oncology and Anaesthesiology together organise a workshop annually on pain management in terminally ill cancer patients.
- C) Nil
- D) Our department has recently concluded the research on "Gall bladder cancer with special emphasis on socioeconomic factors and dietary habits"....statistical analysis underway and acceptance awaited...Dr Saurav Kumar Ghosh, Dr Vikram Chaturvedi, Dr Jayesh Jha.
- E) Surgical Oncology department is currently conducting a research on "Thyroid cancers--- need for calcium supplementation following total thyroidectomy"...Dr Saurav Kumar Ghosh Dr Vikram Chaturvedi and Dr Jayesh Jha.
- "Incidence of lymphoedema following level III axillary dissection in breast cancer patients"...Dr Saurav Kumar Ghosh and Dr Vikram Chaturvedi....published in January 2017.
- The Department is also conducting three more simultaneous research work on chemo port, carcinoma ovary and soft tissue sarcomas.
- F) International organisation of scientific research (IOSR)
- Saurav Kumar Ghosh, Bhawna Bhutoria Jain, Vikram Chaturvedi, Shirshak Dutta. Uncommon neck swellings:aetiology and management.e-ISSN:2279-0853,p-ISSN: 2279-0861. Volume 15, issue 12 ver.III(december 2016) PP 14-20 www.iosrjournals.org

Part - III - General Departmental Facilities

- Total number of beds in the department.....12....(8 male and 4 female).
- Number of units in the department....Two ...UNIT 1 ...Dr Saurav Ghosh & Dr Vikram Chaturvedi
UNIT 2...Dr Jayesh Jha & Dr Vikram Chaturvedi

Part - IV - Available Clinical Material

Out patient Department (OPD)				In patient department (IPD):		
	New	Old	Total Patients	Major Operations	Minor Operations	OPD OT
Male	1247	711	1409 - 1958	200 - 257	28 - 57	322
Female	1256	717	1435 - 1973			
Total	2503	1428	2844 - 3931			

Special investigations:

Digital subtraction angiography.....12 patients.

Whole body FDG (PET-CT scan).....86 patients.

3-D reconstruction of vascular anatomy...39 patients (hepatopancreatobiliary and head & neck cancer patients).

Annual Departmental Report 2017

Department of Nuclear Medicine

Following is the list of the faculty members :

Name	Designation
Dr. Gouranga Kanti Rakshit	Professor
Dr. Raghab Chandra Mandal	Associate Professor
Dr. Abhijit Bandyopadhyay	Assistant Professor
Dr. Dipankar De	RMO cum Clinical Tutor
Dr. Soumya Kanti Kundu	Tutor / Demonstrator

Performance of Regional Institute of Ophthalmology, Kolkata in 2016 - 17

Saturday - 9 AM to 1 PM

Sunday & N.I ACT holidays - Closed

Annual Departmental Report 2017

Department of Respiratory Medicine

Part - I - Departmental News

A. Significant performance/improvement of the department in 2017:

B. Special event/performance/occurrence of the Department :

1. Observation of World TB Day on 24.03.2017
2. Observation of World Asthma Day on 02.05.2017.
3. Observation of World COPD Day on 15.11.2017.

Part - II - Academic Activities

A. Number of Seminars held: 47.

B. Number & Name of workshops : Workshop on Spirometry

C. Number & Name of Research completed in the department: 2

1. 'A comparative study between sputum CB-NAAT and CB-NAAT & AFB smear in bronchoalveolar lavage fluid in diagnosis of sputum smear -negative pulmonary tuberculosis ' by Dr Arnasis Hota, Guide- Prof. Dr. Sumitra Basuthakur.
2. 'Clinical characteristics of patients with biomass smoke related versus tobacco smoke related chronic obstructive pulmonary disease- a hospital based cross-sectional study' by Dr. Anindam Saha, guide: Prof. Dr.Sibes Kumar Das

D. Number & Name of Research going on in the department: 7

1. 'A Comparative study between Povidone Iodine and Tranexemic acid as an agent for pleurodesis in malignant pleural effusion:a pilot study' by Dr Sayar Mridh,guide: Prof. Dr. Sumitra Basuthakur
2. 'A study on Sputum Bacteriology and antibiotic sensitivity pattern in patients with acute exacerbation of Chronic Obstructive Pulmonary Disease in a tertiary care Hospital' by Dr MD Naimul Hoque, guide: Prof. Dr.Sibes Kumar Das
3. 'Evaluation and correlation of serum immunoglobulin E and vitamin D levels in asthma patients' by Dr. Agnishwar Mukherjee,guide: Prof. Dr. Sumitra Basuthakur
4. 'A study on adenosine deaminase level in bronchoalveolar lavage fluid in clinically and radiologically suspected cases of sputum negative pulmonary tuberculosis' by Dr Avik Karmakar, guide: Dr. Sudipta Pandit
5. 'Evaluation of thyroid hormone profile in sputum smear positive new pulmonary tuberculosis cases and it's correlation with anti tuberculous chemotherapy' by Dr Samaresh Dutta, guide: Prof. Dr. Sumitra Basuthakur .
6. 'A study of diffuse parenchymal lung disease in patients with connective tissue disorders',by Dr Souparna Saha, guide: Prof. Dr.Sibes Kumar Das
7. 'A study on role of elevated red cell distribution width to predict severity of acute exacerbation of chronic obstructive lung disease among hospitalized patients' Dr MD.Shamim Samrat, guide: Prof.

Dr.Sibes Kumar Das

E. Paper Published in International journal: Nil

F. Paper Published in Indexed journal : 1

1. Banerjee A, Saxena P, Pandit S, Basuthakur S. Evaluation of Role of Sputum Induction In The Diagnosis Of Pleural Tuberculosis :An observational ,Cross-Sectional Study From A Tertiary Care Institute In Kolkata. IOSR Journal of Dental and Medical Sciences 2017;16:04-06

G. Paper presented in International Conference : Nil

H. Paper Presented in National Conference (if any): 2

NAPCON-2017

1. Poster presentation-Title : Pulmonary Infection By Mycobacterium Yongonense, A rare species of Nontuberculous Mycobacteria, in an Immunocompetent Hos, by Dr Naimul Hoque-NAPCON-2017
2. Poster presentation-Title: A Comparative study between Sputum CBNAAT and Bronchoalveolar lavage fluid CBNAAT & AFB smear in Sputum Smear negative Pulmonary Tuberculosis

I. Paper Presented in State Conference :

ACP, Feb - 2017.

1. Oral presentation ,Topic- 'A study on prevalence of Anxiety and Depression in patients with chronic obstructive pulmonary disease and its correlation with BODE index' by Dr Haradhan Mondal -3rd Prize
2. Poster presentation, Topic- 'An unusual case of Haemoptysis' by Dr. Anindam Saha.
3. Oral presentation, Topic-Common symptoms :uncommon etiology' by Dr Arnasis Hota
4. ACP Quiz- 1st Prize -Dr Haradhan Mondal, Dr Arnasis Hota, Dr Soumya Sarkar

ACP, May-2017

1. A case of right upper lobe collapse:looking beyond Lung cancer by Dr. Naimul Hoque
2. Common presentation in a Atypical Disease by Dr Shekhar Ranjan Paul
3. Supraclavicular swelling -diagnostic & therapeutic challenge by Dr Vaibhav Kajaria

RGKar TB Quiz-Dr Arnasis Hota, 3rd Prize

TYSA Zonal Round at Kolkata- Dr Arnasis Hota, 1st Prize

K. Name of the person attending any National Conference (with the name of the conference): Prof. (Dr.) S. Basuthakur, Prof. (Dr.) S. K. Das, Dr. S. Pandit, Dr. Debasis Bhattacharya, Dr. Sabyasachi Choudhury, Dr. A. Banerjee, Dr. D. Saha attended NAPCON - 2017 at Kolkata

Annual Departmental Report 2017

Department of Pediatric Centre of Excellence in HIV Care

DESIGNATION	NAME
Programme Director	Prof. Dr. Kalpana Datta
Deputy Programme Director	Prof. Dr. Arunansu Talukdar
M & E and Research Officer	Ananya Bhowmik Mitra
PCoE Programme Coordinator	Suparna Raychaudhury
Nutritionist	Swastika Sinha Roy

Activity of PCOE

PCOE caters to 70 ART centres in 7 states across India namely West Bengal, Odisha, Jharkhand, Chattisgarh, Assam, Bihar and Sikkim.

I. Research

On going research study (2017)

1. Renal abnormalities in HIV infected Children and adolescents
2. HIV infection and cardiovascular disease risk in children and adolescents
3. Vitamin D status among children and adolescents with HIV infection
4. Barriers and Facilitators in pediatric antiretroviral therapy formulation and its administration.
5. Death analysis of pediatric HIV infected patients from Medical College and Hospital Kolkata

Completed Research study (2017)

1. Voluntariness of Consent to Research of Female Participants in a clinic based HIV intervention trial in Kolkata, India

II. CME : CME on 'Pediatric HIV' on 8.03.17

III. Monthly report analysis

Monthly reports of all 70 ART centres linked to PCOE, MCH are analysed quarterly and the reports are sent to NACO.

IV. Distance learning seminar series

Regional distance learning seminar series conducted by PCOE MCH Kolkata: 11

V. E library and physical library has been set up and it is regularly maintained

VI. SACEP meetings are attended by our Programme Director regularly.

VII. Nutritional counseling of patients are done regularly

VIII. Mentoring visit to other ART centre: 4

IX. Sensitization training on HIV: 5

Part - III

Month wise distribution of total patients at UHTC, LDVH

Month wise distribution of Female patients at UHTC, LDVH

Month wise distribution of Male patients at UHTC, LDVH

Tests done in Dermatology

Procedures done	Number
Skin Biopsy	662
Vitiligo surgery	8
Chemical cautery	414
Electro surgery/ Radiofrequency ablation	510
Intra lesional steroid injection and immunotherapy	2410
Chemical peeling	98
IPL	198
Other procedures (Phototherapy etc.)	213

Tests Done by ENT

Sr No	Tests Done	Number
1	PTA	2505
2	Tympanometry	297
3	Speech Therapy	440
4	Hearing Aid Trial	46
5	Special Tests	79

Report of FSM

Examination of Accused and Victims of sexual assault cases determination of age cases plus Medicolegal autopsy cases	
M (Accused Age estimation)	F (Victim +Age estimation)
40	66
Medicolegal Autopsy cases	1423

Pathology

Sr No	Item	Number
1	TOTAL NUMBER OF PAP SMEAR REPORTED	2456
2	TOTAL NUMBER OF FLUID CYTOLOGY REPORTED	1464
3	TOTAL NUMBER OF BONEMARROW ASPIRATION + BIOPSY REPORTED	910
4	TOTAL NUMBER OF FROZEN SECTION EXAMINED	23
5	TOTAL NUMBER OF IMMUNOHISTOCHEMISTRY REPORTED	630
6	TOTAL NUMBER OF POST MORTEM REPORTED	22
7	TOTAL NUMBER OF REVIEWS DONE	853

Radiology

Investigations		Number
X-ray & X-ray Special Investigations		115181
Digital X-Ray & Digital Investigations (PPP with Spandan)		70071
Portable (PICU, CCU, SNCU, ITU)		6205
Mammography		920 (Machine was out of order from April 2017 to June 17)
Ultrasound with Doppler Studies		80639
CT	a)Indigenous (Twice a week)	1291
	b) PPP (EKO – 365x24)	10931
MRI (PPP with EKO)		2389 (Machine was out of order from Jan 17 to Sept 17)
Interventional Radiology with DSA		286

Radio Therapy

Brachytherapy	Teletherapy	CT Simulation	DAYCARE CHEMOTHERAPY	Pain & Palliative Care Clinic
ICRT: 745 ILRT:4 ISRT:66 Mold: 51	Cobalt: 1630 patients, approximately 850 exposures per week	980	2542	752

Tests done by Respiratory Medicine

Special Investigations		Other Investigations	
Total: Inter costal Tube Drainage, Non-invasive ventilation, USG thorax, USG guided thoracocentesis, Blind thoracocentesis, Closed Pleural Biopsy induced sputum, Sputum for AFB and CB-NAAT, ECG	2678	Spirometry	1357
