RCE
RAWAL COLLEGE OF
EDUCATION

The journey begins here...

Rawal Institutions was established in 2008 under the aegis of 'Goyal Educational and Welfare Society' to serve society by delivering quality engineering and management education to pass outs of schools and by transforming them into employable managers, technocrats, bureaucrats and above all into good citizens of India. After 10 years of service, we feel proud that many of our students have established their identities in industries, government organizations, trans-national companies and universities in different profiles, functional areas, countries and work environments through their technical skills, behavioural features and the drive that they have been inspired with during their tenure in RI.

Maturing with the life-cycle of the college, we have also understood the true needs of students to make them employable and good citizens of the country. Our experienced faculty members follow a well-defined teaching - learning process to guide and motivate students to gain technical and soft skills along with personality traits and ethical practices as per the needs of industry and society. As a result, our students perform extremely well in university exams as in well as placement interviews.

Over the years, our students have made RI a brand. A large number of companies visit our colleges every year to recruit our students. This recognizes the worth of the social capital that the colleges possess. RI acknowledges students, parents, teaching and non-teaching employees, management and society in general as stakeholders for their continuous support to help its colleges reach this height of glory. But we believe that we have many more miles to go the path of achieving stiff targets of academic excellence before we stop. Through continuous improvements, we are pursuing towards the target of ultimate student satisfaction.

The Revolution Called.....

Rawal Institute of Engineering & Technology

B. TECH 4 YR. PROGRAMMES Courses Offered

| | |
|---|-----------|
| Automobile Engineering | 60 seats |
| Computer Science & Engineering | 120 seats |
| Civil Engineering | 60 seats |

BEYOND CURRICULUM

Co-curricular and extra curricular activities help in developing the all-round personality of a student. Keeping this in mind, RI has adopted a policy that will keep him/her engaged in different activities throughout the course.

Industrial Interface : Students will get ample opportunities to interact with industry experts through workshops, seminars, guest lectures etc. Industrial projects and in-house training sessions will help them to get familiarized with the real world of work.

Personality Development Programmes : Various confidence building measures help the students to develop into successful global citizens. The stress is on going communication skills and a set of soft skills. Extempore sessions, group discussions, writing exercises, simulated interviews, all these help the students not only to crack written tests and interviews, but also, to build a resilient personality.

Educational Tours and Excursions : Students can gather a lot of information while visiting different places. Travelling can be a rejuvenating experience for many. Educational tours and excursions should be a regular feature of education at any level.

Cultural Programmes : Students have inherent talents in them, but, in the absence of suitable outlets they remain hidden and underdeveloped. Cultural programmes provide a platform for them to showcase their talents.

Physical Activities : A healthy body is the abode of a keen mind. Students can avail several facilities to keep themselves physically fit. Play grounds, multi-level gym and indoor sporting areas provide ample space for physical actions. Students can also participate in different sport events. Qualified coaches and physical trainers are at hand to instruct the fitness freaks.

INFRASTRUCTURE AND FACILITIES

HOSTEL

Rawal Institutions provides state-of-the-art facilities to students to boost the learning process. The buildings are aesthetically built, conforming to modern architectural standards. All modern amenities are provided in the campus to add to the convenience of students.

ABOUT HOSTEL

There are separate hostels for girls and boys having a host of facilities. The rooms are spacious, well furnished and air conditioned. The dining halls are neat with adequate seating capacity. Delicious and nutritious food is cooked inside modern and hygienic kitchens. There are recreational options in the common rooms like Cable TV, DVD player etc., besides newspapers and periodicals. Indoor sporting arenas are also provided. The students will find the hostel life very comfortable and will not miss their homes as a loving, caring, disciplined & secure atmosphere is created through conscientious efforts.

HOSTEL FEE STRUCTURE:

A/C : ₹ 85, 000 Per Annum (Boys & Girls)| Non A/C ₹ 70,000 Per Annum Only For Boys

Note: Laundry is not Included in both the hostels.

Campus Facilities:

- Wi-Fi connectivity and round the clock internet
- Standby power generators
- Medical attention
- Security system
