About SVCE

Sri Venkateswara College of Engineering (SVCE) is one of the pioneers in engineering education, excelling since 1985. Since its inception, SVCE has taken long strides and grown in stature and reputation in the province of engineering education. The institution is in its 36th year and it has made significant progress in its three-decade journey.

The scholastic standards and accomplishments of students naturally speak for the exceptional engineering education provided at SVCE. Throughout its history, the institution has earned the patronage of parents and students. Their enthusiasm to choose SVCE for higher education fills the seats in the first two days of TNEA counseling. The primary reason for such a continued zeal towards SVCE is due to the remarkable contribution the institution has made for the industrial progress of India as well as abroad through the phenomenal expertise of our alumni. All of our eligible students get placed in firms of repute. And several of them get dual offers, as well. Those who prefer to pursue higher studies get into premier universities across the globe. SVCE has been an autonomous institute since 2016. All the 11 B.E./B.Tech. and 8 M.E./M.Tech programs are affiliated to Anna University, Chennai. SVCE, presently, stands as a mammoth institute with its 22,000+ alumni, over 450 members of faculty and over 3900 students pursuing their degree programs.

History

SVCE is a unit of Sri Venkateswara Educational and Health Trust (SVEHT). The Trust was founded on 1 August 1985 at the behest and benign blessings of His Holiness Pujashree Kanchi Kamakoti Peedathipathi Sri Jayendra Saraswathi Swamigal. Dr. A. C. Muthiah, a renowned engineer, industrialist, and philanthropist, is the Chairman of the Governing Council of the college. The college is in a 100-acre lush green campus.

Under Graduate Programs offered

- B.E Mechanical Engineering
- B.E Electrical and Electronics Engineering
- B.E Marine Engineering
- B.E Civil Engineering
- B.Tech Information Technology
- B.Tech Artificial Intelligence and Data Science
- B.E Electronics and Communication Engineering
- B.E Computer Science and Engineering
- B.E Automobile Engineering
- B.Tech Chemical Engineering
- B.Tech Biotechnology

Post Graduate Programs offered

- M.E. Communication Systems
- M.E. Computer Science & Engineering
- M.E. Industrial Automation and Robotics
- M.Tech. Chemical Engineering
- M.E. Power Electronics & Drives
- M.E. Computer Science & Engineering (Networks)
- M.E. Mechatronics
- M.Tech. Bio Technology

Why recruit from SVCE

Pioneer in Engineering Education

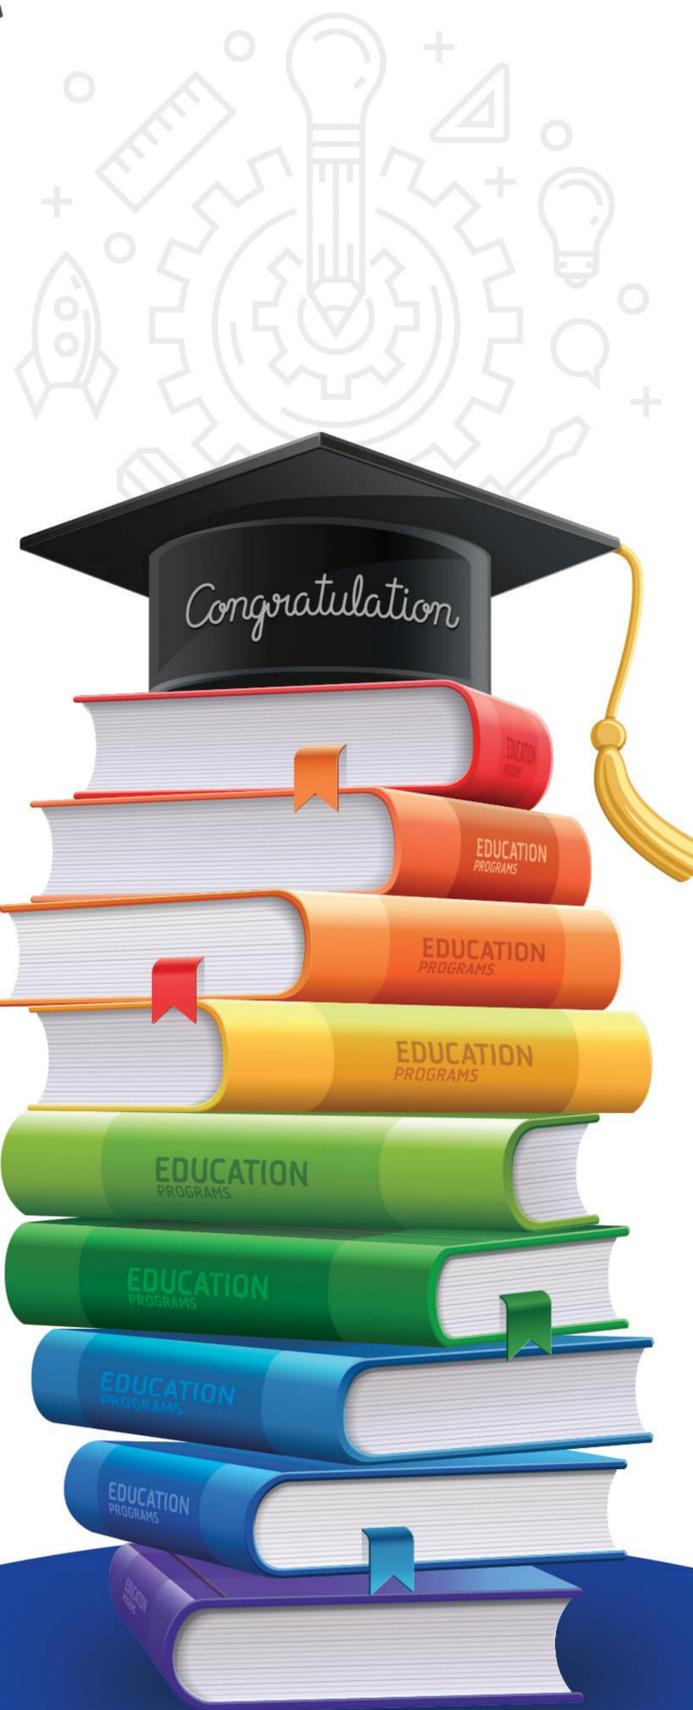

One of the most sought after engineering colleges in Tamil Nadu with over three-decades of legacy

Rankings and Accreditations

Consistently ranked among the top engineering institutes affiliated to Anna University, Chennai and Accredited by NAAC and NBA

Experienced Faculty and Staff

Highly qualified faculty and staff with an average experience of over 25 years

Dedicated Placement Cell

Headed by a veteran in career development services

96% placement record with one of the best student to company ratio of 4:1

Exclusive 20,000 sq.ft facility with Presentation hall, GD Rooms, Discussion Hall and 1400+ systems to carry out the recruitment process seamlessly

Vibrant Student Community

Over 40 active student clubs and associations

Provides all-around exposure and ensures individual development across academics and non-academics activities

World-Class Infrastructure

Modern labs with sophisticated equipments to foster innovation, research and industrial collaboration

100-acre state-of-the-art campus in the industrial corridor of Chennai with modern amenities

Autonomous Curriculum

Powered by Artificial Intelligence, Big-data, Data sciences and advanced management courses

Enables students to choose open and professional electives relevant to their industry

Supports full-time internship in the last semester under Choice Based Credit System (CBCS)

Rigorous Training

Upto One month compulsory internship during the 2nd / 3rd year

Upto 4 Months of Industrial Training cum project / In-house project during the final year

Upto 400 Hrs of technical training in the value added courses by industry and academia

Upto 300 Hrs of training on communication skills, aptitude training soft-skills, personality development with the help of leading corporate and professional agencies

Special recruitment training and mock interviews by the elite alumni of SVCE

Industry Interactions and collaborations

Powered by Artificial Intelligence, Big-data, Data sciences and advanced management courses

Enables students to choose open and professional electives relevant to their industry

Supports full-time internship in the last semester under Choice Based Credit System (CBCS)

The pride of SVCE

Shining across the industries and verticals

The alumni of SVCE play a vital role in its successful journey. An educational institute is better judged by nothing but the success of its alumni. They have been our proud pillars and will continue to be the ambassadors representing SVCE quality education. We are happy to present to you some of the key insights and prominent alumni of SVCE who have excelled in various functions across the world.

▶ Alumni presence in 50 + countries

▶ Alumni working in Top 10 brands in the world

▶ Over 20 % studied in renowned global universities like Harvard University, Stanford University MIT, Yale University, Cornell University, NUS, etc.

▶ Over 25+ alumni, serving the country in various roles like IAS, IPS, IRS, IFS, SP, DSP, Indian Army etc.

▶ Over 28 % alumni, work abroad in fortune 500 companies like Google, Microsoft, Facebook, Mercedes Benz, etc.

▶ 5000 + alumni working in top management and leadership profiles

▶ 100+ successful entrepreneurs in various sectors

(off Chennai) Tk. - 602 117 Tamil Nadu, India

Infrastructure and facilities

The college has over 1500 systems connected with LAN and 250Mbps internet connectivity for conducting online tests and the campus is fully wifi-enabled.

Notable Students Achievements

1. SVCEians excelled in Smart India Hackathon 2020 as 2 teams from the Department of CSE had secured the 'First Place' and 'Prize Money' of Rs.1.00 lakh each.

A Team **Degree** led by Mr. Navin, final year CSE provided a solution to the problem statement, Vehicle Maintenance Index given by M/ s. CDK Global under the mentorship of Prof. Srinivasan AP/CSE.

B Team **FUBAR's** led by Mr. Yuvaraj, final year CSE provided a solution to the problem statement, Mid day Meals Analytics given by M/s. Cisco under the mentorship of Prof. Janakasudha AP/CSE

2. **Yerragogu Harshitha of III Year CSE** at Sri Venkateswara College of Engineering, Sriperumbudur, Chennai has secured the first place for her Team in the **"MITCOVID-19 Challenge"**, a Global- level hackathon hosted online by world's renowned university, Massachusetts Institute of Technology, USA from Aug 28 to Aug 30, 2020 to solve the crisis of COVID-19.

The event witnessed the participation of around 4K engineering students from 65+ Countries. She had been a part of the Team, M.A.H.I (Mind and Health Innovation) which gave a solution to solve the "Mental health issues of rural India" and played a vital role as CTO to grab the title.

3. **Mr. Ramsudhan, Final year CSE** student at Sri Venkateswara College of Engineering developed a fully functional robot and gifted it to the medical college of Annamalai University. The robot is conceptualized with an aim to meet the requirements of TN govt medical facility, Chidambaram.

The Office of Training and Placement

It is the dream of every engineering student to get placed in a top organization visiting their campus for recruitment. The institution supports its students in fulfilling their dreams by enhancing their employability skills through exclusive training for entering their target industry in campus interviews. At SVCE, students come from all walks of lives and possess different skillsets. Placement training plays a major role in shaping up the career goals of students.

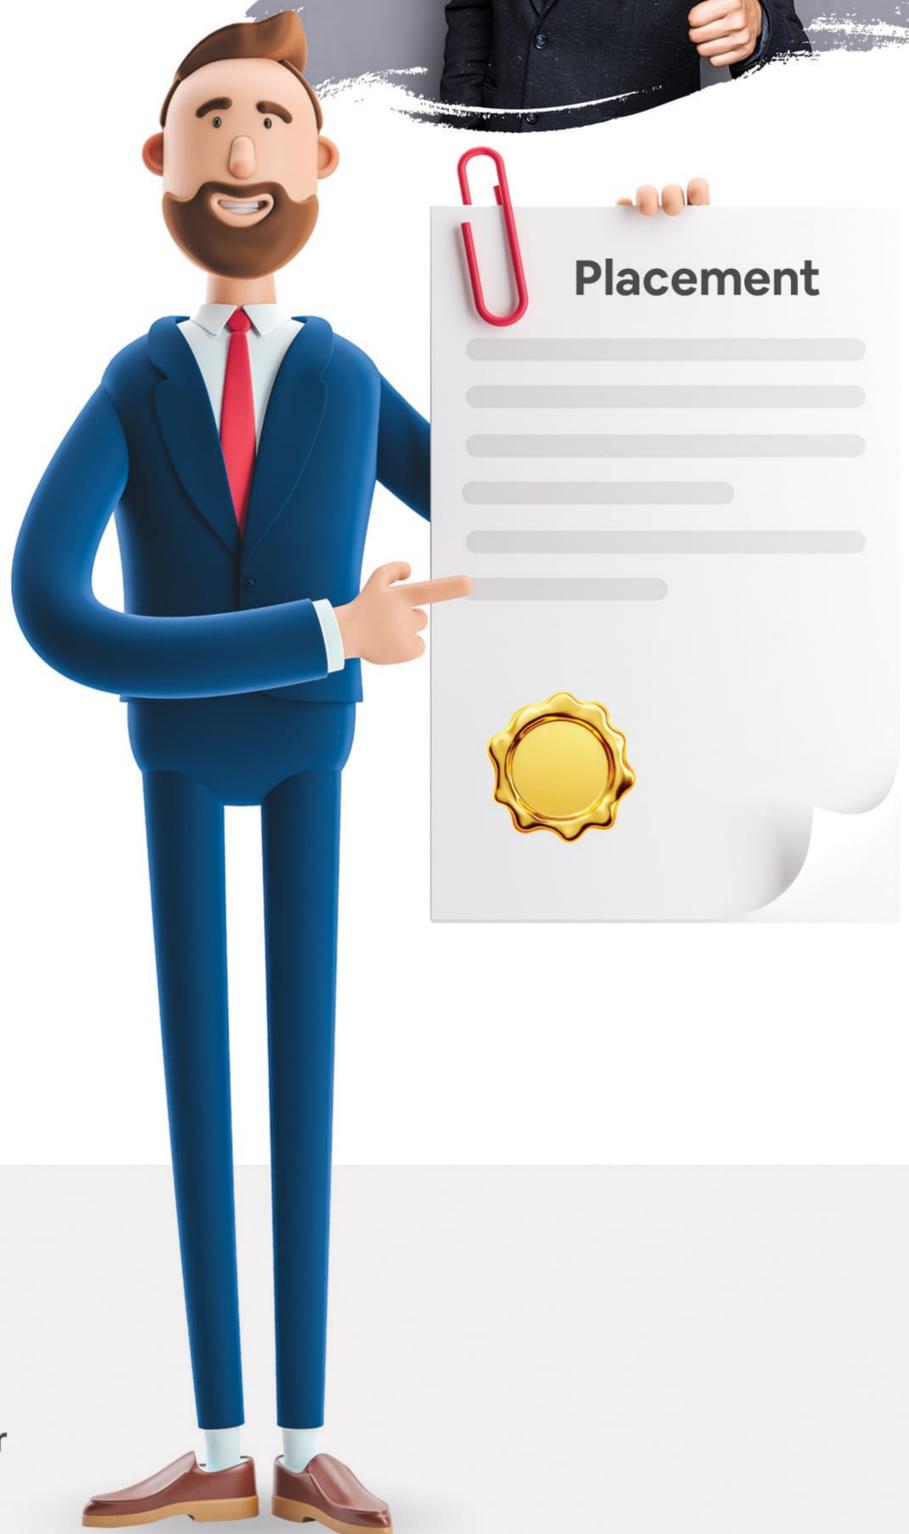

SVCE aims to match the requirements of the corporate world with the aspirations of the students thereby facilitating the achievement of synergy between the two. There are various placements activities that are conducted throughout various semesters from the department and college level to make them industry ready with the help of workshops, industrial visits, Implant Training, Seminars, technical and aptitude training, assessments, mock interviews etc. by professionals and alumni.

The 'Train the Trainer Model' is a training strategy initiated by SVCE with the aim to make the whole academia sync with the industrial demands. The trainer, a subject-matter expert from leading MNCs like Cognizant, Wipro, Infosys, TAFE, ZoomRx, trains our SVCE faculty and inculcates the skills and shares real time industrial cases to educate the students.

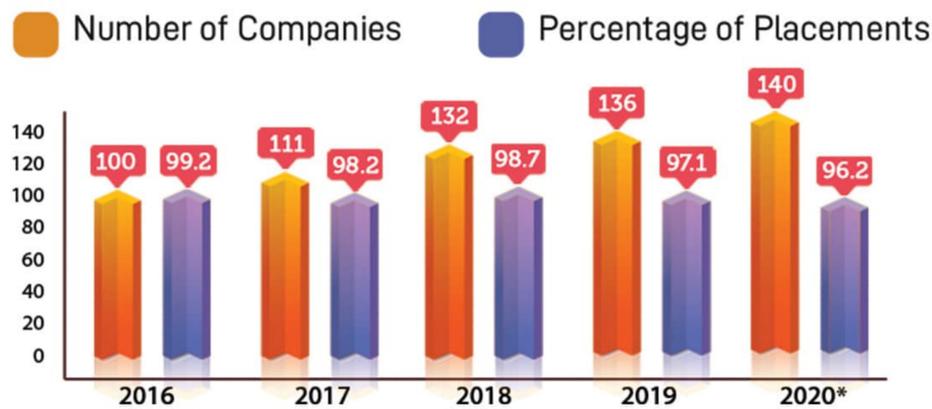

Through autonomy, all the programs have been well framed with a collective input from the members of 'Board of Studies' that comprises academicians, industrial experts, advisors from universities of repute. Through such a nurturing educational environment at SVCE, students invariably excel in their academic pursuit and become engineers who are highly sought after by their industries.

Placement Process and Timeline:

- Company Invitation / Registration: Jan to April
- Super Dream and Dream Companies (>10 Lacs Per Annum): May to August
- Mass Recruitment - IT Services: August to September
- All other Companies, Product and Core Companies: October to April
